Metrolingualism Language In The City:

Metrolingualism Alastair Pennycook, Emi Otsuji, 2015 This book is about language and the city Pennycook and Otsuji introduce the notion of metrolingualism showing how language and the city are deeply involved in a perpetual exchange between people history migration architecture urban landscapes and linguistic resources Cities and languages are in constant change as new speakers with new repertoires come into contact as a result of globalization and the increased mobility of people and languages Metrolingualism sheds light on the ordinariness of linguistic diversity as people go about their daily lives getting things done eating and d

The Routledge Handbook of Translation and the City Tong King Lee, 2021-06-27 The Routledge Handbook of Translation and the City is the first multifaceted and cross disciplinary overview of how cities can be read through the lens of translation and how translation studies can be enriched by an understanding of the complex dynamics of the city Divided into four sections the chapters are authored by leading scholars in translation studies sociolinguistics and literary and cultural criticism They cover contexts from Brussels to Singapore and Melbourne to Cairo and topics from translation as resistance to translanguaging and urban design This volume explores the role of translation at critical junctures of a city's historical transformation as well as in the mundane intercultural moments of urban life and uncovers the trope of the translational city in writing This Handbook is critical reading for researchers scholars and advanced students in translation studies linguistics and urban studies

The Complexity of Identity and Interaction in Language Education Nathanael Rudolph, Ali Fuad Selvi, Bedrettin Yazan, 2020-08-07 This book addresses two critical calls pertaining to language education Firstly for attention to be paid to the transdisciplinary nature and complexity of learner identity and interaction in the classroom and secondly for the need to attend to conceptualizations of and approaches to manifestations of inequity in the sociohistorical contexts in which they occur Collectively the chapters envision classrooms and educational institutions as sites both shaping and shaped by larger trans communal negotiations of being and belonging in which individuals affirm and or problematize essentialized and idealized nativeness and community membership The volume comprised of chapters contributed by a diverse array of researcher practitioners living working and or studying around the globe is intended to inform empower and inspire stakeholders in language education to explore potentially reimagine and ultimately critically and practically transform the communities in which they live work and or study

Malinowski,Hiram H. Maxim,2023-09-12 This open access volume offers valuable new perspectives on the question of how mobility locatedness and immersion in the physical world can enhance second language teaching and learning It does so through a diverse array of empirical studies of language literacy and culture learning in the linguistic landscape of visible and audible public discourse Written from conceptually rich and disciplinarily varied perspectives its ten chapters address methodological and practical problems of relating language learning to the lived and rapidly changing places of the late modern world Whether it is within the four walls of a school in a nearby multilingual neighborhood in a virtual telecollaborative space or in any other location where languages may be learned this volume highlights different configurations of learning spaces the leveraging of real world places for critical learning and ways to productively dislocate language learners from preconceived notions and standardized experiences Together these elements create conditions for a language and literacy pedagogy that can be said to be robustly spatialized linguistically and culturally complex geographically situated historically informed dialogically realized and socially engaged **The Routledge Handbook of**

Language and Superdiversity Angela Creese,Adrian Blackledge,2018-02-21 The Routledge Handbook of Language and Superdiversity provides an accessible and authoritative overview of this growing area the linguistic analysis of interaction in superdiverse cities Developed as a descriptive term to account for the increasingly stratified processes and effects of migration in Western Europe superdiversity has the potential to contribute to an enhanced understanding of mobility complexity and change with theoretical practical global and methodological reach With seven sections edited by leading names the handbook includes 35 state of the art chapters from international authorities The handbook adopts a truly interdisciplinary approach covering Cultural heritage Sport Law Education Business and entrepreneurship The result is a truly comprehensive account of how people live work and communicate in superdiverse spaces This volume is key reading for all those engaged in the study and research of Language and Superdiversity within Applied Linguistics Linguistic Anthropology and related areas **Language Learning Environments** Phil Benson,2021-06-04 This book is the first in

depth examination of the application of theories of space to issues of second language learning The author introduces the work of key thinkers on the theory of space and place and the relevance of their ideas to second language acquisition SLA He

also outlines a new conceptual framework and set of terms for researching SLA that centre on the idea of language learning environments The book considers the spatial contexts in which language learning takes place and investigates how these spatial contexts are transformed into individualised language learning environments as learners engage with a range of human and nonhuman and physical and nonphysical resources in their daily lives Revisiting linguistics and language learning theory from a spatial perspective the book demonstrates that the question of where people learn languages is equally as important as that of how they do so This work is essential reading for any researcher wishing to research the role of the environment as an active player in SLA **Research Companion to Language and Country Branding** Irene

