Badass Trader Robert J. van Eyden, 2023-07-14 Trading is the hardest way to make easy money New traders are often led to believe that trading must be easy which is true to some extent it has certainly never been easier to trade Barriers to entry are low and you have unlimited earning power You can trade whenever and wherever you like using any of the numerous markets that are available to choose from and you can select a low cost platform from among the many platforms available But new traders soon realise that what is generally called common sense does not work in trading what they have been taught that there is a right way and a wrong way does not seem to apply to trading Why The answer is simple Our brains are not naturally wired for trading but they can be rewired And you will find out how in this book Whether you are a beginner or an experienced trader reading Badass Trader can be a valuable way to learn grow and improve your trading skills setting you on a path to financial well being While both informative and practical the book will also help to rewire your mind stacking the odds of trading success in your favour so that you can get profitable quicker

Copy Paste Adrien Ravon, Diana Ibáñez López, Why Factory, 2017 New A new face A new style Worldwide there is talk of a cult of novelty This is also true in architecture where architects compete

against each other in terms of innovation and originality The Why Factory does things differently and in Copy Paste it explores the possibilities of copying in architecture What are the really original ideas in architecture Isn't it better to ask what someone adds to the existing repertoire and then to evaluate that In science it is common to define originality in that respect This type of attitude seems to be a taboo in architecture So now the time has come to stop this obsessive pursuit of unique authorship The Why Factory brings together diverse viewpoints on the dilemma of copying in architecture along with the ethical and legal obligations This book contains a versatile guide to copying and explores the potential by means of a broad set of scenarios with the help of various tools
