*New Testament Theology in Dialogue* James D. G. Dunn, James Patrick Mackey, 1987      *New Testament Theology in Dialogue* James D. G. Dunn, James Patrick Mackey, 1988-04-01 Discusses the relevance of the New Testament to modern belief and practice looks at systematic theology and compares its views with New Testament theology      *Jews and Christians in Dialogue* John Koenig, 1979      **A Pauline Theology of Church Leadership** Andrew D. Clarke, 2008-01-29 Scholarly studies consider Paul's views on leadership tend to fall into one of three camps 1 the historical development view which in large measure identifies developments in church practice with developments in Pauline and deuterio Pauline ecclesiology 2 the synchronic historical reconstruction typically making use of Graeco Roman social context sources or social scientific modelling focusing on a single congregation and sometimes distinguishing between the situation to which Paul was responding and the pattern he sought to impose and 3 the theological hermeneutical analysis identifying Paul's particular approach to power and authority often independently of any detailed reconstruction of the situations to which Paul was responding Andrew Clarke has explored in an earlier work *Serve the Community of the Church* Eerdmans 2000 the distinctive local and historical situations in the various Pauline communities and concluded that there is no evidence that they organised themselves according to a common set of governmental structures which clearly developed with the passage of time Rather each community was influenced by its own localized social and cultural context The present project builds on this and necessarily focuses on leadership style rather than church order It seeks to recover from Paul's critical responses his generic ethos of church leadership including the ideal qualities characteristics and task of leaders and the nature of appropriate interaction and engagement with church members In the light of current theoretical discussions about power and gender the study focuses particularly on Paul's attitude towards hierarchy egalitarianism authority responsibility and privilege      **Union with Christ in the New Testament** Grant Macaskill, 2013-11-07 This book is a study of the union between God and those he has redeemed as it is represented in the New Testament In conversation with historical and systematic theology Grant Macaskill argues that the union between God and his people is consistently represented by the New Testament authors as covenantal with the participation of believers in the life of God specifically mediated by Jesus the covenant Messiah hence it involves union with Christ Christ's mediation of divine presence is grounded in the ontology of the Incarnation the real divinity and real humanity of his person and by the full divine personhood of the Holy Spirit who unites believers to him in faith His personal narrative of death and resurrection is understood in relation to the covenant by which God's dealings with humanity are ordered In their union with him believers are transformed both morally and noetically so that the union has an epistemic dimension strongly affirmed by the theological tradition but sometimes confused by scholars with Platonism This account is developed in close engagement with the New Testament texts read against Jewish backgrounds and allowed to inform one another as context As a participatory understanding of New Testament soteriology it

is advanced in distinction to other participatory approaches that are here considered to be deficient particularly the so called apocalyptic approach that is popular in Pauline scholarship and those attempts to read New Testament soteriology in terms of theosis elements of which are nevertheless affirmed      **Beyond New Testament Theology** Heikki Räisänen,1990