Theodoropoulou, Johanna Tovar, 2020-11-16 Research Companion to Language and Country Branding brings together entirely new interdisciplinary research conducted by scholars working on various sociolinguistic semiotic anthropological and discursive analytical aspects of country branding all over the world Branding is a process of identity construction whereby countries gain visibility and put themselves on the world map as distinctive entities by drawing on their history culture economy society geography and their people Through branding countries aim not only at establishing their uniqueness but also and perhaps most importantly at attracting tourism investments high quality human capital as well as at forging financial military political and social alliances Against this backdrop this volume explores how countries and regions imagine and portray others and themselves in terms of gender ethnicity and diversity today as well as the past In this respect the book examines how branding differs from other related policies and practices such as nation building banal nationalism and populism This volume is an essential reference for students researchers and practitioners with an interest in country nation and place branding processes Language, Policy and Territory Wilson McLeod, Rob Dunbar, Kathryn Jones, John

physical and digital linguistic landscapes Based on fieldwork with various Chinese communities in Australia the book offers unique insights into the uses of languages semiotic resources and material objects in public spaces and discusses the motives and ideologies that underline these linguistic and semiotic practices Each chapter frames the sociolinguistic issue emerging from the linguistic landscape under investigation and shows readers how the personal trajectories of individuals the availability of semiotic resources and the historicity of spaces collectively shape the meanings of publicly displayed language items in offline and online spaces Supported by a wealth of interviews media and archival data the book not only advances readers understanding of how linguistic landscape is structured by various historical political and sociocultural factors but also enables them to reimagine the linguistic landscape through the lens of emerging digital methods This book is an ideal resource for researchers advanced undergraduates and graduate students of applied linguistics and sociolinguistics who are interested in the latest advances in linguistic landscape research within virtual and material contexts Chapter 2 of this book is freely available as a downloadable Open Access PDF at <http://www.taylorfrancis.com> under a Creative Commons Attribution Non Commercial No Derivatives CC BY NC ND 4.0 license *The Politics of Translingualism* Jerry Won Lee, 2017-09-22

Translingualism refers to an orientation in scholarship that recognizes the fluidity of language boundaries and endorses a greater tolerance for the plurality of Englishes worldwide However it is possible that translingualism exacerbates the very problems it seeks to redress This book seeks to destabilize underlying attitudes inherent in the narrowly conceptualized view of Englishes by pushing forward current theories of translingualism and integrating cutting edge scholarship from sociolinguistics critical theory and composition studies *The Politics of Translingualism* pays particular attention to the politics of evaluating language including different Englishes at a moment of unprecedented linguistic plurality worldwide The book draws on analyses of a wide range of artifacts from television commercials social media comments contemporary and canonical poetry contemporary and historical English phrasebooks commercial shop signs and the writing of multilingual university students The volume also looks outside the classroom featuring interviews with recruiters in a number of professional fields to examine the ways in which language ideologies about Englishes can impact students entering the workforce This book offers an innovative take on current debates on multilingualism and global Englishes serving as an ideal resource for students and scholars in applied linguistics sociolinguistics composition studies education and cultural studies

Language Teacher Education Beyond Borders Fernando Zolin Vesz, Darío Luis Banegas, Luciana C. de Oliveira, 2024-08-22 This volume looks at the preparation of future critical language teachers in the face of an increasingly multilingual and transcultural contemporary world This is seen through the lens of the collapse of Nation State borders that crumble in the face of migration and the intense flow of languages that comes with it It brings together international research that problematizes theorizes re positions and re conceptualizes myriad structural systemic ideological political and pedagogical issues that intersect with the possibilities and impossibilities of the development of language teachers agency The volume

examines the needs of linguistically diverse student populations and considers the socio cultural and socio political barriers that interfere with the exercise of teacher agency for social justice in language classrooms It offers a theoretical and empirical overview of how language teacher education has addressed multilingualism and transculturalism in critical approaches in many complex countries in their diversity and or postcolonial history including Brazil Qazaqstan Scotland and Thailand

