*The Minor Prophets as Christian Scripture in the Commentaries of Theodore of Mopsuestia and Cyril of Alexandria* Hauna T. Ondrey, 2018-05-30 This work compares the Minor Prophets commentaries of Theodore of Mopsuestia and Cyril of Alexandria isolating the role each interpreter assigns the Twelve Prophets in their ministry to Old Testament Israel and the texts of the Twelve as Christian scripture Hauna T Ondrey argues that Theodore does acknowledge christological prophecies as distinct from both retrospective accommodation and typology A careful reading of Cyril s Commentary on the Twelve limits the prospective christological revelation he ascribes to the prophets and reveals the positive role he grants the Mosaic law prior to Christ s advent Exploring secondly the Christian significance Theodore and Cyril assign to Israel s exile and restoration reveals that Theodore s reading of the Twelve Prophets while not attempting to be christocentric is nevertheless self consciously Christian Cyril unsurprisingly offers a robust Christian reading of the Twelve yet this too must be expanded by his focus on the church and concern to equip the church through the ethical paideusis provided by the plain sense of the prophetic text Revised descriptions of each interpreter lead to the claim that a recent tendency to distinguish the Old Testament interpretation of Theodore negatively and Cyril positively on the basis of their christocentrism obscures more than it clarifies and polarizes no less than earlier accounts of Antiochene Alexandrian exegesis The conclusion argues against replacing old dichotomies with new and advocates rather for an approach that takes seriously Theodore s positive account of the unity and telos of the divine economy and the full range of Cyril s interpretation

**Heaven Upon Earth** Jeffrey K. Jue, 2006-06-28 1 i

THE HISTORY OF BRITISH APOCALYPTIC THOUGHT The study of early modern Britain between the Reformation of the 1530s and the Wars of the Three Kingdoms of the 1640s has undergone a series of historiographical revisions The dramatic events during that century were marked by a religious struggle that produced a Protestant nation divided internally yet clearly opposed to Rome Likewise the political environment instilled a sense of responsible awareness regarding the

administration of the realm and the defense of constitutional liberty Whig Historians from the nineteenth century described these changes as a Puritan Revolution Essentially this was England's inevitable march towards enlightenment as a result of religious and political maturation Subsequent Marxist historians attributed these radical changes to socio economic factors Britain was witnessing the decline of the medieval feudal system and the rise of a new capitalist class Both of these early views claimed that brewing social political and economic unrest culminated in extreme radical action More recently beginning in the 1980s new studies appeared that began to challenge these old assumptions Relying on careful archival research many of these studies discarded the former conception of this period as revolutionary instead arguing that the Reformation was in fact a gradual and unpopular process In Margo Todd ed *Reformation to Revolution Politics and Religion in Early Modern England* London and New York 1995 p 12 S R Gardiner *The First Two Stuarts and the Puritan Revolution* London 1876

**The Case for Progressive Dispensationalism** Robert Saucy, 2010-12-21 Debate abounds on the future of Israel and Israel's relation to the church not only between dispensationalists and non dispensationalists but among dispensationalists themselves In the past that debate has sometimes been acrimonious and proponents of the differing viewpoints have found little common ground In recent years however views have been modified and developed so that the dialogue is increasingly by cooperation and a mutual exploration of diverse ideas The Case for Progressive Dispensationalism is intended to enlighten the debate in that same irenic spirit The book is solidly dispensational in perspective in affirming that the Old Testament prophecies are completely fulfilled in the future that the nation of Israel has a prophetic future and that Israel is not the church Dr Saucy departs from classic dispensationalism however in showing that 1 the fulfillment of Old Testament prophecy begins in the present church age and 2 the church is not a parenthesis in God's program but represents a continuity with the Old Testament messianic program This modified dispensationalism seeks to satisfy many of the objections of non dispensational approaches to eschatology while retaining the crucial elements of biblical interpretation that characterize dispensational thought
