Mutual Help Groups Organization And Development Sage Human Services Guides:

Mutual Help Groups Phyllis R. Silverman, 1980 will be welcomed by the experienced practitioner as well as the new professional and volunteer. The book is written clearly and provides a valuable service to all those involved by explicitly delineating the roles and functions of the volunteer members of the mutual help group, the professional and the supporting agency, and by highlighting differences between autonomous mutual help groups and those supported by social service organizations. *The Journal of Contemporary Social Work* October 1981 Manual for Working with Parents of Adolescent Drug Users, 1982 Understanding Social Networks Lambert Maguire, 1983 The book is a readable guide to networking theory, research, and practice. Maguire discusses contemporary evidence that social support networks generally made up of nonprofessionals can substitute for or complement professional care. The author has an excellent grasp of the huge academic literature on this subject combined with an easy-to-follow style. *British Journal of Social Work* Volume 14 1984 **Rape, Incest, and Sexual Harassment** Nancy L. Carlson, Kathryn Quina, 1989-12-11 A working guide to the treatment of survivors of sexual victimization. This book treats rape, incest, and harassment as related forms of sexual abuse. It reviews present literature on the long-term effects of sexual assault and considers the services and support that survivors require. Covering a wide range of issues and treatment approaches, focus is placed on the older adolescent and adult. The phases of recovery following sexual abuse are described together with the type of assistance most appropriate at each phase. The authors provide numerous case studies and emphasize the individuality of both survivor and response. This guide should be used by both professional and layperson to help the sexually abused transcend feelings of victimization. *Rape, Incest, and Sexual Harassment* discusses the issues raised by victimization. It then deals with the immediate aftermath of sexual abuse, focusing on crisis intervention and advocacy with respect to emotional, medical, and legal needs. One section devoted to counselors working with long-term effects on survivors matches interventions to the individual client's needs and offers models for counseling frameworks. Special needs are also addressed. The book concludes with a look at the larger social problems associated with abuse and violence. *Current Awareness in Health Education*, 1983-06 **Models of Group Therapy** John B. P. Shaffer, M. David Galinsky, 1989 A revised edition of *Models of group therapy and sensitivity training* 1974. Thirteen types of groups are presented with historical background, description of typical meetings, key concept outline, definition of the role of the leader, and other information.
