**An African Security Dilemma**

Edited by Abdel-Fatau Musah  
and J. 'Kayode Fayemi

Foreword by Lord Avebury

# Mercenaries An African Security Dilemma

**Deborah D. Avant**

## **Mercenaries An African Security Dilemma:**

**Mercenaries** Abdel-Fatau Musah, Kayode Fayemi, J. 'Kayode Fayemi, 2000 Second volume of Deutscher prize winning trilogy on the future of IR tracing the defining characteristics of foreign encounters over time **African Security Politics Redefined** K. Dokken, 2008-05-26 This book analyzes recent alterations in African security politics focusing on regionalization of civil wars transnational aspects of African conflicts African regional peacekeeping efforts the privatization of security in Africa and the role of the UN in peacekeeping **Private Militaries and the Security Industry in Civil Wars** Seden Akcinaroglu, Elizabeth Radziszewski, 2020-09-09 Since the 1990s private military and security companies PMSCs have intervened in civil wars around the globe However reports that such contractors have been responsible for human rights abuses have spurred the need to evaluate the industry's impact on conflicts This book identifies two market forces that impact PMSCs military effectiveness local or conflict level competition and global or industry level competition The book argues that competitive market pressure creates a strong monitoring system and that the company's corporate structure and external competitive environment in a given conflict help to explain the variance in accountability to clients Including an analysis of data on international PMSCs interventions in civil wars from 1990-2008 Seden Akcinaroglu and Elizabeth Radziszewski show the impact of competition on companies' contribution to the termination of different types of civil wars

The Ashgate Research Companion to Modern Warfare John Buckley, George Kassimeris, 2016-03-23 This research collection provides a comprehensive study of important strategic cultural ethical and philosophical aspects of modern warfare It offers a refreshing analysis of key issues in modern warfare not only in terms of the conduct of war and the wider complexities and ramifications of modern conflict but also concepts of war the crucial shifts in the structure of warfare and the morality and legality of the use of force in a post 9/11 age **Military Law Review**, **Private Military and Security Companies** Erika Calazans, 2016-05-11 This book's primary concern is the application of International Humanitarian Law and International Human Rights Law in addressing the business conduct of Private Military and Security Companies PMSCs during armed conflicts as well as state responsibility for human rights violations and current attempts at international regulation The book discusses four interconnected themes First it differentiates private contractors from mercenaries presenting an historical overview of private violence Second it situates PMSCs employees under the legal status of civilian or combatant in accordance with the Third and Fourth Geneva Conventions of 1949 It then investigates the existing law on state responsibility and what sort of responsibility companies and their employees can face Finally the book explores current developments on regulation within the industry on national regional and international levels These themes are connected by the argument that in order to find gaps in the existing laws it is necessary to establish what they are what law is applicable and what further developments are needed *Private Military and Security Companies* Andrew Alexandra, Deane-Peter Baker, Marina Caparini, 2009-10-16 Over the past twenty years Private Military and Security Companies PMSCs have become

significant elements of national security arrangements assuming many of the functions that have traditionally been undertaken by state armies. Given the centrality of control over the use of coercive force to the functioning and identity of the modern state and to international order, these developments clearly are of great practical and conceptual interest. This edited volume provides an interdisciplinary overview of PMSCs: what they are, why they have emerged in their current form, how they operate, their current and likely future military, political, social and economic impact, and the moral and legal constraints that do and should apply to their operation. The book focuses firstly upon normative issues raised by the development of PMSCs and then upon state regulation and policy towards PMSCs, examining finally the impact of PMSCs on civil-military relations. It takes an innovative approach, bringing theory and empirical research into mutually illuminating contact. Includes contributions from experts in IR, political theory, international and corporate law and economics, and also breaks important new ground by including philosophical discussions of PMSCs.

