laypersons and scholars alike It is a unique work which does not have serious rivals in the biblical creationist book market The lack of a good and comprehensive introductory book was the main reason why I started to write the book in the first place I have made use of the best available scholarly literature Christian as well as secular The book contains a lot of my own research but it is also in very good agreement with the archaeological articles written by A J M Osgood can be read at creation com and the books of David Down Unwrapping the Pharaohs and Unveiling the Kings of Israel for example FFFK follows the absolute chronology of Floyd Nolen Jones The Chronology of the Old Testament As a Bible faithful narrative introduction to the history and archaeology of the ancient Near East From Flood to Fallen Kingdoms is far better than the existing apologetic works that come towards the genre of FFFK Evidence for the Bible by Clive Anderson and Brian Edwards Ancient Post Flood History by Ken Johnson The World s Story 1 The Ancients by Angela O Dell for example From Flood to Fallen Kingdoms will strengthen the faith of numerous believing readers who take the Holy Scriptures seriously They will also be surprised to see how well the first five post flood centuries from Ararat to Abraham which until now have been in great darkness can be elucidated through proper interpretation of biblical and archaeological evidence **The**

**Metaphysical World of Isaac Newton** John Chambers, 2018-02-13 Newton s heretical yet incisive writings on theology spirituality alchemy and prophecy written in secret alongside his Principia Mathematica Shows how Newton s brilliance extended far beyond math and science into alchemy spirituality prophecy and the search for lost continents such as Atlantis Explains how he was seeking to rediscover the one true religion that existed prior to the Flood of Noah when science and spirituality were one Examines Newton s alternate timeline of prehistory and his study of prophecy through the Book of Revelations including his prediction of Apocalypse in the year 2060 Isaac Newton 1643 1727 is still regarded by the world as the greatest scientist who ever lived He invented calculus discovered the binomial theorem explained the rainbow built the first reflecting telescope and explained the force of gravity In his famous masterpiece Principia Mathematica he described the mechanics of the physical universe with unimagined precision proving the cosmos was put together according to laws The perfection of these laws implied a perfect legislator To Newton they were proof that God existed At the same time Newton was writing Principia Mathematica he was writing a twin volume that he might have called had it been completed Principia Theologia Principles of Theology This other masterpiece of Newton kept secret because of the heresies it contained consists of thousands of essays providing incisive answers to the spiritual questions that have plagued mankind through the ages Examining Newton s secret writings John Chambers shows how his brilliance extended into alchemy spirituality the search for lost continents such as Atlantis and a quest to uncover the corrupted texts that were rife in the Bibles of his time Although he was a devout Christian Newton s work on the Bible was focused not on restoring the original Jewish and Christian texts but on rediscovering the one true religion that existed prior to the Flood of Noah when science and spirituality were one The author shows that a single thread runs through Newton s metaphysical explorations He is

attempting to chart the descent of man's soul from perfection to the present day The author also examines Newton's alternate timeline of ancient history and his study of prophecy through the Book of Revelations including his prediction of an Apocalypse in the year 2060 followed by a radically transformed world He shows that Newton's great hope was that these writings would provide a moral compass for humanity as it embarked upon the great enterprise that became our technological world
