Muslim Societies And Indonesian Politics The Icmi After The New Order:

Muslim Societies and Indonesian Politics Imron Rosidi,2011 The ICMI The Association of Indonesian Muslim Intellectuals played an important role in Indonesian politics during the New Order This organization had a close connection with Muslim societies in Indonesia to channel their political aspiration This book describes the political role of the ICMI and Muslim intellectuals after the New Order This book is beneficial for those who are interested in Sociology of Islam Politics and Southeast Asian specifically Indonesian studies *Indonesian Politics and Society* David Bouchier,Vedi Hadiz,2014-07-08 Using an exhaustive selection of primary sources this book presents a rich and textured picture of Indonesian politics and society from 1965 to the dramatic changes which have taken place in recent years Providing a complete portrait of the Indonesian political landscape this authoritative reader is an essential resource in understanding the history and contradictions of the New Order current social and political conditions and the road ahead *Indonesian Politics Under Suharto* Michael R J Vatikiotis,2013-01-11 This revised third edition provides an analysis of Suharto s New Order from its inception to the emergence of B J Habibie as President The author reassesses the New Order s origins and its military roots and evaluates the considerable economic changes that have taken place since the 1960s He examines Suharto s politics and in a new chapter the reasons behind the crisis and Suharto s fall Indonesia, Islam, and the International Political Economy Mark Williams,2017-04-21 This book examines the role of Islamic identity in Indonesia s foreign economic relations and in its engagement with the world order There is no single expression of Islam in Indonesia the politics espoused by Islamic parties and organizations are far from monolithic Islamic sentiment has been invoked by the state to justify heinous acts of brutality as well as by violent subnational revolutionary groups However these expressions of Islam have deviated from the dominant narrative which is in favour of international cooperation and economic development Managing Politics and Islam in Indonesia Donald J. Porter,2013-08-21 First published in 2004 This text examines the politics of Islam and the state of Indonesia over recent decades during which time there has been a notable resurgence of Islamic political movements It argues that after the state had consistently worked to restrict and exclude political Islam from power in the late 1980s and 1990s there was a change whereby Suharto courted the support and began to incorporate Muslim interests within the political system Shari'a and Politics in Modern Indonesia Arskal Salim,Azyumardi Azra,2003 After the fall of President Soeharto there have been heightened attempts by certain groups of Muslims to have sharia Islamic law implemented by the state Even though this burning issue is not new it has further divided Indonesian Muslims The introduction of Islamic law would also affect the future of multi cultural and multi religious Indonesia So far however the introduction of sharia nationwide has been opposed by the majority of Indonesian Muslims This book gives an overview of sharia from post Independence in 1945 to the most recent developments in Indonesia at the start of the new millennium **Politics in Indonesia** Douglas E. Ramage,2002-09-11 Politics in Indonesia describes the attitudes aspirations and frustrations of the key

