New Issues In Polar Tourism Communities Environments Politics:

New Issues in Polar Tourism Dieter K. Müller, Linda Lundmark, Raynald H. Lemelin, 2012-12-18 *New Issues in Polar Tourism* traces and analyzes a decade of growing interest in the polar regions and the consequent challenges and opportunities of increasing tourist traffic in formerly remote and seldom visited places. The book arises from the recently formed International Polar Tourism Research Network IPTRN and documents the outcomes of its 2010 conference held at Sweden's Abisko Scientific Research Station.

Polar Tourism and Communities Alix Varnajot, Marisol Vereda, Dimitri Ioannides, 2024-12-23

Prior to the outbreak of the coronavirus pandemic in 2020 the Arctic and Antarctic regions were experiencing significant growth in tourist arrivals. In the aftermath of this global crisis the tourism industry has rebounded and the number of tourists visiting the polar regions is expected to keep growing significantly in the coming years. Remote regions are increasingly accessible as tourism actors develop technologies, diversify activities and itineraries and climate change worsens. In the Arctic tourism now takes place year round through various modalities ranging from exclusive icebreaker expeditions to the North Pole to mass tourism practices in several destinations such as Rovaniemi, Reykjavik, Longyearbyen or Skagway wherein tourism not only brings opportunities but also new challenges to local communities. Meanwhile gateway cities to Antarctica such as Ushuaia and its inhabitants are set to recover from the severe adverse effects due to the virtual standstill of tourism in the region. This book fills the gap in literature on polar tourism and communities. Through several examples encompassing the Arctic and Antarctica various chapters examine how both the tourism industry and various communities impact and influence each other from economic, sociocultural, political and environmental perspectives. This book provides a unique and timely analysis of the complex interactions between polar tourism and local communities and could be of interest to advanced level students and researchers in tourism studies and polar geographies.

The Routledge Handbook of the Polar Regions Mark Nuttall, Torben R. Christensen, Martin Siegert, 2018-07-18

The Routledge Handbook of the Polar Regions is an authoritative guide to the Arctic and the Antarctic through an exploration of key areas of research in the physical and natural sciences and the social sciences and humanities. It presents 38 new and original contributions from leading figures and voices in polar research, policy and practice as well as work from emerging scholars. This handbook aims to approach and understand the Polar Regions as places that are at the forefront of global conversations about some of the most pressing contemporary issues and research questions of our age. The volume provides a discussion of the similarities and differences between the two regions to help deepen understanding and knowledge. Major themes and issues are integrated in the comprehensive introduction chapter by the editors who are top researchers in their respective fields. The contributions show how polar researchers engage with contemporary debates and use interdisciplinary and multidisciplinary approaches to address new developments as well as map out exciting trajectories for future work in the Arctic and the Antarctic. The

handbook provides an easy access to key items of scholarly literature and material otherwise inaccessible or scattered throughout a variety of specialist journals and books A unique one stop research resource for researchers and policymakers with an interest in the Arctic and Antarctic it is also a comprehensive reference work for graduate and advanced undergraduate students

The New Arctic Birgitta Evengård, Joan Nymand Larsen, Øyvind Paasche, 2015-06-11 In the late 18th century explorers and scientists started venturing into the Arctic in a heroic and sometimes deadly effort to understand and unveil the secrets of the unforgiving and mysterious polar region of the high north Despite that the Arctic was already populated mattered less for the first wave of polar researchers and explorations who nevertheless brought back valuable knowledge Today the focus in Arctic science and discourse has changed to one which includes the peoples and societies and their interaction with the world beyond The image of a static Arctic heralded first by explorers prevailed for a long time but today the eyes of the World see the Arctic very differently Few if any other places on Earth are currently experiencing the kind of dramatic change witnessed in the Arctic According to model forecasts these changes are likely to have profound implications on biophysical and human systems and will accelerate in the decades to come The New Arctic highlights how and in what parts the natural and political system is being transformed We re talking about a region where demography culture and political and economic systems are increasingly diverse although many common interests and aspects remain and with the new Arctic now firmly placed in a global context Settlements range from small predominantly indigenous communities to large industrial cities and all have a link to the surrounding environment be it glaciers or vegetation or the ocean itself The New Arctic contributes to our further understanding of the changing Arctic It offers a range of perspectives which reflect the deep insight of a variety of scientific scholars across many disciplines bringing a wide range of expertise The book speaks to a broad audience including policy makers students and scientific colleagues

