On Life-Writing Zachary Leader, 2015-10-08 Life writing is a generic term meant to encompass a range of writings about lives or parts of lives or which provide materials out of which lives or parts of lives are composed These writings include not only memoir autobiography biography diaries autobiographical fiction and biographical fiction but letters wills written anecdotes depositions marginalia lyric poems scientific and historical writings and digital forms including blogs tweets Facebook entries On Life Writing offers a sampling of approaches to the study of life writing introducing readers to something of the range of forms the term encompasses their changing fortunes and features the notions of life self and story which help to explain these changing fortunes and features recent attempts to group forms the permeability of the boundaries between forms the moral problems raised by life writing in all forms but particularly in fictional forms and the relations between life writing and history life writing and psychoanalysis life writing and philosophy The essays mostly focus on individual instances rather than fields whether historical theoretical or generic Generalizations are grounded in particulars For example the role of the life changing encounter a frequent trope in literary life writing is pondered by Hermione Lee through an account of a much storied first meeting between the philosopher Isaiah Berlin and the Russian poet Anna Akhmatova James Shapiro examines the history of the cradle to grave life narrative as well as the potential distortions it breeds by focusing on Shakespeare biography in particular attempts to explain Shakespeare's so called lost years *The Oxford History of Life-Writing* Patrick Hayes, 2022 This volume is devoted to life writing in English from 1945 to the present day a period in which life writing became an increasingly popular and accessible form

Biography in Theory Wilhelm Hemecker, Edward Saunders, 2017-08-07 This textbook is an anthology of significant theoretical discussions of biography as a genre and as a literary historical practice Covering the 18th to the 21st centuries the reader includes programmatic texts by authors such as Herder Carlyle Dilthey Proust Freud Kracauer Woolf and Bourdieu Each text is accompanied by a commentary placing its contribution in critical context Ideal for use in undergraduate seminars this reader may also be of interest for academic researchers in the areas of literary studies and history aiming to get an overview of historical questions in biographical theory This revised and updated English language edition also includes new translations of texts by J G Herder and Stefan Zweig as well as an introductory discussion on the possibility of a theory of biography Note Due to copyright reasons the chapter Sade Fourier Loyola Extract 1971 pp 175 177 by Roland Barthes could not be included in the ebook

[A Modern Poetics of Biography](#) Zhengrun Yang, 2025-09-02 This book provides a comprehensive study of biography to summarize the standard forms as well as a range of peripheral and expanded forms of auto biography Discussion and analyses to be done at three levels namely ontology typology and writing It is drawn from local and international theories in biography in addition to related disciplines in particular for those of the twentieth century and summarizing the experiences of the writing of classics in both Chinese and Western biographical history the study

establishes a theoretical system of biography This book can serve as a useful reference for postgraduate students and professional readers who are interested in biographical research *The Oxford History of Life-Writing* Patrick Hayes, 2022-01-06 With the growing urgency of questions about how to claim identity and achieve authenticity life writing started to acquire an unprecedented cultural importance A range of social and economic developments from the publishing boom in memoir writing to the rise of the internet transformed the possibilities for self expression By the end of the timespan covered in this book life writing was no longer something done mainly by important individuals who wrote their autobiography or by sensitive souls who kept a diary It became a truly ubiquitous phenomenon part and parcel of the everyday formation of selfhood Considering a diverse range of texts from across the English speaking world this volume places life writing in relation to wider debates about the sociology and philosophy of modern identity and the changing marketplace of publishing and bookselling Yet in doing so it seeks above all to credit the extraordinary literary inventiveness which the pursuit of self knowledge inspired in this period Major subjects addressed include the aftermath of World War II including responses to the Holocaust the impact of psychoanalysis on biography autofiction autobiography and changing ideas about authentic self knowledge coming out memoirs and the transformation of sexual identity feminist exemplary writing and lyric poetry multilingualism and intercultural life writing the memoir boom and the decline of intimacy testimony narrative and memory culture posthumanism in theory and practice literary biography as an alternative to literary theory literary celebrity and its consequences for literature social media and digital life writing *Life Writing and the Southern Hemisphere* Elleke Boehmer, Katherine Collins, 2024-11-14 Exploring lives lived written and narrated in and from the Global South the far South and the ultimate South Antarctica this book asks how life writing from southerly compass points impact both how we understand and read life narratives and ultimately how we perceive our planet Southern geographies histories and lives have often been overlooked and defined by northern perspectives Life Writing and the Southern Hemisphere redresses this North South alignment in its critical examination of life stories memoirs biographies and autobiographies from the southern hemisphere providing a countervailing and alternative perspective that will unsettle challenge and enrich the imaginative norms that inform life writing studies From Tierra del Fuego and Patagonia in South America through southern Africa to Australia and New Zealand and as far down as Antarctica this collection brings together writers and scholars in the oceanic humanities postcolonial Global South and polar studies and presents works on human animal and plant life captured in words music performance visual arts and photography Interdisciplinary and vast in its comparative range Life Writing and the Southern Hemisphere convenes a diversity of perspectives and positions that demonstrate that the south has rich internal knowledge sources of its own allowing us to better conceptualize the planet from below *Homes and Haunts* Alison Booth, 2016-09-08 This is the first full length study of literary tourism in North America as well as Britain and a unique exploration of popular response to writers literary house museums and the landscapes or countries associated with their lives

