Exercises techniques metaphors and worksheets you can use as a musician or a practitioner Exclusive interviews with leading experts in psychology and music performance about how they use ACT and similar strategies within their practice Foreword by renowned performance enhancement coach Phil Towle WORDS OF PRAISE An amazingly thorough and carefully crafted book ACT for Musicians never talks down to the reader or skips over material that is harder to explain It's like having an instructor who refuses to give up on you Highly recommended Steven C Hayes PhD Foundation Professor of Psychology University of Nevada Reno NV Originator of Acceptance and Commitment Therapy and author of A Liberated Mind ACT for Musicians is a ground breaking book full of useful techniques and interventions that will help musicians and performers tackle performance anxiety Musicians and their teachers will find the ACT approach explored in this book invaluable In addition other helping professionals who work in this field including coaches psychotherapists and psychologists will gain insight and knowledge into how ACT can be applied so that musicians can also improve their performance quality David Juncos and Elvire de Paiva e Pona are to be congratulated for writing this trailblazing book Stephen Palmer PhD Professor of Practice at the Wales Academy for Professional Practice and Applied Research University of Wales Trinity Saint David UK This phenomenal resource is written with an acute awareness of musicians as students performers and teachers The authors integration and application of their expertise in performance psychology and education enables an explanation of the theory and practice of ACT in a thorough and accessible way Extensive exercises and examples are clearly formulated to entice musicians to immediately and compassionately incorporate the strategies into their practice As a consulting psychologist university lecturer and researcher specialising in music performance anxiety I have seen firsthand how the material contained in this book has enabled students and patients to reach new levels of their potential This book will be my go to resource for using ACT to help musicians at all levels and stages I encourage you to make it yours too Margaret Osborne PhD Registered Psychologist Senior Lecturer in Psychology and Music University of Melbourne Australia Conductors often hit a wall when trying to understand how musicians cope with personal constraints This happens because they fail to address the underlying physical and psychological issues that manifest in musicians Both conductors and musicians lack the knowledge of the tools needed to cope with the pressure of musical performance This magnificent book brings thorough insight and a valuable path to finally create a healthy and productive environment to make music in small or large ensembles This process not only helps single performers but also conductors who need to be aware of their fellow musicians performance struggles Bravo Dr Juncos and Ms De Paiva e Pona Paulo Vassalo Lourenco DMA Conductor Head of Choral Conducting Program Escola Superior de Musica de Lisboa Portugal It has always struck me as odd that of the thousands of hours that we in the performing arts devote to cultivating our craft so few of those are dedicated to perhaps the most essential skill of all how to execute that craft under pressure As a longtime sufferer of MPA finally a name for this thing that I've been enduring for so long nothing was more frustrating to me than not being able to demonstrate on stage that

which I was fully capable of in the practice room as a result of an unlucky biochemical response to stress I felt I simply could not control But of course therein lies the essential paradox clarified so eloquently and so helpfully in this wonderful book Years of trying to control my anxiety by denying it fighting it faking it til I made it except I never quite did in effect made my anxiety far worse Applying some of the basic tenets of ACT in recent years has shown me that the somewhat counterintuitive process of accepting and acknowledging my fears and mindfully attending to them has yielded more successful and more enjoyable performances Having recently pivoted to the role of educator I am so grateful to be able to add this comprehensive evidence based and ever accessible resource to my pedagogical toolkit It is a wonderful feeling to know that I will be able to offer hope to a new generation of performers who may in the past have felt doomed to a lifetime of subpar performances on account of anxiety Thank you Dr Juncos Ms De Paiva e Pona and as we say in the opera world Bravissimo Kiera Duffy MM Soprano Head of Undergraduate Voice Studies University of Notre Dame South Bend IN It is rare to find decent research that merges Psychology and Musical performance As a professional singer with a degree in Psychology I found ACT for Musicians very enlightening in this field that still holds so many questions Fascinating practical and with an empirical curiosity that approaches a much needed field of research I highly recommend any performer to read it and benefit from the many tools to help navigate the mind an ingredient so vital and yet neglected to a successful music performance Nuno Queimado BA Professional Actor and Singer based in London West End credits include Hamilton Jesus Christ Superstar and From Here to Eternity The effectiveness of previously available music performance anxiety treatments was always questionable in my experience A shift in focus from intervention to therapy based on the ideas of acceptance and commitment is the way forward not only for being an approach for addressing performance anxiety in conceptual and practical terms but also for becoming a healthier more complete individual This shift is supported by the data presented where we see once anxious shaken musicians with nowhere to turn now being able to face their fears and achieve success In my forty years of performance experience I ve utilized various methods of reducing performance anxiety mostly by trying to suppress those uncomfortable feelings but this book is rooted in compassion and acceptance and in the understanding of the psychological complexities involved in the world of the performing arts It also provides practical exercises and solutions and is without a doubt a game changer Any musician that reads it I have no doubt will agree but I would go as far as to say that any musician coach or professor of music should read this book because philosophically conceptually and statistically there is no doubt it can change the struggles of music performance for the better Pablo Cohen DMA Classical Guitarist Associate Professor of Music of Latin America Classical Guitar Whalen Center for Music Ithaca College Ithaca NY *Fairy Tales of Brothers Grimm Comprehension Guide* Emily Fischer,2000 **First Language Lessons Level 4** Jessie Wise,Sara Buffington,2008-12-22 A simple to use scripted guide to grammar and composition that makes successful teaching easy for both parents and students This volume the Level 4 Instructor Guide in the complete elementary grammar series uses
