## **Mexico And The United States In The Oil Controversy 1917 1942:**

**Mexico and the United States in the Oil Controversy, 1917-1942** Lorenzo Meyer, 2014-11-06 From reviews of the Spanish edition Meyer's perceptive commentary on Mexican power politics presents new insights into the petroleum lobbies in Mexico City and Washington With unbiased empathy he shows the validity of Mexico's complaints about foreigners deriving an overabundance of profit from a nonrenewable natural resource He understands United States history and never abuses his license to criticize Hispanic American Historical Review This useful addition to the literature on twentieth century Mexican United States diplomatic relations is a scholarly work worthy of consideration by all students of the subject American Historical Review Mexico and the United States in the Oil Controversy 1917 1942 explores the relationship between the United States and Mexico during the first half of the twentieth century with special attention to the Mexican nationalization of the oil industry Relying on Mexican archival material never before analyzed the author presents a unique perspective on the period following the Mexican Revolution and Mexico's efforts to diminish its economic dependency on the United States This work not only describes the political and economic struggle between the Mexican government and the U S oil companies but also serves to illustrate in general the nature of dependency between Latin American countries and the United States It will be of interest not only to Mexican specialists but also to diplomatic and economic historians *Visible Ruins* Mónica M. Salas Landa, 2024-05-07 An examination of the failures of the Mexican Revolution through the visual and material records **Mining and Scientific Press**, 1918 The Borderlands Andrew Grant Wood, 2008-01-30 The more than 2 000 mile U S Mexico border is a focus of intense interest today as immigration security and environmental issues dominate the headlines This is the first A to Z encyclopedia to overview the unique and vibrant elements that make up the borderlands More than 150 essay entries provide students and general readers with a solid sense of the U S Mexico border history culture and politics Coverage runs the gamut from key historical and contemporary figures art cuisine sports and religion to education environment legislation radio rhetoric slavery tourism and women in Ciudad Juarez The more than 2 000 mile U S Mexico border is a focus of intense interest today as immigration security and environmental issues dominate the headlines This is the first A to Z encyclopedia to overview the unique and vibrant elements that make up the borderlands More than 150 essay entries provide students and general readers with a solid sense of the U S Mexico border history culture and politics Coverage runs the gamut from key historical and contemporary figures art cuisine sports and religion to education environment legislation radio rhetoric slavery tourism and women in Ciudad Juarez Alphabetical and topical lists of entries in the frontmatter allow readers to find topics of interest quickly as does the index Those looking for more in depth coverage will find many helpful suggestions in the Further Reading section per entry as well as in the Selected Bibliography A chronology and historical photos also complement the text *Antitrust and Regulation During World War I and the Republican Era, 1917-1932* Robert F. Himmelberg, 1994 First Published in 1994 Routledge is an imprint of Taylor Francis an

informa company      **Different Engines** Andrés Burbano, 2023-03-31 Different Engines investigates the emergence of technologies in Latin America to create images sounds video games and physical interactions The book contributes to the construction of a historiographical and theoretical framework for understanding the work of creators who have been geographically and historically marginalized through the study of five exemplary and yet relatively unknown artifacts built by engineers scientists artists and innovators It offers a broad and detailed view of the complex and sometimes unlikely conditions under which technological innovation is possible and of the problematic logics under which these innovations may come to be devalued as historically irrelevant Through its focus on media technologies the book presents the interactions between technological and artistic creativity working towards a wider understanding of the shifts in both fields that have shaped current perceptions practices and design principles while bringing into view the personal social and geopolitical singularities embodied by particular devices It will be an engaging and insightful read for scholars researchers and students across a wide range of disciplines such as media studies art and design architecture cultural history and the digital humanities      **Papers Relating to the Foreign Relations of the United States** United States. Department of State, 1941