**Australia, International Security and the Outsourcing of State Violence** Natalie McLean, 2024-11-07. This book sheds light on the complex and controversial realm of Private Military and Security Companies (PMSCs) and their impact on international security. The rise of PMSCs as key participants in the security arena has sparked debates worldwide, challenging the traditional monopoly on violence held by nation-states. Structured meticulously, Chapter One introduces the rise of PMSCs, focusing on Australia as a case study for their effect on state control and accountability. Chapter Two examines historical PMSC development and case studies revealing global implications for regulation and oversight. Chapter Three builds a theoretical framework for analyzing the Australian case, and Chapters Four and Five scrutinize Australia's government and PMSC industry, uncovering deficiencies in regulatory mechanisms and human rights abuses. In Chapter Six, implications on security outsourcing and regulation are explored, culminating in a thought-provoking conclusion in Chapter Seven. This book is a crucial resource for anyone seeking a deeper understanding of the challenges posed by PMSCs in the realm of international security.

*Private Military and Security Companies* Thomas Jäger, Gerhard Kümmel, 2009-04-23. Private Sicherheits- und Militärunternehmen erleben seit den 1990er Jahren einen außerordentlichen Boom und sind derzeit eines der spannendsten Phänomene in den internationalen Beziehungen. Die Palette der von ihnen angebotenen Dienstleistungen ist groß. Sie reichen von logistischer Unterstützung über Aufklärung bis hin zu Kampfeinsätzen. Zu ihren Kunden zählen Regierungen, Wirtschaftsunternehmen, internationale Organisationen, NGOs, humanitäre Organisationen sowie Privatpersonen. Gegenwärtig lässt sich an den Auseinandersetzungen im Irak sowohl die Aktualität wie auch die Brisanz ihres Einsatzes illustrieren. Gibt es doch Anzeichen dafür, dass Beschäftigte solcher Unternehmen auch in die Folterung von Gefangenen verwickelt sind. Die Beiträge des Sammelbandes aus der Feder nationaler wie internationaler Expertinnen und Experten beschreiben und analysieren verschiedene Typen von privaten Sicherheits- und Militärunternehmen, ihre Dienstleistungen und die Umstände, die ihren Boom befördert haben. Sie diskutieren die Vor- wie auch die Nachteile ihres Einsatzes und beschreiben Instrumente, die die Tätigkeit dieser Unternehmen strukturell

reglementieren und kontrollieren können *Civil Wars in Africa* Kelechi A. Kalu, George Klay Kieh Jr., 2022-05-05 *Civil Wars in Africa* edited by Kelechi A Kalu and George Klay Kieh Jr examines civil conflicts throughout various African countries They argue that civil wars in Africa are by products of the contradictions and crises engendered by the post colonial state building and nation building projects in Africa With few exceptions the post colonial states in Africa have failed to build societies that invest in the material well being of their citizens protect their political civil and other rights promote accountability transparency the rule of law judicial independence and the holding of free and fair elections and promote ethnic pluralism tolerance mutual respect and peaceful co existence among others In addition the contributors show that the post colonial states in Africa have been ruled by corrupt and autocratic leaders who are obsessed with the maintenance of state power as the pathway to ensuring the private accumulation of wealth through sundry illegal means including bribery extortion and theft of public funds In sum this volume addresses how the failure of the post colonial African state to shepherd the process of building democratic societies based on the centrality of human security has led to the erosion of the legitimacy of the state and its custodians Thus once the contradictions and crises reached their crescendo these post colonial societies than implode into civil wars even at the micro level *Sword & Salve* Peter J. Hoffman, Thomas G. Weiss, 2006-03-03 Arguing forcefully that changing times are a clarion call for new thinking this book convincingly shows that if humanitarian organizations continue to operate as they have in the past they will fail to help the very victims whom they try to save Focusing especially on the emergence of new wars Hoffman and Weiss insist that humanitarian organizations must recognize that they live in a political world and that their actions and goals are invariably affected by military action The brand of warfare that erupted in the 1990s marked by civil or transnational armed conflicts featuring potent non state actors altered political economies a high proportion of civilian casualties and a globalized media produced horrors that shocked consciences and led humanitarian agencies to question their unyielding stance of neutrality and impartiality Indeed in a departure from earlier norms and practices some have reinvented their policies and tools and created new humanitarianisms This authoritative book traces the evolution of the international humanitarian system from its inception in the 1860s parses the dynamics of war and emergency response from the 1980s through the current disasters in Afghanistan and Iraq and provides a strategic roadmap for practitioners By bringing historical perspective to bear this volume provides an invaluable analytical framework for grasping the nature of humanitarian crises and how agencies can respond strategically rather than reactively to change Students will find its blend of clearly presented theory and case studies a powerful tool for understanding the roles of state and non state actors in international relations By charting the tides of continuity and change this book will prepare agencies to dodge both figurative and actual bullets that threaten humanitarian action at the outset of the millennium Security Studies Paul D Williams, Matt McDonald, 2023-03-29 *Security Studies* An Introduction 4th edition is the most comprehensive textbook available on the subject providing students with in depth coverage of traditional and critical approaches and an

