Book Mountain Spijkenisse Nicoline Baartman, 2013 The Book Mountain is a building with a mission to encourage a town populated by the least enthusiastic readers in the Netherlands to switch off their televisions and start reading books again This biography of the Book Mountain paints a picture of the town of Spijkenisse and the political and social contexts in which such buildings are realized The story also examines the role of the modern library the essence of a Ville Nouvelle and the search for an alternative for identification and whether or not this should be done through historicizing architecture The often contradictory motives of the protagonists and the context of the project are described in a catchy straightforward style befitting Spijkenisse by former Volkskrant newspaper editor Nicoline Baartman The story is illustrated with photographs by Marcel Veldman and informative graphics by MVRDV Book Mountain Spijkenisse Biography of a building is the story of an architect with a vision a revolutionary councillor the widow of a veterinarian an artsy library director and a visionary hero from India who saves the town It is a fascinating portrayal of life and customs in a new polder town OCLC
