Ancient Philosophy: A Companion to the Core Readings Andrew Stumpf, 2018-12-27 Ancient Philosophy A

Companion to the Core Readings is designed as an approachable guide to the most important and influential works of ancient philosophy. When it comes to ancient minds who created foundations in philosophy, science, and math, these three names would automatically come up. But what exactly did they do to warrant immense respect and admiration? Well, your fifth grader will soon find out from this biography book. **The New**

Childhood Jordan Shapiro, 2018-12-31 A provocative look at the new digital landscape of childhood and how to navigate it. In *The New Childhood*, Jordan Shapiro provides a hopeful counterpoint to the fearful hand-wringing that has come to define our narrative around children and technology. Drawing on groundbreaking research in economics, psychology, philosophy, and education, *The New Childhood* shows how technology is guiding humanity toward a bright future in which our children will be able to create new, better models of global citizenship, connection, and community. Shapiro offers concrete practical advice on how to parent and educate children effectively in a connected world and provides tools and techniques for using technology to engage with kids and help them learn and grow. He compares this moment in time to other great technological revolutions in humanity's past and presents entertaining micro-histories of cultural fixtures: the sandbox, finger painting, the family dinner, and more. But most importantly, *The New Childhood* paints a timely, inspiring, and positive picture of today's children, recognizing that they are poised to create a progressive, diverse, meaningful, and hyper-connected world that today's adults can only barely imagine. *Two Nuns In A Bath* Geoff Tibballs, 2009-10-15 A brand new, fantastic, enormous collection of 5,000 jokes, gags, and one-liners, indexed and categorised to help with finding the right joke for any occasion or audience, from Bar Mitzvahs to bar rooms. *Two Nuns in a Bath* is the consummate collection with jokes on every subject under the sun, from lawyers to low-energy light bulbs. Two nuns are sitting in a bath. One says, "Where's the soap?" The other replies, "It does rather doesn't it." A guy asks a lawyer, "What's his fee?" "I charge 50 for three questions," the lawyer says. "That's awfully steep, isn't it?" the guy asks. "Yes," the lawyer replies. "Now, what's your final question?"
