the literature of the time He examines for instance how the great privations of wartime when oranges would be raffled off as valued prizes resulted in roccoco prose styles that dwelt longingly on lavish dinners and how the high mindedness of the era and the almost pathological need to accentuate the positive led to the downfall of the acerbic H L Mencken and the ascent of E B White He also offers astute commentary on Edmund Wilson s argument with Archibald MacLeish Cyril Connolly s Horizon magazine the war poetry of Randall Jarrell and Louis Simpson and many other aspects of the wartime literary world Fussell conveys the essence of that wartime as no other writer before him For the past fifty years the Allied War has been sanitized and romanticized almost beyond recognition by the sentimental the loony patriotic the ignorant and the bloodthirsty Americans he says have never understood what the Second World War was really like In this stunning volume he offers such an understanding The Quarterly Journal of the New York State Historical Association ,1925 *Proceedings of the New York State Historical Association with the Quarterly Journal* New York State Historical Association,1925 *As Seen in Vogue* Daniel Delis Hill,2004 Documents the history of Vogue magazine over the course of the twentieth century and features more than six hundred advertising images that provide insights into the evolution in American fashion society and culture since the magazine s debut in 1893
