Service and Dependency in Shakespeare's Plays Judith Weil, 2005-06-09 This is an unusual study of the nature of service and other types of dependency and patronage in Shakespeare's drama By considering the close associations of service with childhood or youth marriage and friendship Judith Weil sheds light on social practice and dramatic action Approached as dynamic explorations of a familiar custom the plays are shown to demonstrate a surprising consciousness of obligations and a fascination with how dependants actively change each other They help us understand why early modern people may have found service both frightening and enabling Attentive to a range of historical sources and social and cultural issues Weil also emphasises the linguistic ambiguities created by service relationships and their rich potential for interpretation on the stage The book includes close readings of dramatic sequences in twelve plays including Hamlet Macbeth The Taming of the Shrew and King Lear

Elizabeth Bowen and the Writing of Trauma Jessica Gildersleeve, 2014-02-15 Elizabeth Bowen and the Writing of Trauma analyses the treatment of memory and the past in Bowen's writing through the lens of trauma theory It draws on the theories of Jacques Derrida Hélène Cixous Julia Kristeva Sigmund Freud and Cathy N Davidson to propose that Bowen's work is best understood through the psychological narratological and linguistic effects of trauma in her fiction Bowen's writing complicates existing deconstructive and psychoanalytic models of trauma and literature and testifies to the responsibility of survival and the ethics of bearing witness

Gendered Politics in Sophocles' Trachiniae Gesthimani Seferiadi, 2022-04-07 This is the first book length examination of the notion of gendered politics in Sophocles' Trachiniae Making use of feminist theory and tackling the political nature of the categories of identity culture and sexuality Seferiadi brings the interpretation of Sophocles' play up to date with the most recent scholarly developments She discusses the play in the light of its Amazonian and monstrous background and touches upon topics such as marriage and the exchange of women reciprocity within a corroded system of gift exchanges and the dynamics of female silence and the impaired hegemonic masculinity Contributing to the topic of rape in the ancient world this book focuses on sexual violence and the intertwining of marriage and rape from the perspective of tragedy With an Amazon being placed within the civilized arrangement of an oikos the play negotiates the position of the female and advocates the need to expel the monstrous sexualities from the polis Differing from previous

analyses this study is a reminder that female subjectivity was less foreclosed than is often tacitly assumed **Antigone, Interrupted** Bonnie Honig, 2013-05-02 Sophocles Antigone is a touchstone in democratic feminist and legal theory and possibly the most commented upon play in the history of philosophy and political theory Bonnie Honig's rereading of it therefore involves intervening in a host of literatures and unsettling many of their governing assumptions Exploring the power of Antigone in a variety of political cultural and theoretical settings Honig identifies the Antigone effect which moves those who enlist Antigone for their politics from activism into lamentation She argues that Antigone's own lamentations can be seen not just as signs of dissidence but rather as markers of a rival world view with its own sovereignty and vitality Honig argues that the play does not offer simply a model for resistance politics or equal dignity in death but a more positive politics of counter sovereignty and solidarity which emphasizes equality in life Lament in Jewish Thought Ilit Ferber, Paula Schwebel, 2014-10-10 Lament mourning and the transmissibility of a tradition in the aftermath of destruction are prominent themes in Jewish thought The corpus of lament literature building upon and transforming the biblical Book of Lamentations provides a unique lens for thinking about the relationships between destruction and renewal mourning and remembrance loss and redemption expression and the inexpressible This anthology features four texts by Gershom Scholem on lament translated here for the first time into English The volume also includes original essays by leading scholars which interpret Scholem's texts and situate them in relation to other Weimar era Jewish thinkers including Walter Benjamin Franz Rosenzweig Franz Kafka and Paul Celan who drew on the textual traditions of lament to respond to the destruction and upheavals of the early twentieth century Also included are studies on the textual tradition of lament in Judaism from biblical rabbinic and medieval lamentations to contemporary Yemenite women's laments This collection unified by its strong thematic focus on lament shows the fruitfulness of studying contemporary and modern texts alongside the traditional textual sources that informed them Anna Komnene Leonora Neville, 2016-08-01 Byzantine princess Anna Komnene is known for two things plotting to murder her brother to usurp the throne and writing the Alexiad an epic history of her father Alexios I Komnenos 1081-1118 that is a key historical source for the era of the First Crusade Anna Komnene the Life and Work of a Medieval Historian investigates the relationship between Anna's self presentation in the Alexiad and the story of her bloodthirsty ambition It begins by asking why women did not write history in Anna's society what cultural rules Anna broke by doing so and how Anna tried to respond to those challenges in her writing Many of the idiosyncrasies and surprises of Anna's Alexiad are driven by her efforts to be perceived as both a good historian and a good woman These new interpretations of Anna's authorial persona then spark a thorough re thinking of the standard story which defines Anna's life by the failure of her supposed political ambitions The second half of this work reviews the medieval sources with fresh eyes and re establishes Anna's primary identity as an author and intellectual rather than as a failed conspirator How Women Became Poets Emily Hauser, 2025-11-04 How the idea of the author was born in the battleground of gender When Sappho

