100 British Crime Writers Esme Miskimmin,2020-11-12 100 British Crime Writers explores a history of British crime writing between 1855 and 2015 through 100 writers detailing their lives and significant writing and exploring their contributions to the genre Divided into four sections The Victorians Edwardians and World War One 1855 1918 The Golden Age and World War Two 1919 1945 Post War and Cold War 1946 1989 and To the Millennium and Beyond 1990 2015 each section offers an introduction to the significant features of these eras in crime fiction and discusses trends in publication readership and critical response With entries spanning the earliest authors of crime fiction to a selection of innovative contemporary novelists this book considers the development and progression of the genre in the light of historical and social events Communicational Criticism Roger D. Sell,2011 Further developing the line of argument put forward in his Literature as Communication 2000 and Mediating Criticism 2001 Roger D Sell now suggests that when so called literary texts stand the test of time and appeal to a large and heterogeneous circle of admirers this is because they are genuinely dialogical in spirit Their writers rather than telling other people what to do or think or feel invite them to compare notes and about topics which take on different nuances as seen from different points of view So while such texts obviously reflect the taste and values of their widely various provenances they also channel a certain respect for the human other to whom they are addressed So much so that they win a reciprocal respect from members of their audience In Sell s new book this ethical interplay becomes the focus of a post postmodern critique which sees literary dialogicality as a possible catalyst to new non hegemonic kinds of globalization The argument is illustrated with major reassessments of Shakespeare Pope Wordsworth Dickens Churchill Orwell and Pinter and there are also studies of trauma literature for children and of ethically oriented criticism itself Perilous Question Antonia Fraser,2013-05-07 Can a rotten political institution save itself A story from English history has relevance for our own Congress **Memoir** G. artists It explores the strategies that have enabled visual culture to recast itself in the new climate of celebrity obsession popular culture and the art world to respond adaptively to its insistent pressures With its engaging analysis and case studies from Lillian Gish to Louis Vuitton to Lady Gaga Fashion and Celebrity Culture is of major interest to students of fashion media studies film television studies and popular culture and anyone with an interest in this global phenomenon