and works An interdisciplinary study ranging from 1820 1940 Homes and Haunts Touring Writers Shrines and Countries unites museum and tourism studies book history narrative theory theories of gender space and things and other approaches to depict and interpret the haunting experiences of exhibited houses and the curious history of topo biographical writing about famous authors In illustrated chapters that blend Victorian and recent first person encounters that range from literary shrines and plaques to guidebooks memoirs portraits and monuments Alison Booth discusses pilgrims such as William and Mary Howitt Anna Maria and Samuel Hall and Elbert Hubbard and magnetic hosts and guests as Washington Irving Wordsworth Martineau Longfellow Hawthorne James and Dickens Virginia Woolf s feminist response to homes and haunts shapes a chapter on Mary Russell Mitford Gaskell and the Bront s and another on the Carlyles house and Monk s House Booth rediscovers collections of personalities haunted shrines and imaginative re enactments that have been submerged by a century of academic literary criticism

The Voice of the Past Paul Thompson, Joanna Bornat, 2017 Oral history gives history back to the people in their own words And in giving a past it also helps them towards a future of their own making Oral history and life stories help to create a truer picture of the past and the changing present documenting the lives and feelings of all kinds of people many otherwise hidden from history It explores personal and family relationships and uncovers the secret cultures of work It connects public and private experience and it highlights the experiences of migrating between cultures At the same time it can bring courage to the old meaning to communities and contact between generations Sometimes it can offer a path for healing divided communities and those with traumatic memories Without it the history and sociology of our time would be poor and narrow In this fourth edition of his pioneering work fully revised with Joanna Bornat Paul Thompson challenges the accepted myths of historical scholarship He discusses the reliability of oral evidence in comparison with other sources and considers the social context of its development He looks at the relationship between memory the self and identity He traces oral history through its own past and weighs up the recent achievements of a movement which has become international with notably strong developments in North America Europe Australia Latin America South Africa and the Far East despite resistance from more conservative academics This new edition combines the classic text of *The Voice of the Past* with many new sections including especially the worldwide development of different forms of oral history and the parallel memory boom as well as discussions of theory in oral history and of memory trauma and reconciliation It offers a deep social and historical interpretation along with succinct practical advice on designing and carrying out a project *The Voice of the Past* remains an invaluable tool for anyone setting out to use oral history and life stories to construct a more authentic and balanced record of the past and the present

Fire, Water, and Wind Norbert Haukenfrers, 2016-05-09 *Fire Water and Wind* explores the forming of a healthy sense of personal identity The impetus for *Fire Water and Wind* was the observation that people are searching for meaning and identity are dissatisfied with their current situations and many are actively seeking escape from their current life experiences This is evidenced by the number

