Roth, 2020-06-30 A barn raising A quilting bee A credit union A socially responsible investment *Where the People Go* tells the story of Anabaptist Mennonite efforts to enable communal forms of sharing Mutual aid stewardship and generosity are deeply embedded in the Christian faith and have been actively nurtured among Anabaptist Mennonite groups Spontaneous forms of assistance a barn raising a quilting bee shared meals are the best known expressions of such compassion and generosity but the commitment to sharing one another's burdens has also found expression in more formal structures Seventy five years ago Mennonite Mutual Aid emerged to organize the principle of

sharing within a growing Mennonite denomination A dynamic organization from the beginning MMA moved quickly from a burial and survivor s aid plan to include health property and automobile insurance In coming decades the organization shifted its focus from mutual aid to stewardship and generosity symbolized by a growing emphasis on socially responsible investment programs wholistic health financial planning and services associated with its member owned credit union Always an agency of the Mennonite church MMA now known as Everence has balanced its spiritual commitments with an increasingly complex regulatory environment the national strains associated with the health care debate the shifting sensibilities of its customers and the organizational complexities of a major corporation This story of Everence captures the stresses and idealism of a church related institution committed to mutual aid stewardship and generosity during its seventy five year history

The Protestant Settlers of Israel Joseph B. Yudin,2023-03-06 When conjuring an image of settlers in the Holy Land one hardly envisions vast numbers of European and North American Evangelical Protestants Yet this is precisely the picture set forth in this book The region has witnessed settlement conquest destruction and resettlement from time immemorial But the story of Protestants settling in the Land and staking their own claim while missionizing among the population has yet to be told in its fullness The Protestant Settlers of Israel tells that tale including a discussion of the present day whereabouts of some 100 000 Protestant individuals living in the State of Israel with a steady rate of expansion and growth in some circles

Sketches From Siberia Werner Toews,Anna Sudermann,2018-10-04 A poignant biography of Jacob Davidovitch Sudermann a teacher and artist from a Russian Mennonite community who like so many others fell victim to the bloodthirsty paranoia of the Stalinist purges and died in a Siberian gulag in 1937 Sketches from Siberia is pieced together from letters sketches and paintings done by Sudermann himself during his imprisonment as well as the unpublished memoir of his sister Anna It was Anna and other family members that brought these documents with them when they immigrated to Canada in the late forties This important biography also serves as a valuable cultural history of the plight of the Russian Mennonite community At once moving and chilling it is a story that shows the strength that lies at the heart of kindness the light that outlives the darkness A timely story even eighty years after Sudermann s death it reminds us of the plight of displaced communities around the world today that are struggling to survive

Eastern Mennonite University Donald B. Kraybill,2017-09-12 In this unique educational history Donald B Kraybill traces the sociocultural transformation of Eastern Mennonite University from a fledgling separatist school founded by white rural Germanic Mennonites into a world engaged institution populated by many faith traditions cultures and nationalities The founding of Eastern Mennonite School later Eastern Mennonite University in 1917 came at a pivotal time for the Mennonite community Industrialization and scientific discovery were rapidly changing the world and the increasing availability of secular education offered tempting alternatives that threatened the Mennonite way of life In response the Eastern Mennonites founded a school that would uphold the principles of plainness and simplicity where youth could learn the Bible and develop skills that would help

advance the church In the latter half of the twentieth century the university's identity evolved from separatism to social engagement in the face of churning moral tides and accelerating technology EMU now defines its mission in terms of service peacebuilding and community Comprehensive and well told by a leading scholar of Anabaptist and Pietist studies this social history of Eastern Mennonite University reveals how the school has mediated modernity while remaining consistently Mennonite A must have for anyone affiliated with EMU it will appeal especially to sociologists and historians of Anabaptist and Pietist studies and higher education

The Service of Faith Philip Fountain, 2024-09-03 Founded over a century ago the Mennonite Central Committee MCC is regarded as one of the most important institutional carriers of Canadian and American Mennonite identity Generations of Mennonites and others have served with the organization carrying out development disaster relief and peacebuilding work in over fifty countries globally The Service of Faith offers an ethnography of MCC's Christian development work in Indonesia exploring the challenges conundrums theologies and ethical commitments that shape Mennonite service The success of religious based development work depends on effectively bridging very different cultural and religious worlds Braiding together extensive ethnographic and archival research Philip Fountain analyzes MCC's practices of cultural translation in the Indonesian context While the particularities of Mennonite religious values are deeply influential for MCC's work in practice its humanitarian project involves collaboration with a range of actors who come from widely varied religious positions In taking a nuanced case specific approach to understanding how faith shapes moral projects Fountain challenges mainstream claims to secular neutrality and the tendency to dismiss or disapprove of religious motivations in development work Exploring the diverse ways in which Mennonite convictions permeate MCC's work in Indonesia The Service of Faith confronts the question of whether religion has a legitimate place in international development work

Nes Ammim Gert van Klinken, 2021 Today Europe is a favoured destination for refugees from all over the world We might have forgotten an earlier exodus during the aftermath of the Second World War in the opposite direction Jewish survivors of the Holocaust aimed for Palestine and after 1948 the State of Israel Protestants from the Netherlands Switzerland America and Germany intended to join the Jewish people in their new homeland by building the village Nes Ammim The Netherlands had been occupied during the war Switzerland had remained neutral Germany carried the taints of guilt and defeat the United States the laurels of the victor What made them work together And why did the Americans and the Swiss withdraw in 1967 the year of the Six Day War The many questions surrounding this village do not end here Nes Ammim was founded near Akko in 1962 Just fourteen years earlier a majority of the local population had been Druze or Arab Most of the Arabs ended up as refugees and their land was repurposed for the kibbutzim How did Protestants relate to these events It is not the intention of the author to impose present day views onto the Christian founders of Nes Ammim The challenge of understanding their mindset within the context of their time is exactly what makes them so fascinating

 S. Bender,1990 Peace Clan Peter M. Sensenig,2016-03-02 What happens when North American Mennonite Christians
 arrive in Islamic Somalia The answer according to Peter Sensenig is that something new emerges a peace clan From the first
 schools and medical work in the 1950s up to the educational partnerships of the present day Somalis and Mennonites formed
 a surprising friendship that defied conventional labels Peace Clan is the story of two deeply traditional communities as they
 encounter change How can Somalis apply the profound peacemaking resources of their culture and faith in a society
 fragmented by violence And how can modernizing Mennonites make sense of their peace convictions in the context of civil
 war and military intervention In struggling with these questions over the course of six decades Somalis and Mennonites held
 a mirror up to one another The author shows how the common quest to transform enmity brings out the best in both
 communities and suggests what a fruitful partnership might look like in the present challenges Students academics and lay
 readers alike will find on these pages a compelling invitation to join the peace clan Feeding the Hungry Peter Cornelius