*Understanding Old Testament Theology* Brittany Kim,Charlie Trimm,2020-12-22 The discipline of Old Testament theology seeks to provide us with a picture of YHWH and his relationship to the world as described in the Old Testament But within this discipline there are many disagreements about the key issues and methodologies Is the Old Testament unified in some way Should the context of the theologian play a role in interpretation Should Old Testament theology merely describe what ancient Israel believed or should it offer guidance for the church today What is the relationship between history and theology All these considerations and more result in so many different kinds of Old Testament theologies and so many publications that it s difficult for students pastors and laity to productively study this already complex field In *Understanding Old Testament Theology* professors Brittany Kim and Charlie Trimm provide an overview of the contemporary approaches to Old Testament theology In three main sections they explore various approaches Part I examines approaches that ground Old Testament theology in history Part II surveys approaches that foreground Old Testament theme s Part III considers approaches that highlight different contexts for doing Old Testament theology Each main chapter describes both common features of the approach and points of tension and then offers a test case illuminating how it has been applied to the book of Exodus Through reading this book you ll hopefully come to see the Old Testament in a fresh light as something that s alive and active continually drawing us into deeper encounters with the living God      **Living in Union with Christ** Grant Macaskill,2019-10-15 Leading New Testament theologian Grant Macaskill introduces Paul s understanding of the Christian life which is grounded in the apostle s theology of union with Christ The author shows that the exegetical foundations for a Christian moral theology emerge from the idea of union with Christ Macaskill covers various aspects of Christian moral theology exploring key implications for the Christian life of the New Testament idea of participatory union as they unfold in Paul s Letters      **The Gospel of John and the Religious Quest** Johannes Nissen,2013-09-24 The Gospel of John and the Religious Quest argues that at its origin the Fourth Gospel was part of a dialogue with various religious traditions and that to this day it is being used in active dialogue with those who live in traditions other than the Christian In the first part of the book Johannes Nissen analyzes a number of texts selected both for their central importance to John s theology and for their special relevance in today s religious quests and encounters These texts focus on John s images of Life water bread light way and tree but also treat concepts that are crucial to the Fourth Gospel Word Truth and Love In the second part Nissen focuses on significant issues for current readers of the Gospel the relation between incarnation and inculturation models for dialogue with other religions images of Christ truth and love as criteria for dialogue and the experience of faith in the light of the Fourth Gospel      **Studia doctrinae Christianae Upsaliensia** Axel Gyllenkrok,1987      Christian Theology and Religious

Pluralism David S Nah,2013-01-31 While much has been written analyzing the philosophical basis of Hick's pluralism very little attention has been devoted to the theological foundations of his argument Filling this gap this book examines Hick's theological attempts to systematically deconstruct the church's traditional incarnational Christology Special attention is given to evaluating Hick's foundational theses **Elenchus of Biblica**,1990 **Theology and Ecology in Dialogue**

Dermot A. Lane,2020-05-21 This book opens with an examination of the meaning of the innocent sounding category of Integral Ecology in contemporary thought and its significance for theology today According to well known Irish theologian Dermot Lane Integral Ecology changes everything In this book he focuses on the neglected implications of Integral Ecology for systematic theology Ecology challenges theology to reimagine who we are who the Spirit of God is who Christ is where creation is going and what is the role of liturgy in society all in the glare of the ecological crisis This book also mines the theology within and behind the ground breaking encyclical Laudato Si On Care for our Common Home Until fairly recently climate change was left to the scientists politicians and activists More is needed Now is the time to hear voice of religion in that debate in the public forum with a view to initiating new transformative practices in society in politics and in religions This new book will be of interest to activists politicians priests christian educators and theologians The book is born out of the conviction that climate change is not just one more problem to be addressed by politicians rather it is the challenge facing humanity in the 21st century and as such is the challenge underlying all other challenges at this moment in history

Anthony C Thiselton and the Grammar of Hermeneutics Robert Knowles,2014-07-08 A provisional and preliminary attempt to show how the formative hermeneutical thinking of Anthony C Thiselton once systematized and critiqued can begin to resolve the major problems found in the discipline of hermeneutics today most notably its varying disunities theoretical practical and inter disciplinary This book aims to show that the formative thinking of Anthony C Thiselton provides valuable insights for a programmatic construction towards a unified hermeneutical theory This construction provides powerful keys for unlocking six contemporary problems in hermeneutics disorganization complexity abstraction theoretical disunity on several levels inter disciplinary polarization and irresponsible interpretation Robert Knowles exhaustive analysis engages critically and creatively The Usefulness of Scripture Daniel Castelo,Sara M. Koenig,David R. Nienhuis,2018-05-04 Robert Wall began his teaching career at Seattle Pacific University in 1978 Now forty years later and in celebration of his seventieth birthday colleagues and former students have gathered to produce this volume in honor of their friend and teacher The results are sure to delight all of those who have studied under or been friends of Professor Wall The essays are grouped under two general themes theology and methodology with an emphasis on Wesleyan biblical hermeneutics canonical perspectives and the implications of these approaches for church life and work and biblical texts themes especially with a view to the relationship of the study of Scripture to the life of the Christian In both of these areas the contributions bear in mind Wall's conviction that academic study and spiritual life need not in fact should not be kept apart The contributors to this