sang her songs the only word that existed to describe a poet was a male one *aoidos* or singer man The most famous woman poet of ancient Greece whose craft was one of words had no words with which to talk about who she was and what she did In *How Women Became Poets* Emily Hauser rewrites the story of Greek literature as one of gender arguing that the ways the Greeks talked about their identity as poets constructed played with and broke down gender expectations that literature was for men alone Bringing together recent studies in ancient authorship gender and performativity Hauser offers a new history of classical literature that redefines the canon as a constant struggle to be heard through and sometimes despite gender Women as Virginia Woolf recognized need rooms of their own in order to write So too have women writers through history needed a name to describe what it is they do Hauser traces the invention of that name in ancient Greece exploring the archaeology of the gendering of the poet She follows ancient Greek poets philosophers and historians as they developed and debated the vocabulary for authorship on the battleground of gender building up and reinforcing the word for male poet then in response creating a language with which to describe women who write Crucially Hauser reinserts women into the traditionally all male canon of Greek literature arguing for the centrality of their role in shaping ideas around authorship and literary production

Praise and Blame in Greek Tragedy Kate Cook, 2024-01-11 Exploring the use of praise and blame in Greek tragedy in relation to heroic identity Kate Cook demonstrates that the distribution of praise and blame a significant social function of archaic and classical poetry also plays a key role in Greek tragedy Both concepts are a central part of the discourse surrounding the identity of male heroic figures in tragedy and thus are essential for understanding a range of tragedies in their literary and social contexts In the tragic genre the destructive or dangerous aspects of the process of *kleos* glory are explored and the distribution of praise and blame becomes a way of destabilising identity and conflict between individuals in democratic Athens The first half of this book shows the kinds of conflicts generated by heroes who seek after one kind of praise in tragedy but face other characters or choruses who refuse to grant the praise discourses they desire The second half examines what happens when female speakers engage in the production of these discourses particularly the wives and mothers of heroic figures who often refuse to contribute to the production of praise and positive *kleos* for these men *Praise and Blame in Greek Tragedy* therefore demonstrates how a focus on this poetically significant topic can generate new readings of well known tragedies and develops a new approach to both male heroic identity and women's speech in tragedy

Gendering Modern Jewish Thought Andrea Dara Cooper, 2021-11-02 The idea of brotherhood has been an important philosophical concept for understanding community equality and justice In *Gendering Modern Jewish Thought* Andrea Dara Cooper offers a gendered reading that challenges the key figures of the all male fraternity of twentieth century Jewish philosophy to open up to the feminine Cooper offers a feminist lens which when applied to thinkers such as Franz Rosenzweig and Emmanuel Levinas reveals new ways of illuminating questions of relational ethics embodiment politics and positionality She shows that patriarchal kinship as models of erotic love brotherhood and paternity are not accidental in Jewish philosophy but serve as norms that have excluded women and non normative individuals *Gendering Modern Jewish Thought* suggests these fraternal models do real damage and must be brought to account in more broadly humanistic frameworks For Cooper a more responsible and ethical reading of Jewish philosophy comes forward when it is opened to the voices of mothers sisters and daughters