of people involved in high risk activities be it drug or alcohol abuse gambling prostitution multiple sex partners smoking or violent crimes But does it have to be this way Following the finding in the fields of psychology and neuroscience that narrative plays a key role within the context of identity formation Fire Water and Wind offers an understanding of identity formation that is grounded in the biblical narrative that enables and equips one to face the varied challenges of life Concluding that a narrative understanding of ones identity and ongoing formation as a follower of Jesus incorporates an integration of heart and mind body and soul that requires the nurturing of a biblical imagination and unconscious looking at the signs symbols and metaphors encouraging ones life wholly alive Enabling one to answer the What should I live for question *The Routledge Companion to Narrative Theory* Paul Dawson, Maria Mäkelä, 2022-07-18 The Routledge Companion to Narrative Theory brings together top scholars in the field to explore the significance of narrative to pressing social cultural and theoretical issues How does narrative both inform and limit the way we think today From conspiracy theories and social media movements to racial politics and climate change future scenarios the reach is broad This volume is distinctive for addressing the complicated relations between the interdisciplinary narrative turn in the academy and the contemporary boom of instrumental storytelling in the public sphere The scholars collected here explore new theories of causality experientiality and fictionality challenge normative modes of storytelling and offer polemical accounts of narrative fiction nonfiction and video games Drawing upon the latest research in areas from cognitive sciences to complexity theory the volume provides an accessible entry point for those new to the myriad applications of narrative theory and a point of departure for new scholarship **Rest** Alex Soojung-Kim Pang, 2016-12-06 Rest is such a valuable book If work is our national religion Pang is the philosopher reintegrating our bifurcated selves Arianna Huffington New York Times Book Review Overwork is the new normal Rest is something to do when the important things are done but they are never done Looking at different forms of rest from sleep to vacation Silicon Valley futurist and business consultant Alex Soojung Kim Pang dispels the myth that the harder we work the better the outcome He combines rigorous scientific research with a rich array of examples of writers painters and thinkers from Darwin to Stephen King to challenge our tendency to see work and relaxation as antithetical Deliberate rest as Pang calls it is the true key to productivity and will give us more energy sharper ideas and a better life Rest offers a roadmap to rediscovering the importance of rest in our lives and a convincing argument that we need to relax more if we actually want to get more done **English literary afterlives** Elisabeth Chaghafi, 2019-11-19 English Literary Afterlives traces life narratives of early modern authors created for them after their deaths by readers or publishers who retrospectively tried to make sense of the author s life and works In a series of case studies of the reception history of major poets Sidney Spenser Donne Herbert as well as Robert Greene the first celebrity author within a generation of their deaths it shows how those authors were posthumously fashioned and refashioned It argues that during the early modern period there is a gradual movement towards biographical readings that attempt to find

the author in the works which in turn led to the emergence of written lives that consider poets not in terms of their public lives but in terms of their poetic activity i.e. the beginnings of literary biography Will be of interest to students and scholars of several canonical early modern authors *The Life of Saul Bellow, Volume 1* Zachary Leader, 2015-05-05 For much of his adult life Saul Bellow was the most acclaimed novelist in America the winner of among other awards the Nobel Prize in Literature three National Book Awards and the Pulitzer Prize The Life of Saul Bellow by the literary scholar and biographer Zachary Leader marks the centenary of Bellow's birth as well as the tenth anniversary of his death It draws on unprecedented access to Bellow's papers including much previously restricted material as well as interviews with more than 150 of the novelist's relatives close friends colleagues and lovers a number of whom have never spoken to researchers before Through detailed exploration of Bellow's writings and the private history that informed them Leader chronicles a singular life in letters offering original and nuanced accounts not only of the novelist's development and rise to eminence but of his many identities as writer polemicist husband father Chicagoan Jew American The biography will be published in two volumes The first volume To Fame and Fortune 1915-1964 traces Bellow's Russian roots his birth and early childhood in Quebec his years in Chicago his travels in Mexico Europe and Israel the first three of his five marriages and the novels from Dangling Man and The Adventures of Augie March to the best selling Herzog New light is shed on Bellow's fellow writers including Ralph Ellison John Berryman Lionel Trilling and Philip Roth and on his turbulent and influential life away from the desk which was as full of incident as his fiction Bellow emerges as a compelling character and Leader's powerful accounts of his writings published and unpublished forward the case for his being as the critic James Wood puts it the greatest of American prose stylists in the twentieth century **Stories of the Self** Anna Poletti, 2020-08-25 The importance of personal storytelling in contemporary culture and politics In an age where our experiences are processed and filtered through a wide variety of mediums both digital and physical how do we tell our own story How do we get a life make sense of who we are and the way we live and communicate that to others Stories of the Self takes the literary study of autobiography and opens it up to a broad and fascinating range of material practices beyond the book investigating the manifold ways people are documenting themselves in contemporary culture Anna Poletti explores Andy Warhol's Time Capsules a collection of six hundred cardboard boxes filled with text objects from the artist's everyday life the mid-aughts crowdsourced digital archive PostSecret queer zine culture and its practices of remixing and collaging and the bureaucratic processes surrounding surveillance dossiers Stories of the Self argues that while there is a strong emphasis on the importance of personal storytelling in contemporary culture and politics mediation is just as important in establishing the credibility and legibility of life writing Poletti argues that the very media used for writing our lives intrinsically shapes how we are seen to matter *The Life of Saul Bellow* Zachary Leader, 2018 This is a Borzoi Book *The Life of Saul Bellow, Volume 2* Zachary Leader, 2019-12-03 The second volume in the life of literary giant Saul Bellow vividly capturing a personal life that was