essential grounding in the debates frameworks and issues of the contemporary security agenda This new edition has been completely revised and updated to cover major developments such as COVID 19 the rise of populism climate change China and Russia s place in the world and the Trump administration It also includes new chapters on great power rivalry emerging technologies and economic threats Divided into four parts the text provides students with a detailed accessible overview of the major theoretical approaches key themes and most significant issues within security studies Part 1 explores the main theoretical approaches from both traditional and critical standpoints Part 2 explains the central concepts underpinning contemporary debates Part 3 presents an overview of the institutional security architecture Part 4 examines some of the key contemporary challenges to global security Collecting these related strands into a single textbook creates a valuable teaching tool and a comprehensive accessible learning resource for undergraduates and MA students

**The African Court of Justice and Human and Peoples' Rights in Context** Charles C. Jalloh, Kamari M. Clarke, Vincent O. Nmehielle, 2019-05-16

This volume analyses the prospects and challenges of the African Court of Justice and Human and Peoples Rights in context The book is for all readers interested in African institutions and contemporary global challenges of peace security human rights and international law This title is also available as Open Access on Cambridge Core

State Control over Private Military and Security Companies in Armed Conflict Hannah Tonkin, 2011-08-11

The past two decades have witnessed the rapid proliferation of private military and security companies PMSCs in armed conflicts around the world with PMSCs participating in for example offensive combat prisoner interrogation and the provision of advice and training The extensive outsourcing of military and security activities has challenged conventional conceptions of the state as the primary holder of coercive power and raised concerns about the reduction in state control over the use of violence Hannah Tonkin critically analyses the international obligations on three key states the hiring state the home state and the host state of a PMSC and identifies the circumstances in which PMSC misconduct may give rise to state responsibility This analysis will facilitate the assessment of state responsibility in cases of PMSC misconduct and set standards to guide states in developing their domestic laws and policies on private security

*The Market for Force* Deborah D. Avant, 2005-07-25 The legitimate use of force is generally presumed to be the realm of the state However the flourishing role of the private sector in security over the last twenty years has brought this into question In this book Deborah Avant examines the privatization of security and its impact on the control of force She describes the growth of private security companies explains how the industry works and describes its range of customers including states non government organisations and commercial transnational corporations She charts the inevitable trade offs that the market for force imposes on the states firms and people wishing to control it suggests a new way to think about the control of force and offers a model of institutional analysis that draws on both economic and sociological reasoning The book contains case studies drawn from the US and Europe as well as Africa and the Middle East

**West Africa's Security Challenges** Adekeye Adebajo, Ismail O. D. Rashid, 2004 Provides a context for

understanding West Africa's security dilemmas highlighting the link between failures of economic development governance and democratization on the one hand and military insecurity and violent conflicts on the other **Do the Geneva**

