New York Masjid Ed Grazda, Jerrilynn Denise Dodds, 2002 New York Masjid Mosques of New York took root on February 26 1993 in the midst of an urban crisis the World Trade Center bombing But ultimately more destructive to the city at that time were the tidal waves of toxic and reductive one line headlines that followed in the written and televised media Muslim Terrorist leaving a kind of easy familiar code name for terror To counteract this stereotype scholar Jerrilynn D Dodds joined forces with photographer Edward Grazda to document the Islamic presence in New York by focusing on the places Muslims congregate to worship their god the Mosque New York Masjid Mosques of New York is an insightful and unbiased account of a much maligned and rapidly growing culture around the world taken in perhaps the one place in the world where all manifestations of religious adherents live and work New York City The book features photographs essays and interviews documenting the mosques that New York's Muslim communities have built at their center revealing the ways these buildings reflect and create identities for Muslims within a dense and diverse urban fabric Mr Grazda's penetrating black and white photographs and Ms Dodd s insightful commentaries reveal the range of the city s Islamic houses of worship and their ethnic congregations The New York Times The Encyclopedia of New York City Kenneth T. Jackson, Lisa Keller, Nancy Flood, 2010-12-01 Covering an exhaustive range of information about the five boroughs the first edition of The Encyclopedia of New York City was a success by every measure earning worldwide acclaim and several awards for reference excellence and selling out its first printing before it was officially published But much has changed since the volume first appeared in 1995 the World Trade Center no longer dominates the skyline a billionaire businessman has become an unlikely three term mayor and urban regeneration Chelsea Piers the High Line DUMBO Williamsburg the South Bronx the Lower East Side has become commonplace To reflect such innovation and change this definitive one volume resource on the city has been completely revised and expanded The revised edition includes 800 new entries that help complete the story of New York from Air Train to E ZPass from September 11 to public order The new material includes broader coverage of subject areas previously underserved as well as new maps and illustrations Virtually all existing entries spanning architecture politics business sports the arts and more have been updated to reflect the impact of the past two decades The more than 5 000 alphabetical entries and 700 illustrations of the second edition of The Encyclopedia of New York City convey the richness and diversity of its subject in great breadth and detail and will continue to serve as an indispensable tool for everyone who has even a passing interest in the American metropolis A Community of Many Worlds The Museum of the City of New York, 2002-06-01 New York City's main Arab communities exemplify the continuity and change that has taken place throughout the city's rich history The Museum of the City of New York in partnership with the Middle East Institute at Columbia University and a group of local Arab and non Arab scholars activists and educators undertook a long overdue exploration of New York's Arab populations The result is a revealing collection of writings and photographs that document

and tell the stories of these communities Rethinking Place in South Asian and Islamic Art, 1500-Present Deborah S. Hutton, Rebecca M.
