New York Times Sunday Book Review:

The Virtue of Suspense Rick Cypert, 2008 Does experiencing a suspenseful situation allow one to develop virtue The suspense writer Charlotte Armstrong 1905-69 no doubt believed that it could In her works she implied the benefits of experiencing suspense by illustrating the rhetorical benefits of resolving it ethically or virtuously Thus in their dealings with other characters her protagonists discover a virtuous approach to resolving suspense that involves an expanded view of the language one uses and the perspective one adopts After writing a number of theatrical plays Armstrong began writing mysteries whodunits and then at the advice of her literary agent changed directions She began writing suspense stories so that her readers if not the other characters would know the identity of the villain This move left her free to focus on how one creates suspense and to what end Her shift in focus coincided with the family's move from New Rochelle NY to Glendale CA in the mid 1940s in time for Armstrong to absorb the elements of suspense in the new genre of film noir Nonetheless while informed by film noir Armstrong's work is set in the everyday the commonplace where with one simple action a series of events are set into motion that keep readers in high suspense In Armstrong's correspondence one observes the lucrative market of women's magazines and newspapers for serialized novels and short stories the painful bottom line of publishing houses the diplomatic skills of literary agents toward their authors the advent of television and its markets for and marketing of literary works and the ever present and ever elusive offers from the film industry This book seeks to understand Armstrong's contribution to popular fiction through an exploration of her childhood diaries her adult correspondence her published and cinematic works the reviews of those works and the recollections of her agent children and grandchildren What emerges is the portrait of a writer whose determination curiosity analytic mien and ideas about humanity shaped her writing in ways that fascinated her critics and readers a fashion that perhaps unconsciously recognized the virtue of suspense in her written works BOOK JACKET Nominations of Jeffrey Garten, Mary Jo Bane, George Munoz, and June Gibbs Brown United States. Congress. Senate. Committee on Finance, 1993 **The Evil of Banality** Elizabeth K. Minnich, 2024-10-08 In this expanded edition of *The Evil of Banality* Elizabeth Minnich argues for a tragic yet hopeful explanation of extensive evil her term for systematic normalized harm doing on the scale of genocide slavery sexualized dominance The book now includes a new preface new chapter and expanded afterword addressing ongoing extensive evils the paradox of lying and the importance of developing the thinking without which conscience remains mute Extensive evils are actually carried out not by psychopaths but by people like your quiet next door neighbor your ambitious colleagues There simply are not enough moral monsters to do the long hard work of extensive evils nor enough saints for extensive good In periods of extensive evil people little different from you and me do its work for no more than a better job a raise the house of the family disappeared last week So how can there be hope Such evils are neither mysterious nor demonic If we avoid romanticizing both the worst and best of which humans are capable we can recognize and say no to extensive evil practice and sustain extensive good where they

In Their Own Words Fred Erisman, 2021-01-15 Amelia Earhart's prominence in American aviation during the 1930s obscures a crucial point she was but one of a closely knit community of women pilots Although the women were well known in the profession and widely publicized in the press at the time they are largely overlooked today Like Earhart they wrote extensively about aviation and women's causes producing an absorbing record of the life of women fliers during the emergence and peak of the Golden Age of Aviation 1925-1940 Earhart and her contemporaries however were only the most recent in a long line of women pilots whose activities reached back to the earliest days of aviation These women too wrote about aviation speaking out for new and progressive technology and its potential for the advancement of the status of women With those of their more recent counterparts their writings form a long sustained text that documents the maturation of the airplane aviation and women's growing desire for equality in American society In Their Own Words takes up the writings of eight women pilots as evidence of the ties between the growth of

Telling the Untold Story Steve Weinberg, 1992 Author of his own controversial unauthorized biography of Armand Hammer Steve Weinberg here shows how a new generation of biographers is revealing the lives of powerful individuals in dramatic and important new ways Trained as investigative journalists today's writers have entered a domain once dominated by university scholars Unlike their more academic predecessors who often wrote nonjudgmental books on the public lives of long dead individuals these new biographers are willing to tackle such powerful living subjects as Nancy Reagan Henry Kissinger Hugh Hefner Pete Rose and Fidel Castro Few of these books are adoring Without cooperation from their subjects and sometimes under threat of lawsuit these writers are probing into private lives and enabling readers to make up their own minds about public figures Tracing the evolution of the craft of biography up to the present day Weinberg draws on interviews with some of today's best biographers as well as his own experience with the Hammer biography to highlight the careers of some of the writers whose work exploded the boundaries of traditional biography When Robert Caro became the first journalist to win a Pulitzer Prize for Biography for his book on Robert Moses it marked the dawn of a new approach to the craft Weinberg also explores the techniques of Philadelphia Inquirer journalists Donald Barlett and James Steele whose jointly authored biographies of Howard Hughes and Nelson Rockefeller mark another sign of how far the genre of biography has come The book is enriched by samples of investigative biography at its best including a scathingly honest profile of the reigning queen of unauthorized biography Kitty Kelley and Calvin Trillin's fascinating New Yorker profile of the Miami Herald's inimitable police reporter Edna Buchanan The living of a life is more difficult than the chronicling of it but the chronicling is certainly no simple task writes Weinberg Telling somebody else's life fully fairly and compellingly is probably an impossible task But it is important to keep pushing the limits of the possible For writers reviewers publishers and general readers Telling the Untold Story is a fascinating look at how a new kind of biographer has forever changed our expectations of the genre and continues to push biography to exciting new limits

Burying the Lead Mal Jay Hyman, 2019-03-01 The Cold War ushered in a time of secrecy and willing media cooperation to keep those secrets But even after winning that war the vault of secrets remains firmly locked especially surrounding John F Kennedy s murder Even for those who fundamentally oppose the current presidential administration notions of a national security state and fake news must be examined to maintain a functional democracy This book explains the rapid decline in confidence in government that started after the assassination of JFK The mainstream media failed to go beyond repeating the official story and by 1991 they along with academe and the government had stopped investigating altogether It was filmmaker Oliver Stone whose film fueled public outrage and led to the JFK Act to declassify all of the remaining documents Almost four million pages of documents were then released that even Congress had not yet seen The JFK Act stated that all files must be released by October 2017 yet thousands are still withheld on the grounds of national security This volume examines the tight alliances that have allowed this cover up for more than 50 years President Kennedy declared in October 1963 that men who create power make an indispensable contribution to a nation s greatness but the men who question power make a contribution just as indispensable especially when they are disinterested for they determine whether we use power or power uses us
