Creative Arts and Play Therapy for Attachment Problems Cathy A. Malchiodi, David A. Crenshaw, 2015-07-22 This book vividly shows how creative arts and play therapy can help children

recover from experiences of disrupted or insecure attachment. Leading practitioners explore the impact of early relationship difficulties on children's emotions and behavior. Rich case material brings to life a range of therapeutic approaches that utilize art, music, movement, drama, creative writing, and play. The volume covers ways to address attachment issues with individuals of different ages as well as their caregivers. Chapters clearly explain the various techniques and present applications for specific populations including complex trauma survivors.

Using Music in Child and Adolescent Psychotherapy Laura E. Beer, Jacqueline C. Birnbaum, 2019-03-13 There is growing evidence for the powerful role that music plays in enhancing children's cognitive, social, and emotional development. Written for a broad audience of mental health professionals, this is the first book to provide accessible ways of integrating music into clinical work with children and adolescents. Rich case vignettes show how to use singing, drumming, listening to music, and many other strategies to connect with hard-to-reach children, promote self-regulation, and create opportunities for change. The book offers detailed guidelines for addressing different clinical challenges, including attachment difficulties, trauma, and behavioral, emotional, and communication problems. Each chapter concludes with concrete recommendations for practice; an appendix presents a photographic inventory of recommended instruments.

The Handbook of Therapeutic Care for Children Joe Tucci, Janise Mitchell, Edward C. Tronick, 2019-09-19 This innovative book brings together a wide range of therapeutic approaches, techniques, and models to outline recent developments in the practice of supporting children in out-of-home care. It sheds light on the significance of schools, sports, and peer relationships in the lives of traumatized children. It also draws particular attention to the vital importance of taking into account children's cultural heritage and to the growing prevalence of relative care. Each chapter is set out by acclaimed and world-renowned contributors, specific approach such as Dan Hughes and his work on conceptual maps, and Cathy Malchiodi and her research on creative interventions, and gives practical ways to support children and carers. It also includes contributions from Bruce Perry, Allan Schore, and Martin Teicher. This comprehensive volume will open new avenues for understanding how the relationship between child and carer can create opportunities for change and healing.