American Influence in Greece, 1917-1929 Louis P. Cassimatis, 1988 The diplomatic relations between Greece and the United States in the interwar period have received scant attention from historians primarily because of the non political and non military role of the United States in that part of the world prior to the Second World War The American presence in Greece after 1917 however would be fundamental to the social and economic development of the Greek nation while American influence would eventually permeate all levels of Greek society Dr Cassimatis offers the first full length account of this formative period in the history of Greek American diplomacy The issues separating the governments of the United States and Greece in the 1920s were simultaneously self contained and international in scope For Greece they were self contained because they involved solutions to domestic problems affecting the welfare indeed the survival of the Greek nation Internationally they were interconnected because efforts to bring about their resolution contributed to an American entanglement in the Near East policies of Great Britain France and Italy Thus American loans commercial aggrandizement the inroads of American capital philanthropy and cultural relations were but components of a larger diplomatic setting in which the interests of the United States came into conflict with the interests of the Western European powers      American Foreign Policy in the 1930s Melvyn Dubofsky, Stephen Burwood, 1990      Encyclopedia of U.S. - Latin American Relations Thomas Leonard, Jurgen Buchenau, Kyle Longley, Graeme Mount, 2012-01-31 No previous work has covered the web of important players places and events that have shaped the history of the United States relations with its neighbors to the south From the Monroe Doctrine through today's tensions with Latin America's new leftist governments this history is rich in case studies of diplomatic economic and military cooperation and contentiousness Encyclopedia of U S Latin American Relations is a comprehensive three volume A to Z reference featuring more than 800 entries detailing the political economic

and military interconnections between the United States and the countries of Latin America including Mexico and the nations in Central America the Caribbean and South America Entries cover Each country and its relationship with the United States Key politicians diplomats and revolutionaries in each country Wars conflicts and other events Policies and treaties Organizations central to the political and diplomatic history of the western hemisphere Key topics covered include Coups and terrorist organizations U S military interventions in the Caribbean Mexican American War The Cold War communism and dictators The war on drugs in Latin America Panama Canal Embargo on Cuba Pan Americanism and Inter American conferences The role of commodities like coffee bananas copper and oil Big Stick and Good Neighbor policies Impact of religion in U S Latin American relations Neoliberal economic development model U S Presidents from John Quincy Adams to Barack Obama Latin American leaders from Simon Bolivar to Hugo Chavez With expansive coverage of more than 200 years of important and fascinating events this new work will serve as an important addition to the collections of academic public and school libraries serving students and researchers interested in U S history and diplomacy Latin American studies international relations and current events      *The Intelligence War in Latin America, 1914-1922* Jamie Bisher, 2016-03-07

World War I did not bypass Latin America Within days of the war s outbreak European belligerents mobilized intelligence assets and secret diplomacy to compete for Latin America s allegiances and resources This intelligence war entangled all of the American republics and even Japan Dreary consular offices from the Rio Grande to the Straits of Magellan were abruptly thrust into covert activities trafficking in fugitives running contraband and conducting sabotage Revolutionary and counter revolutionary movements big oil international banks and businesses were also drawn in Drawing on long classified U S intelligence documents this narrative of the Latin American intelligence war reveals the complexity and chaos behind the placid veneer of wartime Pan America The author connects the dots between Mexico City Buenos Aires Guatemala City Lima Havana Santiago Rio de Janeiro Berlin London Washington Tokyo and dozens of safe houses front companies consulates legations and headquarters in between Scores of unrecognized veterans of the intelligence war are revealed      *United States Military Intelligence [1917-1927]: Weekly summaries* United States. War Department. General Staff, 1978      **Mexico and the United States in the Oil Controversy, 1917-1942** Lorenzo Meyer, 1972      *Encyclopedia of U.S. Military Interventions in Latin America* Alan McPherson, 2013-07-08