Tourism Destination Development Arvid Viken, Brynhild Granås, 2016-02-24 Although blurred and heavily contested the concept of tourist destination still deserves careful attention Despite its unstable characteristics destination is a central and meaningful term in play among all parties in the field of tourism including tourists tourism operators and politicians as well as students and tourism scholars This anthology draws on different approaches and discourses of tourism destination development while focusing on how they are shaped and reshaped and how they should be read and rehearsed The book reveals dominant as well as alternative approaches to the field The authors demonstrate how tourism destinations are commercial but socially embedded how they are both material and territorial but at the same time socially constructed how production of touristic brands and images are vital but contested Such tensions are unfolded through paradigmatic discussions and a series of case studies from the northern hemisphere The chapters in the book investigate how destination development is catalysed through theming how changing environments lead to reorientations and how destinations are political Altogether the book provides experts and students with an up to date theoretical and empirical insight into tourist destinations

Sustainable Tourism

and Indigenous Peoples Anna Carr, Lisa Ruhanen, Michelle Whitford, Bernard Lane, 2019-05-17 This book provides a comprehensive detailed and insight rich review of both the positive capacity building cultural conservation and economic opportunities and negative commodification cultural change and possible loss of ownership and control aspects of tourism development in indigenous communities The relationship between tourism and indigenous people provides the ultimate test of sustainable tourism as a concept for tourism management and cultural conservation The chapters range geographically from Central and North America through Africa and Asia to Australia Issues covered include governance and engagement research minority language issues visitor codes of conduct trail development Indigenous product design Indigenous urban festivals Indigenous values and capitalism gentrification heritage interpretation marketing demand world views and representation This book was originally published as a special issue of the Journal of Sustainable Tourism Dipping in to the North Linda Lundmark, Dean B. Carson, Marco Eimermann, 2020-12-01 Dipping in to the North explores how changing mobility and migration is affecting the social economic cultural and environmental characteristics of sparsely populated areas of northern Sweden and places like it It examines who lives in works in and visits the north how and why this has changed over time and what those changes mean for how the north might develop in the future The book draws upon deep expertise and knowledge from a range of social scientists presenting valuable insights in an accessible style for a broad audience Tourism and Indigeneity in the Arctic Arvid Viken, Dieter K. Müller, 2017-05-03 This is the first book to exclusively address tourism and indigenous peoples in the circumpolar North It examines how tourism in indigenous communities is influenced by academic and political discourses and how these communities are influenced by tourism The volume focuses on the ambivalence relating to tourism as a modern force within ethnic groups who are concerned with maintaining indigenous roots and traditional practices It seeks to challenge stereotypical understandings of indigenousness and indigeneity and considers conflicting imaginaries of the Arctic and Arctic indigenous tourism The book contains case studies from Canada Greenland Norway Sweden Finland and Russia and will be of interest to postgraduate students and researchers of tourism geography sociology cultural studies and anthropology **Tourism Encounters and Controversies** Gunnar Thór Jóhannesson, Carina Ren, van der Duim René, 2016-03-09 The multiplicity of tourism encounters provide some of the best available occasions to observe the social world and its making s Focusing on ontological politics of tourism development this book examines how different versions of tourism are enacted how encounters between different versions of tourism orderings may result in controversies but also on how these enactments and encounters are entangled in multiple ways to broader areas of development conservation policy and destination management Throughout the book encounters and controversies are investigated from a poststructuralist and relational approach as complex and emerging seeing the roles and characteristics of related actors as co constituted Inspired by post actor network theory and related research the studies include the social as well as the material but also multiplicity and ontological politics when examining controversial matters

