Anderman, 2019-10-28 Visible Learning Guide to Student Achievement critically examines the major influences shaping student achievement today A revision of the International Guide to Student Achievement this updated edition provides readers with a more accessible compendium of research summaries with a particular focus on the school sector As educators throughout the world seek to enhance learning the information contained in this book provides practitioners and policymakers with relevant material and research based instructional strategies that can be readily applied in classrooms and schools to maximize achievement Rich in information and empirically supported research it contains seven sections each of which begins with an insightful synthesis of major findings and relevant updates from the literature since the publication of the first Guide These are followed by key entries all of which have been recently revised by the authors to reflect research developments The sections conclude with user friendly tables that succinctly identify the main influences on achievement and practical implications for educators Written by world renowned bestselling authors John Hattie and Eric M Anderman this book is an indispensable reference for any teacher school leader and parent wanting to maximize learning in our schools *Using Cognitive and Affective Metrics in Educational Simulations and Games* Harold F. O'Neil, Eva L. Baker, Ray S. Perez, Stephen E. Watson, 2021-05-17 Presenting original studies and rich conceptual analyses this volume explores how cognitive and affective metrics can be used to effectively assess modify and enhance

learning and assessment outcomes of simulations and games used in education and training The volume responds to the increasing use of computer based simulations and games across academic and professional sectors by bringing together contributions from different research communities including K 12 and postsecondary education medical and military contexts Drawing on empirical results the chapter authors focus on the design and assessment of educational simulations and games They describe how quantitative and qualitative metrics can be used effectively to evaluate and tailor instructional resources to the cognitive and affective needs of the individual learner In doing so the volume enhances understanding of how games and simulations can intersect with the science of learning to improve educational outcomes Given its rigorous and multidisciplinary approach this book will prove an indispensable resource for researchers and scholars in the fields of educational assessment and evaluation educational technology military psychology and educational psychology

Critical Teaching Behaviors Lauren Barbeau, Claudia Cornejo Happel, 2023-07-03 What does good teaching mean and how can we know it when we see it Perhaps you have grappled with these questions at some point in your career either as an instructor wanting to document or grow your teaching effectiveness or as a peer or administrator trying to provide guidance to or assess the teaching of others This book serves three purposes a condensed evidence based guide to effective teaching a resource on creating a focused teaching narrative and teaching portfolio and a toolkit that equips faculty to conduct peer observations student midterm feedback and productive conversations related to teaching The first part of the book offers a rich guide as to what constitutes effective teaching based on a comprehensive review of the research on instructional strategies and behaviors that promote student engagement learning and success It includes practical advice flexible enough to accommodate disciplinary and contextual differences recognizing that readers will want to adapt effective behaviors based on their values and dispositions The opening chapters successively cover aligning classroom activities to learning goals teaching inclusively to account for students prior learning and diversity creating an environment that promotes students active engagement in learning and taking responsibility for their intellectual development assessing students progress and adjusting teaching accordingly using technology effectively and finally engaging in reflective self assessment with feedback from peers and students to adjust and develop teaching skills In the second part of the book the authors offer structured guidance on developing a focused teaching narrative gathering peer and student feedback to support that narrative and curating a portfolio to showcase exemplary practices and achievements The insights and tools presented also equip readers to facilitate classroom peer observations and gather midterm student feedback Overall the second part of the book provides readers with a common language and tools to use when discussing teaching with peers and those who may formally or informally observe their teaching The book builds to providing the reader with a clear sense of the criteria and evidence needed to document their teaching for the purposes of annual review promotion or tenure The now widely recognized Critical Teaching Behaviors CTB framework offers a holistic means of documenting and assessing teaching effectiveness by including

a variety of evidence and perspectives The comprehensive feedback and documentation toolkit aligned to the framework incorporates more of the instructor s perspective on their own teaching into the evaluation process and substitutes for or supplements student evaluations of teaching SETs Administrators will also find the CTB useful as a template and guide for the objective evaluation of teaching In a single volume this book offers faculty evidence based guidance and encouragement to explore effective teaching strategies whether they are just embarking on their college teaching journey or are experienced instructors looking to explore new ideas The CTB presents instructors a roadmap to both developing teaching skills and demonstrating achievements in promoting student learning to advance their careers It is designed to be an interactive workbook While readers can choose to read passively they will get the most value from this book by completing the prompts and activities along the way
