principles of war Pokrant provides a modern relevant and useful way to guide decisions made in times of war **Strategic**

Warning Intelligence John A. Gentry, Joseph S. Gordon, 2019-03-01 John A Gentry and Joseph S Gordon update our understanding of strategic warning intelligence analysis for the twenty first century Strategic warning the process of long range analysis to alert senior leaders to trending threats and opportunities that require action is a critical intelligence function It also is frequently misunderstood and underappreciated Gentry and Gordon draw on both their practitioner and academic backgrounds to present a history of the strategic warning function in the US intelligence community In doing so they outline the capabilities of analytic methods explain why strategic warning analysis is so hard and discuss the special challenges strategic warning encounters from senior decision makers They also compare how strategic warning functions in other countries evaluate why the United States has in recent years emphasized current intelligence instead of strategic warning and recommend warning related structural and procedural improvements in the US intelligence community The authors examine historical case studies including postmortems of warning failures to provide examples of the analytic points they make Strategic Warning Intelligence will interest scholars and practitioners and will be an ideal teaching text for intermediate and advanced students

The Oxford Handbook of Expertise Paul Ward, Jan Maarten Schraagen, Julie Gore, Emilie M. Roth, 2020 The Oxford Handbook of Expertise provides a comprehensive picture of the field of Expertise Studies It offers both traditional and contemporary perspectives and importantly a multidiscipline multimethod view of the science and engineering research on expertise *Hitler's War in Africa 1941-1942* David Mitchelhill-Green, 2021-08-04 Adolf Hitler's war in Africa arose from the urgent need to reinforce the Italian dictator Benito Mussolini whose 1940 invasion of Egypt had been soundly beaten Of secondary importance to his ideological dream of conquering the Soviet Union Germany's Führer rushed a small mechanised force into the unfamiliar North African theatre to stave off defeat and avert any political fallout This fresh account begins with the arrival of the largely unprepared German formations soon to be stricken by disease and heavily reliant upon captured materiel as they fought a bloody series of see-sawing battles across the Western Desert David Mitchelhill Green has gathered a wealth of personal narratives from both sides as he follows the brash exploits of General Erwin Rommel intent on retaking Libya the Nile firmly in his sights Against this backdrop is the brutal human experience of war itself

Fighting Rommel Kaushik Roy, 2019-09-10 Fighting Rommel examines how and why some armies innovate under pressure while others do not Focusing on the learning culture of the British Imperial Forces it looks at the Allied campaign during the Second World War against the Afrika Korps of Rommel The volume highlights the hitherto unexplored yet key role of the British Indian Army the largest volunteer force in the world It also introduces learning culture as a heuristic device Further it goes on to analyze military innovation on the battlefield in victory and defeat A major intervention in the study of the Second World War this book will be indispensable to scholars and researchers of military history especially British and German battlefield history and defence and strategic studies **Routledge Handbook of**

Disinformation and National Security Rubén Arcos,Irena Chiru,Cristina Ivan,2023-11-17 This interdisciplinary Handbook provides an in depth analysis of the complex security phenomenon of disinformation and offers a toolkit to counter such tactics Disinformation used to propagate false inexact or out of context information is today a frequently used tool of political manipulation and information warfare both online and offline This Handbook evidences a historical thread of continuing practices and modus operandi in overt state propaganda and covert information operations Further it attempts to unveil current methods used by propaganda actors the inherent vulnerabilities they exploit in the fabric of democratic societies and last but not least to highlight current practices in countering disinformation and building resilient audiences The Handbook is divided into six thematic sections The first part provides a set of theoretical approaches to hostile influencing disinformation and covert information operations The second part looks at disinformation and propaganda in historical perspective offering case study analysis of disinformation and the third focuses on providing understanding of the contemporary challenges posed by disinformation and hostile influencing The fourth part examines information and communication practices used for countering disinformation and building resilience The fifth part analyses specific regional experiences in countering and deterring disinformation as well as international policy responses from transnational institutions and security practitioners Finally the sixth part offers a practical toolkit for practitioners to counter disinformation and hostile influencing This handbook will be of much interest to students of national security propaganda studies media and communications studies intelligence studies and International Relations in general

The U.S. Navy and the Rise of Great Power Competition James J. Wirtz,Jeffrey E. Kline,James A. Russell,2023-12-22 This volume describes how technological and geo political trends are rapidly transforming maritime affairs A mix of original and previously published material this volume describes how the 21st century great power competition is changing the face of naval operations in general and U S Navy operations in the Western Pacific in particular The rise of an assertive China and its new anti access and area denial capabilities threaten the aircraft carrier based maritime dominance of the U S Navy Military and political trends in the Western Pacific and beyond suggest that the world is encountering a pivotal moment when existing weapons tactics and operations might be rendered obsolete by techno strategic change This volume considers these developments from three perspectives by describing 1 the techno strategic setting 2 the institutional constraints that impede the ability of the U S Navy to respond to these changes and 3 a new approach to naval force planning and strategy to cope with these developments The volume culminates in a discussion of sophisticated strategies and operational concepts that position the U S Navy and its maritime allies and partners to prevail in today s techno strategic churn This book will be of much interest to students of naval policy strategic studies Asia Pacific politics and International Relations
