Nice 1814 America Willard Sterne Randall:

Unshackling America Willard Sterne Randall, 2017-06-27 *Unshackling America* challenges the persistent fallacy that Americans fought two separate wars of independence Willard Sterne Randall documents an unremitting fifty year long struggle for economic independence from Britain overlapping two armed conflicts linked by an unacknowledged global struggle Throughout this perilous period the struggle was all about free trade Neither Jefferson nor any other Founding Father could divine that the Revolutionary Period of 1763 to 1783 had concluded only one part the first phase of their ordeal The Treaty of Paris of 1783 at the end of the Revolutionary War halted overt combat but had achieved only partial political autonomy from Britain By not guaranteeing American economic independence and agency Britain continued to deny American sovereignty Randall details the fifty years and persistent attempts by the British to control American trade waters but he also shows how despite the outrageous restrictions the United States asserted the doctrine of neutral rights and developed the world's second largest merchant fleet as it absorbed the French Caribbean trade American ships carrying trade increased five fold between 1790 and 1800 its tonnage nearly doubling again between 1800 and 1812 ultimately making the United States the world's largest independent maritime power In the Words of Our Founders and Other Historians, Philosophers, and Statesmen, Tullius, 2024-12-03 The original summary to this volume of work was necessarily changed by the events of July 13 2024 Seemingly another lone gunman maneuvers his way through dozens of highly trained government law enforcement and intelligence professionals postures himself some 130 yards away from his intended target former US President Donald Trump fires at least six shots and strikes him in the ear Trump amazingly escaping an ugly death The deep state is now quickly circling the wagons trying to control the narrative before anyone can connect and make public the proverbial dots The recent Congressional hearings again show the intentional malfeasance on the part of our leading officials displaying their hatred and arrogance for the American people The circus would be laughable if our situation were not so serious the sheer level of evil that resides within their hearts and minds is truly remarkable They will stop at nothing to bring all the nations into that single world government detailed in the Bible Make no mistake America should these people not be expeditiously removed from their positions of power more destruction will befall us It is at this time and place where Christian tenets must prevail It is in this time where it is for all the marbles From our political birth until today our enemies have been within us Thomas Jefferson labeled this cabalistic group as designing men He made clear that education and morality were necessary keys to maintaining our liberty if education and morality remained close to the hearts and minds of the citizenry then we would pick good leaders and that we must train up each generation to be aware of what is going on in the world to check the tyranny being imposed Just since the 1960's Americans have given up their very lives to expose the real dangers to our republic men influenced and owned by evil belonging to secret societies and taking secret oaths Like President John Kennedy Martin Luther King Jr and Robert Kennedy and so many other lesser known patriots Donald Trump

has called them out He is now squarely in their literal crosshairs But their failure to kill him has awakened many citizens and the annals of history will show John Adams quite correct the Wars of the Reformation Still go on The developed written record given us by many biographers and historians is a shameful propaganda campaign But truth is moving itself into the light designing men of academia too are being exposed Chief Justice John Marshall heralded by legal scholars across the spectrum led a rogue judiciary Henry Clay and Daniel Webster also praised within the written record headed a rogue legislature and President Andrew Jackson a man that Jefferson thought unfit for public office proved a despot to the constitution Indeed these men worked tirelessly to lay the foundations for a consolidated and tyrannical government bringing us to the point we have arrived today Let the truths displayed within these pages be known to the ends of the earth

America's Obsessives Joshua Kendall, 2025-05-01

When most of us think of Charles Lindbergh we picture a dashing twenty five year old aviator stepping out of the Spirit of St Louis after completing his solo flight across the Atlantic What we don't see is the awkward high school student who preferred ogling new gadgets at the hardware store to watching girls walk by in their summer dresses Sure Lindbergh's unique mindset invented the pre flight checklist but his obsession with order also led him to demand that his wife and three German mistresses account for all their household expenditures in detailed ledgers Lucky Lindy is just one of several American icons whom Joshua Kendall puts on the psychologist's couch in America's Obsessives In this fascinating look at the arc of American history through the lens of compulsive behavior he shows how some of our nation's greatest achievements from the

Declaration of Independence to the invention of the iPhone have roots in the disappointments and frustrations of early childhood Starting with the obsessive natures of some of Silicon Valley s titans including Steve Jobs Kendall moves on to profile seven iconic figures such as founding father Thomas Jefferson licentious librarian Melvil Dewey condiment kingpin H J Heinz slugger Ted Williams and Estee Lauder This last personality was so obsessed with touching other women s faces that she transformed her compulsion into a multibillion dollar cosmetics corporation Entertaining and instructive Kendall offers up a few scoops along the way Little do most Americans know that Charles Lindbergh under the alias Clark Kent sired seven children with his three German wives As Lindbergh s daughter Reeve told Kendall Now I know why he was gone so much I also understand why he was delighted when I was learning German

The Historical Origins of Terrorism in America Robert Kumamoto,2014-02-05 When we think of American terrorism it is modern individual terrorists such as Timothy McVeigh that typically spring to mind But terrorism has existed in America since the earliest days of the colonies when small groups participated in organized and unlawful violence in the hope of creating a state of fear for their own political purposes Using case studies of groups such as the Green Mountain Boys the Mollie Maguires and the North Carolina Regulators as well as the more widely known Sons of Liberty and the Ku Klux Klan Robert Kumamoto introduces readers to the long history of terrorist activity in America Sure to incite discussion and curiosity in anyone studying terrorism or early America The Historical Origins of Terrorism in America brings together some of the most radical groups of the American past to show that a technique that we associate with modern atrocity actually has roots much farther back in the country s national psyche
