**Gladiator meets Game of Thrones** a royal woman becomes a skilled warrior to destroy her murderous cousin, avenge her family and save her kingdom in this first entry in a dazzling fantasy epic from the New York Times and USA Today bestselling author of the Elemental Assassin series, an enthralling tale that combines magic, murder, intrigue, adventure and a hint of romance. In a realm where one's magical power determines one's worth, Lady Everleigh's lack of obvious ability relegates her to the shadows of the royal court of Bellona, a kingdom steeped in gladiator tradition. Seventeenth in line for the throne, Evie is nothing more than a ceremonial fixture, overlooked and mostly forgotten. But dark forces are at work inside the palace. When her cousin Vasilisa the crown princess assassinates her mother, the queen, and takes the throne by force, Evie is also attacked along with the rest of the royal family. Luckily for Evie, her secret immunity to magic helps her escape the massacre. Forced into hiding to survive, she falls in with a gladiator troupe. Though they use their talents to entertain and amuse the masses, the gladiators are actually highly trained warriors skilled in the art of war, especially Lucas Sullivan, a powerful magier with secrets of his own. Uncertain of her future or if she even has one, Evie begins training with the troupe until she can decide her next move. But as the bloodthirsty Vasilisa exerts her power, pushing Bellona to the brink of war, Evie's fate becomes clear: she must become a fearsome gladiator herself and kill the queen. *Ai Weiwei's Blog* Ai Weiwei, 2011-03-18

**Manifestos and immodest proposals** from China's most famous artist and activist, culled from his popular blog shut down by Chinese authorities in 2009. In 2006, even though he could barely type, China's most famous artist started blogging. For more than three years, Ai Weiwei turned out a steady stream of scathing social commentary, criticism of government policy, thoughts on art and architecture, and autobiographical writings. He wrote about the Sichuan earthquake and posted a list of the schoolchildren who died because of the government's豆腐工程 (tofu dregs engineering). He reminisced about Andy Warhol and the East Village art scene, described the irony of being investigated for fraud by the Ministry of Public Security, made a modest proposal for tax collection. Then on June 1, 2009, Chinese authorities shut down the blog. This book offers a collection of Ai's notorious online writings translated into English, the most complete public documentation of the original Chinese blog available in any language. The New York Times called Ai a figure of Warholian celebrity. He is a leading figure on the international art scene, a regular in museums and biennials, but in China he is a manifold and controversial presence: artist, architect, curator, social critic, justice seeker. He was a consultant on the design of the famous Bird's Nest stadium but called for an Olympic boycott; he received a Chinese Contemporary Art lifetime achievement award in 2008 but was beaten by the police in connection with his citizen investigation of earthquake casualties in 2009. Ai Weiwei's Blog documents Ai's

passion his genius his hubris his righteous anger and his vision for China      *He-Man and the Masters of the Universe: A Character Guide and World Compendium* Val Staples, James Eatock, Josh de Lioncourt, Danielle Gelehrter, 2017-05-23 This is the most comprehensive guide ever published covering all things Masters of the Universe and Princess of Power from 1982 through today The universe of He Man and She Ra is full of mystery And thanks to over four thousand individual entries covering characters beasts vehicles locations weapons and magic you can learn the secrets of this entire universe      *Lend Me an Ear: Temperament, Selection and Training of the Hearing Ear Dog* Martha Hoffman, 2013      Simon & Schuster's Guide to Dogs Gino Pugnetti, 1980-11-15 With more than 250 000 copies in print Simon Schuster's Guide to Dogs is the best guide available whether you need a dog book for general identification or to select the breed that is most suitable for you With more than 320 breeds of dogs described and illustrated in full color this book provides quick access to essential information on physical and psychological characteristics and care required The entries for each breed give details on weight height markings and type of coat as well as information on personality traits origins uses and care Each entry also features easy to read visual symbols that indicate for example whether a breed of dog is good with children or has a tendency to bite whether a breed is well suited as a hunting dog or a guard dog whether the dog needs to be kept outdoors or indoors or can live happily in the city and much more Filled with useful information and illustrated throughout Simon Schuster's Guide to Dogs is a valuable reference to the world of canines      **Resistance, Revolution and Other Love Stories** K., 2020-11-05 Is love the most revolutionary of all acts In this wide ranging collection of twelve short stories a startling array of characters explore their perspectives on love The stories sweep from sharp realism to heady allegory haunting fables to sci fi thrillers starring teens and drifting husbands futuristic automatons and talking dogs gardeners and gatekeepers a blind girl a young father and many more In Calamity Jane see love through the eyes of teenage boys obsessed with the calamitous girl of the title revisit the famous Greek love story in Orpheus and Eurydice Dan's mechanical automaton seems to be his truest friend in the harshly conformist world of Automatonatopoeia a Crimean revolutionary gets waylaid at a mysterious gate in The Invitation on a construction site in Yugoslavia a young man tries to come to grips with unconventional fatherhood in Vikings and in The Conversation a blind woman manages her relationship with a hectoring mother while finding other types of love These are just a few of the tales in Resistance Revolution and Other Love Stories Anyone interested in the struggle against stifling societal powers and the potency of love will see some of themselves in these pages By turns exciting meditative and funny these enjoyable thought provoking stories will linger long after the book is closed Let the revolution begin      150 *Activities For Bored Dogs* Sue Owens Wright, 2007-03-01 Is your least favorite part of the day leaving your best friend behind Are you tired of coming home to chewed up sofas and shoes and garbage in places it shouldn't be Now you can turn your bored dog into an active dog with 150 Activities for Bored Dogs With a great mix of activities for the home alone dog as well as activities that let you in on the fun 150 Activities for Bored Dogs includes chapters on Fun Fur One Fun Fur Two and Fun