or events Antarctica and the Humanities Roberts Peder, Lize-Marié van der Watt, Adrian Howkins, 2016-08-31 The continent for science is also a continent for the humanities Despite having no indigenous human population Antarctica has been imagined in powerful innovative and sometimes disturbing ways that reflect politics and culture much further north Antarctica has become an important source of data for natural scientists working to understand global climate change As this book shows the tools of literary studies history archaeology and more can likewise produce important insights into the nature of the modern world and humanity more broadly *Arctic tourism in times of change: Seasonality* Rantala, Outi, Barre, Suzanne de la, Granås, Brynhild, Jóhannesson, Gunnar Þór, Müller, Dieter K., Saarinen, Jarkko, Tervo-Kankare, Kaarina, Maher, Patrick T., Niskala, Maaria, 2019-05-03 The seasonal nature of tourism is increasingly receiving the attention of various actors tourism destination planners and economic development strategists at all levels tour operators and the diverse businesses that significantly depend on tourism and the host communities who negotiate tourism's potential to have both positive and negative impacts The research report at hand identifies and discusses four main perspectives on the issues of seasonal tourism in the Arctic local community perspectives employment and workforce issues the Arcticification of northern tourism and global environmental change These themes form the key issues around which the challenges and opportunities related to seasonality of tourism can be placed and worked with Based on the discussion the report outlines recommendations related to developing a thriving and sustainable tourism sector in Arctic Europe **Tourist Behaviour and the New Normal, Volume II** Shem Wambugu Maingi, Vanessa GB Gowreesunkar, Maximiliano E Korstanje, 2024-02-06 This book delves into tourist behavior and sustainable tourism especially in the post pandemic era Amid the pandemic Ukraine Russia tensions social shifts geopolitical changes and climate concerns the tourism industry has witnessed significant shifts in travel patterns The sector now grapples with newfound complexities driven by emerging tourism experiences niche markets and technology driven services Interestingly these complexities have paved the way for more sustainable consumption patterns Contributors in Volume II explore sustainable development with topics such as environmental and economic sustainability as well as governance and ethics covered Taken together these collections propose solutions in nine thematic areas that are relevant to the UN Sustainable Development Goals *Arctic Tourism in Times of Change:: Dimensions of Urban Tourism* Müller, Dieter K., Carson, Doris A., de la Barre, Suzanne, Granås, Brynhild, 2020-09-28 Available online <https://pub.norden.org/temanord2020529> Tourism has grown in many Arctic peripheries of northern Europe and North America particularly among international markets interested in unique Arctic nature and culture based assets In this context urban places have remained relatively neglected The report brings together case studies from several northern peripheries to illustrate the diversity of urban Arctic tourism and to identify implications for sustainable tourism development across the North The case studies indicate that the Arctic dimensions of urban tourism are not always self evident and tourism has not developed in relation to the northern culture of these places However in a global competition for capital and people urban places seem to be increasingly using the