Language and Neoliberal Governmentality Luisa Martín Rojo, Alfonso Del Percio, 2019-06-26 Against a background of the ongoing crisis of global capitalism and the fracturing of the neoliberal project this book provides a detailed account of the ways in which language is profoundly imbricated in the neoliberalising of the fabric of social life With chapters from a cast list of international scholars covering topics such as the commodification of education and language unemployment and the governmentality of the self and discussion chapters from Monica Heller and Jackie Urla bringing the various strands together the book ultimately helps us to understand how language is part of political economy and the everyday making and remaking of society and individuals It provides both a theoretical framework and a significant methodological tool box to critically detect understand and resist the impact of neoliberalism on everyday social spheres particularly in relation to language Presenting richly empirical studies that expand our understanding of how neoliberalism as a regime of truth and as a practice of governance performs within the terrain of language this book is an essential resource for researchers and graduate students in English language sociolinguistics applied linguistics linguistic anthropology and related areas

Language Communities in Japan John C. Maher, 2022-01-21 This book offers a comprehensive sociolinguistic overview of the linguistic situation in Japan Contemporary Japan displays rich linguistic diversity particularly in urban areas but the true extent of this diversity has often been overlooked The contributors to this volume provide a new perspective with detailed accounts of the wide range of languages spoken in different contexts and by different communities across the Japanese archipelago Each chapter focuses on a specific language community and systematically explores the history of the variety in Japanese culture and the current sociolinguistic situation The first part explores the indigenous languages of Japan including the multiple dialects of Japanese itself and the lesser known Ryukyuan and Ainu languages Chapters in Part II look at community languages ranging from the historic minority languages such as Korean and Chinese to the languages spoken by more recent migrant communities such as Nepali Filipino and Persian The final part examines languages of culture politics and modernization from the use of English in international business and education contexts to the ongoing use of Latin and Sanskrit for religious purposes The volume sheds new light on Japan's position as an important multilingual and multicultural society and will be of interest to scholars and students not only of Japanese and sociolinguistics but of Asian studies and migration studies more widely

Responsibility and Language Practices in Place Laura Siragusa, Jenanne K. Ferguson, 2020-08-28 This volume includes chapters by junior and senior scholars hailing from Europe Asia North America and Oceania all of whom sought to understand the social and cultural

implications surrounding how people take responsibility for the ways they speak or write in relation to a place whether it is one they have long resided in recently moved to or left a long time ago The contributors to the volume investigate responsibility in and through language practices as inspired by the roots of the English word itself the ability to respond or mount a response to a situation at hand It is thus a responsive kind of responsibility one that focuses not only on demonstrating responsibility for language but highlighting the various ways we respond to situations discursively and metalinguistically This sort of responsibility is both part of individual and collectively negotiated concerns that shift as people contend with processes related to globalization

Multimodality and Social Interaction in Online and Offline Shopping Gitte Rasmussen, Theo van Leeuwen, 2023-09-29 This collection brings together social semiotic ethnographic and conversation analytic approaches to multimodality in global studies of shopping drawing on the rich diversity of the latest multimodal methods to critically reflect on shopping as a cornerstone of contemporary social life The volume explores shopping as an area of study in its own right with the buying and selling of goods and services a fundamental part of the social and cultural life of human communities for centuries The book looks at both online and offline shopping examining it as both everyday multi sensorial practice and its translation into the interactive text and imagery that comprise the online shopping experience from London street markets to Japanese grocery shops to Danish supermarkets to worldwide online shopping sites Highlighting the diversity of modern multimodal approaches through contributions from established scholars the book critically surveys both the challenges and opportunities in the embodied interactions between buyers and sellers and how these points of connection have been translated and will continue to transform in the age of algorithms and emergent technologies This book will appeal to students and scholars interested in multimodality multimodal conversation analysis social semiotics social interaction and retail studies

Multilingualism, (Im)mobilities and Spaces of Belonging Kristine Horner, Jennifer Dailey-O'Cain, 2019-10-11 Certain forms of mobility and multilingualism tend to be portrayed as problematic in the public sphere while others are considered to be unremarkable Divided into three thematic sections this book explores the contestation of spaces and the notion of borders examines the ways in which heritage and authenticity are linked or challenged and interrogates the intersections between mobility and hierarchies and the ways that language can be linked to notions of belonging and aspirations for mobility Based on fieldwork in Africa Asia Australasia and Europe it explores how language functions as both site of struggle and as a means of overcoming struggle This volume will be of particular interest to scholars taking ethnographic and critical sociolinguistic approaches to the study of language and belonging in the context of globalisation