players in Indonesian politics as they struggle to shape the future The book focuses on the role of political Islam Douglas E Ramage shows that the state has been remarkably successful in maintaining secular political institutions in a predominantly Muslim society He analyses the way in which political questions are framed with reference to the national ideology the Pancasila Routledge International Handbook of Religion in Global Society Jayeel Cornelio, François Gauthier, Tuomas Martikainen, Linda Woodhead, 2020-11-29 Like any other subject the study of religion is a child of its time Shaped and forged over the course of the twentieth century it has reflected the interests and political situation of the world at the time As the twenty first century unfolds it is undergoing a major transition along with religion itself This volume showcases new work and new approaches to religion which work across boundaries of religious tradition academic discipline and region The influence of globalizing processes has been evident in social and cultural networking by way of new media like the internet in the extensive power of global capitalism and in the increasing influence of international bodies and legal instruments Religion has been changing and adapting too This handbook offers fresh insights on the dynamic reality of religion in global societies today by underscoring transformations in eight key areas Market and Branding Contemporary Ethics and Virtues Intimate Identities Transnational Movements Diasporic Communities Responses to Diversity National Tensions and Reflections on Religion These themes demonstrate the handbook's new topics and approaches that move beyond existing agendas Bringing together scholars of all ages and stages of career from around the world the handbook showcases the dynamism of religion in global societies It is an accessible introduction to new ways of approaching the study of religion practically theoretically and geographically **The Politics of Shari'a Law** Michael Buehler, 2016-09-01 The Islamization of politics in Indonesia after 1998 presents an underexplored puzzle why has there been a rise in the number of shari'a laws despite the electoral decline of Islamist parties Michael Buehler presents an analysis of the conditions under which Islamist activists situated outside formal party politics may capture and exert influence in Muslim majority countries facing democratization His analysis shows that introducing competitive elections creates new pressures for entrenched elites to mobilize and structure the electorate thereby opening up new opportunities for Islamist activists to influence politics Buehler's analysis of changing state religion relations in formerly authoritarian Islamic countries illuminates broader theoretical debates on Islamization in the context of democratization This timely text is essential reading for students scholars and government analysts **Islam in Indonesia** Jajat Burhanudin, Kees van Dijk, 2013-01-31 While Muslims in Indonesia have begun to turn towards a strict adherence to Islam the reality of the socio religious environment is much more complicated than a simple shift towards fundamentalism In this volume contributors explore the multifaceted role of Islam in Indonesia from a variety of different perspectives drawing on carefully compiled case studies Topics covered include religious education the increasing number of Muslim feminists in Indonesia the role of Indonesia in the greater Muslim world social activism and the middle class and the interaction between Muslim radio and religious identity Activists in Transition

Thushara Dibley, Michele Ford, 2019-12-15 *Activists in Transition* examines the relationship between social movements and democratization in Indonesia. Collectively progressive social movements have played a critical role over in ensuring that different groups of citizens can engage directly in and benefit from the political process in a way that was not possible under authoritarianism. However their individual roles have been different with some playing a decisive role in the destabilization of the regime and others serving as bell weathers of the advancement or otherwise of Indonesia's democracy in the decades since. Equally important democratization has affected social movements differently depending on the form taken by each movement during the New Order period. The book assesses the contribution that nine progressive social movements have made to the democratization of Indonesia since the late 1980s and how in turn each of those movements has been influenced by democratization.

Civil Islam Robert W. Hefner, 2011-05-21 *Civil Islam* tells the story of Islam and democratization in Indonesia the world's largest Muslim nation. Challenging stereotypes of Islam as antagonistic to democracy this study of courage and reformation in the face of state terror suggests possibilities for democracy in the Muslim world and beyond. Democratic in the early 1950s and with rich precedents for tolerance and civility Indonesia succumbed to violence. In 1965 Muslim parties were drawn into the slaughter of half a million communists. In the aftermath of this bloodshed a New Order regime came to power suppressing democratic forces and instituting dictatorial controls that held for decades. Yet from this maelstrom of violence repressed by the state and denounced by conservative Muslims an Islamic democracy movement emerged strengthened and played a central role in the 1998 overthrow of the Soeharto regime. In 1999 Muslim leader Abdurrahman Wahid was elected President of a reformist civilian government. In explaining how this achievement was possible Robert Hefner emphasizes the importance of civil institutions and public civility but argues that neither democracy nor civil society is possible without a civilized state. Against portrayals of Islam as inherently antipluralist and undemocratic he shows that Indonesia's Islamic reform movement repudiated the goal of an Islamic state mobilized religiously ecumenical support promoted women's rights and championed democratic ideals. This broadly interdisciplinary and timely work heightens our awareness of democracy's necessary pluralism and places Indonesia at the center of our efforts to understand what makes democracy work.

Indonesia and the Muslim World Anak Agung Banyu Perwita, 2007. Annotation. This book explores the position of Islam as one of the domestic political variables in Indonesia's foreign policy during the Soeharto era. It argues that the foreign policy of Indonesia toward the Muslim world under Soeharto was increasingly the result of political struggles between domestic actors particularly the Muslim community and the State.

Peaceful Islamist Mobilization in the Muslim World Julie Chernov Hwang, 2009-09-28. In *Peaceful Islamist Mobilization in the Muslim World* What Went Right Julie Chernov Hwang presents a compelling and innovative new theory and framework for examining the variation in Islamist mobilization strategies in Muslim Asia and the Middle East.