**Conventions Matter?** Matthew Evangelista, Nina Tannenwald, 2017 Do the Geneva Conventions Matter provides a rich comparative analysis of the laws that govern warfare and a more specific investigation relating to state practice and gives insight into how the Geneva regime has constrained guerrilla warfare and terrorism and the factors that affect protect human rights in wartime **The Mercenary** Christopher Kinsey, 2023-05-19 Ever since the French Revolution and the rise of the rise of national armies the mercenary has been viewed as a maligned and marginalized actor in international relations The Mercenary challenges this view suggesting instead that while relegated to the periphery of Great Power politics the mercenary remained a coercive instrument of state power who was willing to discretely promote the client's foreign policy when called upon to do so Never has this been more evident than today This book offers fresh insight into the future of the mercenary as an instrument of state coercion and explains why there is a mercenary renaissance in the 21st century The start of the 21st century has seen renewed interest in the mercenary from across the political spectrum The growing reliance by the US Russia and China on military and security contractors suggests that the mercenary remains a key player in International Politics now emerging from the shadows to help expand state influence on the world stage by serving as an important actor in the conduct of conflict and the winning of small wars Far from being marginalized the future of the mercenary is set to be increasingly active *Privatisation of Security* Thomas Mandrup, Gunnar Lind, Maria Nebolsina, Katja Creutz, Doug Brooks, Angela Aranas, Joakim Berndtsson, Bjørn Møller, 2012-10-15 The aim of this study is to fill a significant gap in the existing literature on the role of non state actors ranging from rebels and criminal gangs at one extreme to the corporate security industry at the other As part of the general privatisation of the security sector in the western world combined with the US led war on terror non state actors have increasingly been tied to the foreign policy priorities of the dominant western military powers Iraq and Afghanistan are the examples often used and are well described in other chapters in this book In sub Saharan Africa as in many fragile states around the world this picture is blurred and it is often difficult to make clear distinctions between public and private or between illegal and legal etc non state actors According to much of the academic literature the nature of war changed dramatically in the last part of the twentieth century especially after the end of the Cold War According to this logic there is a dichotomy between war as a social phenomenon and warfare as the domain of the state as envisaged by the late Prussian military theorist Carl von Clausewitz in the shape of the Trinitarian War The lack of capacity on the part of predominately Third World states to control conflicts has led to low intensity conflicts LIC which can be witnessed for instance in Uganda the Democratic Republic of Congo Colombia and Sri Lanka Since the end of the Cold War it has been common for weak state rulers with formal state legitimacy but not empirical legitimacy to have continued to enjoy international recognition because of international fears that they are the only barrier against a total

collapse Amongst other things this paved the way for an expansion of the market for private military and security companies PMSC such as the South African based Executive Outcomes EO in the 1990s However the lack of state capacity led to a sub contracting willingly or unwillingly of the state s monopoly on the use of force to non state actors PMSCs and semi state actors like local militias warlords criminal gangs and vigilant groups in an attempt to secure weak state leaders positions In the competition for state control internationally recognised leaders have an advantage over their non state rivals because they can seek military help outside their countries with the agreement of the international community and in accordance with international law

*Corporate Warriors* P. W. Singer, 2011-06-16 Some have claimed that War is too important to be left to the generals but P W Singer asks What about the business executives Breaking out of the guns for hire mold of traditional mercenaries corporations now sell skills and services that until recently only state militaries possessed Their products range from trained commando teams to strategic advice from generals This new Privatized Military Industry encompasses hundreds of companies thousands of employees and billions of dollars in revenue Whether as proxies or suppliers such firms have participated in wars in Africa Asia the Balkans and Latin America More recently they have become a key element in U S military operations Private corporations working for profit now sway the course of national and international conflict but the consequences have been little explored In this book Singer provides the first account of the military services industry and its broader implications *Corporate Warriors* includes a description of how the business works as well as portraits of each of the basic types of companies military providers that offer troops for tactical operations military consultants that supply expert advice and training and military support companies that sell logistics intelligence and engineering In an updated edition of P W Singer s classic account of the military services industry and its broader implications the author describes the continuing importance of that industry in the Iraq War This conflict has amply borne out Singer s argument that the privatization of warfare allows startling new capabilities and efficiencies in the ways that war is carried out At the same time however Singer finds that the introduction of the profit motive onto the battlefield raises troubling questions for democracy for ethics for management for human rights and for national security

## Unveiling the Energy of Verbal Art: An Mental Sojourn through **Mercenaries An African Security Dilemma**

In a world inundated with displays and the cacophony of quick communication, the profound power and emotional resonance of verbal beauty usually disappear into obscurity, eclipsed by the constant barrage of sound and distractions. ### **Mercenaries An African Security Dilemma Introduction**

