Lorraine Hansberry Charles J. Shields, 2025-08-22 The moving story of the life of the woman behind A Raisin in the Sun the most widely anthologized read and performed play of the American stage by the New York Times bestselling author of Mockingbird A Portrait of Harper Lee Written when she was just twenty eight Lorraine

Hansberry's landmark *A Raisin in the Sun* is listed by the National Theatre as one of the hundred most significant works of the twentieth century. Hansberry was the first Black woman to have a play performed on Broadway and the first Black and youngest American playwright to win a New York Critics Circle Award. Charles J. Shields's authoritative biography of one of the twentieth century's most admired playwrights examines the parts of Lorraine Hansberry's life that have escaped public knowledge: the influence of her upper class background, her fight for peace and nuclear disarmament, the reason why she embraced Communism during the Cold War and her dependence on her white husband, her best friend, critic and promoter. Many of the identity issues about class, sexuality and race that she struggled with are relevant and urgent today. This dramatic telling of a passionate life, a very American life, through self-reinvention, uses previously unpublished interviews with close friends in politics and theater, privately held correspondence and deep research to reconcile old mysteries and raise new questions about a life not fully described until now.

Danny Lyon Julian Cox, Elisabeth Sussman, Alexander Nemerov, Danica Willard Sachs, Ed Halter, Alan Rinzler, 2016-01-01

The first comprehensive overview of an influential American photographer and filmmaker whose work is known for its intimacy and social engagement. Coming of age in the 1960s, the photographer Danny Lyon (b. 1942) distinguished himself with work that emphasized intimate social engagement. In 1962, Lyon traveled to the segregated South to photograph the civil rights movement. Subsequent projects on biker culture, the demolition and redevelopment of lower Manhattan and the Texas prison system, and more recently on the Occupy movement and the vanishing culture in China's booming Shanxi Province, share Lyon's signature immersive approach and his commitment to social and political issues that concern those on the margins of society. Lyon's photography is paralleled by his work as a filmmaker and a writer. *Danny Lyon: Message to the Future* is the first in-depth examination of this leading figure in American photography and film and the first publication to present his influential bodies of work in all media in their full context. Lead essayists Julian Cox and Elisabeth Sussman provide an account of Lyon's five-decade career. Alexander Nemerov writes about Lyon's work in Knoxville, Tennessee. Ed Halter assesses the artist's films. Danica Willard Sachs evaluates his photomontages and Julian Cox interviews Alan Rinzler about his role in publishing Lyon's earliest works. With extensive back matter and illustrations, this publication will be the most comprehensive account of this influential artist's work.