This unique reference shows how the United States has intervened militarily politically and economically in Central America South America and the Caribbean from the early 19th century to the present day What do baseball American war crimes and a slice of watermelon have in common in the annals of Latin American history Believe it or not this disparate grouping reflects the cultural and historical remnants of America s military and political involvement in the region As early as 1811 the United States began intervening in the affairs of Central America South America and the Caribbean and it hasn t stopped since This compelling reference analyzes both the major interventions and minor conflicts stemming from our nation s military operations in these areas and examines the people

places legislation and strategies that contributed to these events In addition to documented facts and figures the alphabetically organized entries in Encyclopedia of U S Military Interventions in Latin America present fascinating anecdotes on the subject including why the United States once invaded Panama over a slice of watermelon how an intervention in Nicaragua landed our country on trial for war crimes and how the popularity of baseball in Latin America is a direct result of American influence Primary source documents and visual aids accompany the content

**Mexico and the United States in the Oil Controversy, 1917-1942** Lorenzo Meyer, 1977-08-01 From reviews of the Spanish edition Meyer's perceptive commentary on Mexican power politics presents new insights into the petroleum lobbies in Mexico City and Washington With unbiased empathy he shows the validity of Mexico's complaints about foreigners deriving an overabundance of profit from a nonrenewable natural resource He understands United States history and never abuses his license to criticize Hispanic American Historical Review This useful addition to the literature on twentieth century Mexican United States diplomatic relations is a scholarly work worthy of consideration by all students of the subject American Historical Review Mexico and the United States in the Oil Controversy 1917 1942 explores the relationship between the United States and Mexico during the first half of the twentieth century with special attention to the Mexican nationalization of the oil industry Relying on Mexican archival material never before analyzed the author presents a unique perspective on the period following the Mexican Revolution and Mexico's efforts to diminish its economic dependency on the United States This work not only describes the political and economic struggle between the Mexican government and the U S oil companies but also serves to illustrate in general the nature of dependency between Latin American countries and the United States It will be of interest not only to Mexican specialists but also to diplomatic and economic historians

**LaGuardia in Congress** Howard Zinn, 2018-07-05 Fiorello LaGuardia is known best as the tempestuous mayor of New York City in the days when Franklin Delano Roosevelt sat in the White House There had been however an earlier time which matched his mayoralty years in sheer drama and perhaps surpassed them in lasting achievement LaGuardia's years in Congress He served in the House of Representative almost continuously from 1917 to 1933 representing two ethnically diverse congressional districts the Fourteenth Greenwich Village from 1917 to 1919 and the Twentieth East Harlem from 1923 to 1933 Although barred from important committee posts because of his political independence and thus denied from playing a direct role in lawmaking he was a tireless and vocal champion of Progressive causes from allowing more immigration and removing U S troops from Nicaragua to speaking up for the rights and livelihoods of striking miners impoverished farmers oppressed minorities and struggling families A goad to the era's plutocrats and their enablers in government LaGuardia fought for progressive income taxes greater government oversight of Wall Street and national employment insurance for workers idled by the Great Depression In this book first published by Cornell University Press in 1959 Howard Zinn establishes LaGuardia's tenure in Congress as a vital link between the Progressive and New Deal eras offering a lively and informative account of his many

legislative battles his political philosophy and the distinctly urban specifically New York City sensibilities he brought to the Progressive movement

**History of Geoscience** W. Mayer, R.M. Clary, L.F. Azuela, T.S. Mota, S. Wołkowitz ,2017-06-06 The study of the Earth's origin its composition the processes that changed and shaped it over time and the fossils preserved in rocks have occupied enquiring minds from ancient times The contributions in this volume trace the history of ideas and the research of scholars in a wide range of geological disciplines that have paved the way to our present day understanding and knowledge of the physical nature of our planet and the diversity of life that inhabited it To mark the 50th anniversary of the founding of the International Commission on the History of Geology INHIGEO the book features contributions that give insights into its establishment and progress In other sections authors reflect on the value of studying the history of the geosciences and provide accounts of early investigations in fields as diverse as tectonics volcanology geomorphology vertebrate palaeontology and petroleum geology Other papers discuss the establishment of geological surveys the contribution of women to geology and biographical sketches of noted scholars in various fields of geoscience