In this digital age, the convenience of accessing information at our fingertips has become a necessity. Whether its research papers, eBooks, or user manuals, PDF files have become the preferred format for sharing and reading documents. However, the cost associated with purchasing PDF files can sometimes be a barrier for many individuals and organizations. Thankfully, there are numerous websites and platforms that allow users to download free PDF files legally. In this article, we will explore some of the best platforms to download free PDFs. One of the most popular platforms to download free PDF files is Project Gutenberg. This online library offers over 60,000 free eBooks that are in the public domain. From classic literature to historical documents, Project Gutenberg provides a wide range of PDF files that can be downloaded and enjoyed on various devices. The website is user-friendly and allows users to search for specific titles or browse through different categories. Another reliable platform for downloading Mercenaries An African Security Dilemma free PDF files is Open Library. With its vast collection of over 1 million eBooks, Open Library has something for every reader. The website offers a seamless experience by providing options to borrow or download PDF files. Users simply need to create a free account to access this treasure trove of knowledge. Open Library also allows users to contribute by uploading and sharing their own PDF files, making it a collaborative platform for book enthusiasts. For those interested in academic resources, there are websites dedicated to providing free PDFs of research papers and scientific articles. One such website is Academia.edu, which allows researchers and scholars to share their work with a global audience. Users can download PDF files of research papers, theses, and dissertations covering a wide range of subjects. Academia.edu also provides a platform for discussions and networking within the academic community. When it comes to downloading Mercenaries An African Security Dilemma free PDF files of magazines, brochures, and catalogs, Issuu is a popular choice. This digital publishing platform hosts a vast collection of publications from around the world. Users can search for specific titles or explore various categories and genres. Issuu offers a seamless reading experience with its user-friendly interface and allows users to download PDF files for offline reading. Apart from dedicated platforms, search engines also play a crucial role in finding free PDF files. Google, for

instance, has an advanced search feature that allows users to filter results by file type. By specifying the file type as "PDF," users can find websites that offer free PDF downloads on a specific topic. While downloading Mercenaries An African Security Dilemma free PDF files is convenient, it's important to note that copyright laws must be respected. Always ensure that the PDF files you download are legally available for free. Many authors and publishers voluntarily provide free PDF versions of their work, but it's essential to be cautious and verify the authenticity of the source before downloading Mercenaries An African Security Dilemma. In conclusion, the internet offers numerous platforms and websites that allow users to download free PDF files legally. Whether it's classic literature, research papers, or magazines, there is something for everyone. The platforms mentioned in this article, such as Project Gutenberg, Open Library, Academia.edu, and Issuu, provide access to a vast collection of PDF files. However, users should always be cautious and verify the legality of the source before downloading Mercenaries An African Security Dilemma any PDF files. With these platforms, the world of PDF downloads is just a click away.

## **FAQs About Mercenaries An African Security Dilemma Books**

1. Where can I buy Mercenaries An African Security Dilemma books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
3. How do I choose a Mercenaries An African Security Dilemma book to read? Genres: Consider the genre you enjoy (fiction, non-fiction, mystery, sci-fi, etc.). Recommendations: Ask friends, join book clubs, or explore online reviews and recommendations. Author: If you like a particular author, you might enjoy more of their work.
4. How do I take care of Mercenaries An African Security Dilemma books? Storage: Keep them away from direct sunlight and in a dry environment. Handling: Avoid folding pages, use bookmarks, and handle them with clean hands. Cleaning: Gently dust the covers and pages occasionally.
5. Can I borrow books without buying them? Public Libraries: Local libraries offer a wide range of books for borrowing. Book Swaps: Community book exchanges or online platforms where people exchange books.
6. How can I track my reading progress or manage my book collection? Book Tracking Apps: Goodreads, LibraryThing,

and Book Catalogue are popular apps for tracking your reading progress and managing book collections. Spreadsheets: You can create your own spreadsheet to track books read, ratings, and other details.

7. What are Mercenaries An African Security Dilemma audiobooks, and where can I find them? Audiobooks: Audio recordings of books, perfect for listening while commuting or multitasking. Platforms: Audible, LibriVox, and Google Play Books offer a wide selection of audiobooks.
8. How do I support authors or the book industry? Buy Books: Purchase books from authors or independent bookstores. Reviews: Leave reviews on platforms like Goodreads or Amazon. Promotion: Share your favorite books on social media or recommend them to friends.
9. Are there book clubs or reading communities I can join? Local Clubs: Check for local book clubs in libraries or community centers. Online Communities: Platforms like Goodreads have virtual book clubs and discussion groups.
10. Can I read Mercenaries An African Security Dilemma books for free? Public Domain Books: Many classic books are available for free as they're in the public domain. Free E-books: Some websites offer free e-books legally, like Project Gutenberg or Open Library.
