Tradigital Animate CC Stephen Brooks, 2016-11-03 Learn how to bridge the gap between the traditional animation principles and digital software Tradigital Flash 12 Principles of Animation in Adobe Flash brings the essentials of traditional animation and Adobe Flash together The early masters of animation created a list of 12 principles which are important for anyone who wants to create interesting and believable animation Digital animation continues to make incredible technological advancements that give animators the capability to produce visually stunning work New technology however also has a tendency to create an environment where animators are so focused on adapting to the new workflow that they tend to dismiss these fundamental animation principles which often leads to poor and lifeless character animation Tradigital Flash helps you focus on these principles while using the program's wide array of features to create believable animation consistently Tradigital Flash joins three other Tradigital books covering Maya Blender and 3ds Max This new volume in the series approaches the topic in a different way giving readers both a practical look at the software and providing a theoretical understanding of the genre Learn a new principle in each chapter the Flash tools most related to it and how to put it all together A plethora of examples demonstrate the good methods which animators should use in Flash how to avoid the bad ones and ways to create a workflow that works for you An easy to follow approach with examples throughout the book that build on each other showing how the principles act together A companion website www.rubberonion.com/tradigital-animate features more examples downloadable FLA resource files video tutorials

Key Features Every chapter teaches you a principle shows you the corresponding tool or tools and shows you

how to all put it together A wide array of examples demonstrate the good bad and sometimes ugly procedures an animator can practice with Flash A follow along approach where examples throughout the book build on each other showing how the principles act together A companion website features more examples downloadable swf resource files video tutorials

Animation (Adobe Flash CS6) Niveau 1 , Ce manuel couvre l'environnement de travail le dessin et la coloration le travail avec des objets le travail avec des textes le travail avec des sons les couches les symboles les graphiques les clips vidéo et les interpolations