Arctic as a way to boost local economies and reimagine their places in order to achieve individual local regional and national development goals *Handbook of Research on International Collaboration, Economic Development, and Sustainability in the Arctic* Erokhin, Vasili, Gao, Tianming, Zhang, Xiuhua, 2018-12-28 Global interest in the exploration of the Arctic has been growing rapidly As the Arctic becomes a global resource base and trade corridor between the continents it is crucial to identify the dangers that such a boom of extractive industries and transport routes may bring on the people and the environment The Handbook of Research on International Collaboration Economic Development and Sustainability in the Arctic discusses the perspectives and major challenges of the investment collaboration and development and commercial use of trade routes in the Arctic Featuring research on topics such as agricultural production environmental resources and investment collaboration this book is ideally designed for policymakers business leaders and environmental researchers seeking coverage on new practices and solutions in the sphere of achieving sustainability in economic exploration of the Arctic region *Library and Information Sciences in Arctic and Northern Studies* Spencer Acadia, 2024-05-17 The role of library and information sciences LIS in for and about Arctic and Northern studies is underexplored This book examines the intersection of LIS and Arctic Northern scholarship research and study by considering the Arctic and North as a global information knowledge society demonstrates practical and applied ways that librarians archivists curators and other information scholars and professionals can participate and have participated in real activities within Arctic and Northern environments explains how LIS as a discipline focused on data information and knowledge has a significant role to play in Arctic and Northern endeavours and emphasises the inter multi disciplinary nature of what are Arctic studies and Northern studies and the placement of LIS into that structure Even though LIS has historically been overlooked in Northern and Arctic matters this book suggests that LIS is in a remarkable position to add value to future Arctic Northern studies This book is of interest to scientists researchers scholars educators professionals and students globally working in Northern and Arctic contexts and or with Northern and Arctic pursuits in mind *Renewable Economies in the Arctic* David C. Natcher, Timo Koivurova, 2021-12-24 This book offers multidisciplinary perspectives on renewable economies in the Arctic and how these are being supported scientifically economically socially and politically by Arctic states The economic development of the Arctic region is witnessing new innovative trends which hold promise for the sustainable development of the region This book discusses the emerging forms of renewable economies to understand where intellectual and technological innovations are being made It draws on the expertise of scholars from across the Arctic and provides the reader with a foundation of knowledge to identify the unique challenges of the region and explore opportunities to unlock the immense potential of renewable resources to boost the region's economy This book offers a holistic Arctic perspective against the backdrop of prevailing social economic and climatic challenges With critical insights on the economic state of play and the role of renewable resources in the development of the Arctic region this book will be a vital point of reference for Arctic scholars

communities and policy makers Tourism Resilience and Adaptation to Environmental Change Alan A. Lew, Joseph M. Cheer, 2017-07-31 In recent years resilience theory has come to occupy the core of our understanding and management of the adaptive capacity of people and places in complex social and environmental systems Despite this tourism scholars have been slow to adopt resilience concepts at a time when the emergence of new frameworks and applications is pressing Drawing on original empirical and theoretical insights in resilience thinking this book explores how tourism communities and economies respond to environmental changes both fast natural hazard disasters and slow incremental shifts It explores how tourism places adapt change and sometimes transform or not in relation to their environmental context with an awareness of intersection with societal dynamics and links to political economic and social drivers of change Contributions draw on empirical research conducted in a range of international settings including indigenous communities to explore the complexity and gradations of environmental change encounters and resilience planning responses in a range of tourism contexts As the first book to specifically focus on environmental change from a resilience perspective this timely and original work makes a critical contribution to tourism studies tourism management and environmental geography as well as environmental sciences and development studies **Perspectives on Rural Tourism Geographies** Rhonda L. Koster, Doris A. Carson, 2019-03-14 This book examines rural tourism across three different contexts acknowledging the complexity of rural places It applies a systematic comparative framework across nine case studies from Australia Canada and Sweden The case studies address the uniqueness of different rural spaces while the framework incorporates many theoretical aspects from human geography including spatial historic institutional demographic socio economic and network perspectives In the course of applying this comparative case study framework the book identifies numerous implications for planning and policy in rural settings These contributions from international expert authors help to identify the opportunities and challenges that affect rural regions from places at the urban fringe to exotic remote spaces and taking in the boring bits in between Both the analysis and the framework used will be of value to scholars and students of rurality tourism regional development rural policy geography and destination management Readers will gain a deeper understanding of the rural context in developed countries and a robust conceptualization of rural tourism geographies **Arctic Sustainability Research** Andrey N. Petrov, Shauna BurnSilver, F. Stuart Chapin III, Gail Fondahl, Jessica K. Graybill, Kathrin Keil, Annika E. Nilsson, Rudolf Riedlsperger, Peter Schweitzer, 2017-07-14 The Arctic is one of the world's regions most affected by cultural socio economic environmental and climatic changes This book offers key insights into the history current state of knowledge and the future of sustainability and sustainable development research in the Arctic Written by an international interdisciplinary team of experts i