always tumultuous and career that never ceased being triumphant Bellow at forty nine is at the pinnacle of American letters rich famous critically acclaimed The expected trajectory is one of decline volume 1 rise volume 2 fall Bellow never fell producing in the latter half of his life some of his greatest fiction Mr Sammler s Planet Humboldt s Gift winning two more National Book Awards a Pulitzer Prize and the Nobel Prize At eighty he wrote his last story at eighty five he wrote Ravelstein In this volume his life away from the desk including his love life is if anything more dramatic than in the first In the public sphere he is embroiled in controversy over foreign affairs race religion education social policy the state of culture the fate of the novel In this stunning second volume Zachary Leader shows that Bellow s heroic energy and will were present to the very end of his life His immense achievement and its cost to himself and others continue to be worth the examination of this vivid work of literary scholarship

Narrative Factuality Monika Fludernik, Marie-Laure Ryan, 2019-12-16 The study of narrative the object of the rapidly growing discipline of narratology has been traditionally concerned with the fictional narratives of literature such as novels or short stories But narrative is a transdisciplinary and transmedial concept whose manifestations encompass both the fictional and the factual In this volume which provides a companion piece to Tobias Klauk and Tilmann K ppe s *Fiktionalit t Ein interdisziplin res Handbuch* the use of narrative to convey true and reliable information is systematically explored across media cultures and disciplines as well as in its narratological stylistic philosophical and rhetorical dimensions At a time when the notion of truth has come under attack it is imperative to reaffirm the commitment to facts of certain types of narrative and to examine critically the foundations of this commitment But because it takes a background for a figure to emerge clearly this book will also explore nonfactual types of narratives thereby providing insights into the nature of narrative fiction that could not be reached from the narrowly literary perspective of early narratology

Early Larkin James Underwood, 2021-07-15 Astute Times Literary Supplement Beginning in the late 1930s this is the first book length critical study of Larkin s early work his poetry novels short fictions essays and letters The book tells the story of Philip Larkin s early literary development starting with Larkin s earliest literary efforts and his remarkable correspondence with Jim Sutton and ending at the point Larkin s maturity begins with the writing of his first great poems In providing a comprehensive and systematic study of this part of Larkin s life this book also presents a new and surprising narrative of Larkin s development Critics have presented Larkin s early career as a false start which he overcame by swapping Yeats s influence for Hardy s Having re discovered Hardy s poetry in 1946 the story goes Larkin realised the potential of writing about his own life and disavowed Yeats Central to this book s controversial counter narrative is an insistence on the significance of Brunette Coleman the female heteronym Larkin invented in 1943 Three years before his re discovery of Hardy Larkin wrote a strange and unique series of works for schoolgirls under Coleman s name These writings not only led him away from Yeats and other hindering influences but also away from himself Whereas the Yeats to Hardy narrative emphasises the autobiographical qualities of Larkin s mature verse Early Larkin proposes that the writer s breakthrough was

a result of his burgeoning interest in everything outside himself itself the consequence of his curious experiment with Brunette Coleman *The Movement Reconsidered* Zachary Leader, 2009-05-07 The Movement was the preeminent poetical grouping of post war Britain This collection of original essays by distinguished poets critics and scholars from Britain and America provides new accounts not only of the best known of Movement writers Philip Larkin Kingsley Amis Thom Gunn and Donald Davie but of less familiar contemporaries **Kulttuurihistorian tutkimus** Rami Mähkä, Marika Ahonen, Niko Heikkilä, Sakari Ollitervo, Marika Räsänen, 2022-11-14 Kulttuurihistoriallisesti suuntautunutta tutkimusta tehd n monilla humanistisen tutkimuksen aloilla Tieteenalasta riippumatta humanistit etsiv t vastauksia kysymyksiin mit on ihmisyy kulttuuri historia yhteiskunta ja miten t m kaikki ilmenee ihmisten toiminnassa ja siit syntyviss l hteiss T ss teoksessa monitieteisyys ja tieteenalojen v linen vuorovaikutus toteutuvat monisyisesti Kulttuurihistorian tutkimus L hteist menetelmiin ja tulkintaan pureutuu tutkimusprosessiin Sen artikkelit esitt v t havainnollisesti menetelmien yhteyden ja soveltamisen l hdeaineistoihin sek osoittavat miten menetelm n ohjaama l hdeanalyysi tekee mahdolliseksi tutkimuskysymyksiin vastaamisen Kirjassa kootaan monipuolisesti yhteen t m nhetkist kulttuurihistoriallista tutkimusta ja pohditaan millaisia ovat humanistisen tutkimuksen ajankohtaiset kysymykset 2020 luvulla