Islamism and Democracy in Indonesia Masdar Hilmy, 2010. Most scholarly works conducted within the period of post New Order Indonesia have underlined the fact that Indonesian

Islamists reject the notion of democracy no adequate explanation nonetheless has been attempted thus far as to how and to what extent democracy is being rejected This book is dedicated to filling the gap by examining the complex reality behind the Islamists rejection of democracy It focuses its analysis on two streams of Islamism the two Islamist groups that seek extra parliamentary means to achieve their goals that is MMI and HTI and the PKS Islamists who choose the existing political party system as a means of their power struggle As this book has demonstrated there are times when the two streams of Islamism share a common platform of understanding and interpretation as well as an intersection where they are in conflict with one another The interplay between contested meanings over particular theological matters on normative grounds and power contests among the Islamists proves to be critical in shaping this complexity *Contesting Indonesia* Kirsten E. Schulze,2024-10-15 *Contesting Indonesia* explains Islamist separatist and communal violence across Indonesian history since 1945 In a sweeping argument that connects endemic violence to a national narrative Kirsten E Schulze finds that the outbreak of violence is related to competing local notions of the national imaginary as well as contentious belonging Through detailed examination of six case studies the Darul Islam rebellions Jemaah Islamiyah s jihad and the conflicts in East Timor Aceh Poso and Ambon Schulze argues that violence was more likely to occur in places that are on the geographic ideological ethnic and religious periphery of the Indonesian state that violence by non state actors was most protracted in locations where there was a well established alternative national imaginary supported by an alternative historical narrative and that violence by the state was most likely in places where the state had a significant territorial interest Drawing on a vast collection of interviews and archival and published sources *Contesting Indonesia* provides a new understanding of the history of violence across the Indonesian archipelago *Islam in Indonesia* Carool Kersten,2015-01-12 A compelling account of the struggle for the soul of Indonesian Islam ***Islamism and the Quest for Hegemony in Indonesia*** Luqman Nul Hakim,2023-02-25 This book examines the failure of Islamic politics in becoming a hegemonic force in Indonesia and the far reaching consequences for current practices of democracy and of Islam itself In contrast to the thesis of compatibility between Islam and democracy following the dominant discourse of the Global War on Terror GWOT and neoliberal democracy this study situates Islamic politics in broader social settings by examining its nature and trajectories throughout Indonesia s modern political history The book thus investigates how the practices of Islamic politics or Islamism have shaped and been transformed through political contestations and the formation of coalitions of multiple forces in constructing Indonesia s socio political landscape Using the concept of hegemony from poststructuralist discourse theory the analytical framework applied in this book goes beyond liberal epistemologies of Islamism that prescribe the separation of religion from politics and treat Islamism as an object of intervention Instead the book is premised on the contention that Indonesia is a political construction in which Islam has become one of the major discourses that have defined and transformed Indonesia s nation state throughout history In this view it is argued that the nature and dynamics of Islamism are not driven primarily by

different interpretations of religious doctrines cultural norms or by the imperative of institutions Rather the struggles of different Islamist projects in their quest for hegemony are contingent on the outcomes of socio political changes and contestations that involve multiple political forces both within and beyond the Islamists in specific historical conjunctures

Popular Movements and Democratization in the Islamic World Masatoshi Kisaichi,2007-01-24 Kisaichi gives a timely and important book that develops a comparative view of Islam and democracy that goes beyond the usual stereotype of Islam being incompatible with democracy

Politics and Society in Southeast Asia Peter A. Poole,2014-11-18 The Asian financial crisis of 1997 1998 caused severe hardship in Southeast Asia and many countries tightened their regulation of banks and other financial institutions adopted more conservative fiscal policies and made themselves less vulnerable to Western market fluctuations by forming closer trade and investment ties with their neighbors This book analyzes the major political and economic reforms that resulted from the Asian financial crisis looking particularly at how such reforms helped to prepare Asian countries for coping with the 2009 global recession In each of the ten country chapters the historical background social and political system economic development and foreign relations of each country are analyzed and compared with those of neighboring countries The concluding chapter looks ahead at the prospects for Southeast Asia in a more integrated Asian region Instructors considering this book for use in a course may request an examination copy here
