Nice Hollies Story Brian Southall:

The Hollies Andrew Darlington, 2025-08-15 The road is long with many a winding turn that leads us to who knows where Who knows where Everyone loved The Hollies They were the group s group Never confrontational or rebellious always smartly suited always smiling The band had an unbroken run of immaculate pop singles which while they seldom had that must buy factor of the latest Rolling Stones or Beatles record were hallmarked by tight harmonies and an almost unfailing chart sensibility Throughout the sixties and well into the seventies everyone had at least one or two Hollies singles in their collection and nobody begrudged The Hollies their hits When He Ain t Heavy He s My Brother and Long Cool Woman In A Black Dress became global million sellers The Hollies were inducted into The Rock n Roll Hall Of Fame Graham Nash by then deep into his second career as part of Crosby Stills and Nash was reunited with other members of the outfit on stage together in the March 2010 ceremony This book tells the full story of the band s music from the band s origins in Manchester through the full arc of hits and the albums track by track into the twenty first century then now always Andrew Darlington watched the very first episode of Dr Who he also watched the most recent episode Whatever academic potential he may once have possessed was wrecked by an addiction to loud rock n roll and cheap science fiction which remain the twin poles of what he laughingly refers to as his writing career He is most proud of his parallel universe collection A Saucerful Of Secrets His latest book is a biography of the Beatles spin doctor Derek Taylor For Your Radioactive Children Sonicbond 2020 His writing can be found at Eight Miles Higher andrewdarlington.blogspot.co.uk [Abbey Road: The Story of the World's Most Famous Recording Studios](#) Brian Southall, Peter Vince, Allan Rouse, 2011-08-15 The Beatles final album made London s Abbey Road recording studios forever famous But from their 1931 opening the studios had exerted a unique appeal for almost everyone who recorded there This revised and updated edition includes previously unseen pictures [Stephen Stills: Change Partners](#) David Roberts, David Gedge, 2016-10-28 Stephen Stills is one of the last remaining music legends from the rock era without a biography During his six decade career he has played with all the greats His career sky rocketed when Crosby Stills Nash played only their second gig together at Woodstock in 1969 With the addition of Neil Young the band would go on to play the first rock stadium tour in 1974 Stephen Stills is the only person to have been inducted twice in one night into The Rock and Roll Hall of Fame **London's Working-Class Youth and the Making of Post-Victorian Britain, 1958-1971** Felix Fuhg, 2021-05-20 This book examines the emergence of modern working class youth culture through the perspective of an urban history of post war Britain with a particular focus on the influence of young people and their culture on Britain s self image as a country emerging from the constraints of its post Victorian imperial past Each section of the book Society City Pop and Space considers in detail the ways in which working class youth culture corresponded with a fast changing metropolitan and urban society in the years following the decline of the British Empire Was teenage culture rooted in the urban experience and the transformation of working class neighbourhoods Did youth

subcultures emerge simply as a reaction to Britain's changing racial demographic To what extent did leisure venues and institutions function as laboratories for a developing British pop culture which ultimately helped Britain re-establish its prominence on the world stage These questions and more are answered in this book *Blood Harmony* Barry
