Still Waters Run Deep John Swinton,Elizabeth MacKinlay,2023-09-26 This book brings together theologians clergy people with dementia carers clinicians and others to offer a holistic interdisciplinary exploration of dementia which focuses not only on what dementia is and what it is not but more importantly what it means to live well with dementia and to find hope where sometimes it feels like there is no hope Located within practical theology and theological anthropology the diversity of perspectives on dementia presented in this book offers deep insights into what it means to be a human being to live humanly in the midst of difficult situations and helps us understand and navigate the complexities of the dementia journey In offering foundational practical and theoretical

knowledge the book helps cut through the false consciousness of modernity and enter a world where personhood is defined not by our capacities or the loss of them but by God's loving presence. It offers a contextual theological framework to look beyond what we assume to be obvious and to recognize the hidden depths that can be discovered and encountered within individuals as they journey into dementia. In doing so it takes seriously the lived experience of people with dementia and allows that to shape form and perhaps reform our understandings of God, human beings and what it means to live well. Taken as a whole the book posits that together we can reflect upon and act out a hopeful future that makes people's lives meaningful, purposeful and loving even in the midst of the challenges that Dementia brings. *Still Waters Run Deep* will be a key resource for academics, researchers and advanced students of theology, divinity and religious studies, gerontology, psychology, mental health and nursing. The chapters included in this book were originally published as a special issue of *Journal of Religion, Spirituality, Aging*.

State of Terror Louise Penny, Hillary Rodham Clinton, 2021-10-12. AN INSTANT 1 NEW YORK TIMES BESTSELLER. Named one of the most anticipated novels of the season by People, Associated Press, Time, Los Angeles Times, Parade, St. Louis Post Dispatch, The Guardian, Publishers Weekly and more. From the 1 bestselling authors Hillary Clinton and Louise Penny comes a novel of unsurpassed thrills and incomparable insider expertise. *State of Terror*: After a tumultuous period in American politics, a new administration has just been sworn in and to everyone's surprise the president chooses a political enemy for the vital position of secretary of state. There is no love lost between the president of the United States and Ellen Adams, his new secretary of state. But it's a canny move on the part of the president. With this appointment he silences one of his harshest critics since taking the job means Adams must step down as head of her multinational media conglomerate. As the new president addresses Congress for the first time with Secretary Adams in attendance, Anahita Dahir, a young foreign service officer, FSO on the Pakistan desk at the State Department, receives a baffling text from an anonymous source. Too late she realizes the message was a hastily coded warning. What begins as a series of apparent terrorist attacks is revealed to be the beginning of an international chess game involving the volatile and Byzantine politics of Pakistan, Afghanistan and Iran, the race to develop nuclear weapons in the region, the Russian mob, a burgeoning rogue terrorist organization and an American government set back on its heels in the international arena. As the horrifying scale of the threat becomes clear, Secretary Adams and her team realize it has been carefully planned to take advantage of four years of an American government out of touch with international affairs, out of practice with diplomacy and out of power in the places where it counts the most. To defeat such an intricate, carefully constructed conspiracy, it will take the skills of a unique team: a passionate young FSO, a dedicated journalist and a smart, determined but as yet untested new secretary of state. *State of Terror* is a unique and utterly compelling international thriller cowritten by Hillary Rodham Clinton, the 67th secretary of state, and Louise Penny, a multiple award-winning #1 New York Times bestselling novelist.

When I'm Not Me Anymore Rhonda Hoffman,2019-10-08

A familiar stranger That is who my mom became as dementia slowly took hold of her She was someone I knew and loved but not the same person she had been A profound sadness hit me when I realized that my daughters may one day have to deal with me in this same condition and I wanted them to know that who I become if this happens is not really who I am The things I will say and do will be coming from someone who has gradually become a stranger to them Everything about our life together will change when I have nowhere to go and all day to get there forgetting that they still have commitments appointments and things to do We will experience a sense of time travel as my memories from the past become jumbled up in the happenings of each new day The change in my language could bring about surprising and sometimes disturbing conversations as the filters from the past wane and they see me in my uncut glory This is a love letter of instruction to my daughters while I am able to express myself fully with prompts for you to do the same for your children or to chronicle meaningful times in the lives of your parents before the chance is lost forever
