## **Miami Now Immigration Ethnicity And Social Change:**

**Miami Now!** Guillermo J. Grenier, Alex Stepick, 1992 In January 1992 articles in the National Geographic Esquire and New York magazines converged on a single theme The topic was not the country's economic troubles or the political battles of an election year but the remarkable events taking place in an American city The city is not one of the nation's largest or one of the most centrally located For many years its familiar profile was that of a semitropical playground with southern style race relations But in the last quarter of a century Miami has been transformed in ways never before experienced by an American city and journalists and literati elsewhere have taken note

**Miami Now!** Guillermo J. Grenier, 1992 The book illustrates the unparalleled happenings in what is arguably the most internationalized American city

**Minority Politics at the Millennium** Richard A. Keiser, Katherine Underwood, 2013-01-11 First published in 2000 This edited collection reviews the developments in theoretical understanding of minority political incorporation The chapters focus on minority groups throughout the US Three Decades of Changing Minority Group Opportunities Richard A Keiser Electoral Arrangements and Minority Political Incorporation Richard L Engstrom Life After Districts Amy B Bridges Katherine Underwood The Dynamo of Urban Growth Immigration Naturalization and the Restructuring of Urban Politics Louis DeSipio Can Cities be Elastic and Democratic too Arnold P Fleischmann Taken In or Just Taken Political Incorporation of African Americans in Cities Rufus Browning Dale Rodgers Marshall David Tabb White Backlash Black Power and Shades of Gray Richard A Keiser Latino Descriptive and Policy Representation in the Midwest Do Traditional Models Apply Thomas Longoria Jr On Asian American political incorporative prospects James S Lai Gay and Lesbian Incorporation into Four Urban Regimes in Upstate New York Donald B Rosenthal A Long and Uncertain Path Looking Ahead to the 21st Century Katherine Underwood

**Ethnic Ironies** Rodolfo O. de la Garza, Louis Desipio, 2018-02-12 Ethnic Ironies describes the role of Latino electorates in national and state level politics during the 1992 elections The book examines Latino politics from the top down looking at the efforts of candidates and campaigns to speak to Latino concerns and to mobilize Latino voters and from the bottom up reviewing the efforts of Latinos to win electoral office and to influence electoral outcomes Chronicling the campaigns and uncovering patterns of Latino influence the core of the book consists of eight state level analyses by experts who have observed firsthand the states with the most sizable Latino electorates An overview chapter synthesizes and integrates the findings of these case studies placing them in national perspective Ethnic Ironies is the third in a series of studies on Latino electoral behavior published by Westview Press including From Rhetoric to Reality Latino Politics in the 1988 Elections and Barrio Ballots Latino Politics in the 1990 Elections This latest study also serves as a companion volume to Latino Voices Mexican Puerto Rican and Cuban Perspectives on American Politics and New Americans by Choice Political Perspectives of Latino Immigrants

Between Two Nations Michael Jones-Correa, 2018-09-05 Immigrants come to the United States from all over Latin America in search of better lives They obtain residency status find jobs pay taxes and they have children who are

American citizens by birth yet decades may go by before they seek citizenship for themselves or become active participants in the American political process *Between Two Nations* examines the lack of political participation among Latin American immigrants in the United States to determine why so many remain outside the electoral process Michael Jones Correa studied the political practices of first generation immigrants in New York City's multiethnic borough of Queens Through intensive interviews and participant observation he found that immigrant participation was stymied both by lack of encouragement to participate and by the requirement to renounce former citizenship which raised the fear of never being able to return to the country of origin The hesitation to naturalize as American citizens can extend over decades leaving immigrants adrift in a political limbo *Between Two Nations* is the first qualitative study of how new immigrants assimilate into American political life Jones Correa reexamines assumptions about Latino politics and the diversity of Latino populations in the United States about the role of informal politics in immigrant communities and about gender differences in approaches to political activity

**In the Barrios** Joan Moore, Raquel Pinderhughes, 1993-08-26 The image of the underclass framed by persistent poverty long term joblessness school dropout teenage pregnancy and drug use has become synonymous with urban poverty But does this image tell us enough about how the diverse minorities among the urban poor actually experience and cope with poverty No say the contributors to *In the Barrios* Their portraits of eight Latino communities in New York Los Angeles Miami Houston Chicago Albuquerque Laredo and Tucson reveal a far more complex reality *In the Barrios* responds directly to current debates on the origins of the underclass and depicts the cultural demographic and historical forces that have shaped poor Latino communities These neighborhoods share many hardships yet they manifest no typical form of poverty Instead each group adapts its own cultural and social resources to the difficult economic circumstances of American urban life The editors point to continued immigration as an issue of overriding importance in understanding urban Latino poverty Newcomers to concentrated Latino areas build a local economy that provides affordable amenities and promotes ethnic institutional development In many of these neighborhoods a network of emotional as well as economic support extends across families and borders The first major assessment of inner city Latino communities in the United States *In the Barrios* will change the way we approach the current debate on urban poverty immigration and the underclass

**Neither Enemies nor Friends** S. Oboler, A. Dzidzienyo, 2005-04-01 In this collection leading scholars focus on the contemporary meanings and diverse experiences of blackness in specific countries of the hemisphere including the United States The anthology introduces new perspectives on comparative forms of racialization in the Americas and presents its implications both for Latin American societies and for Latinos relations with African Americans in the U S

[Drug Use and Ethnicity in Early Adolescence](#) William A. Vega, Andres G. Gil, 2006-04-11 This book presents new and important information about adolescent drug use The book is intended for human service professionals teachers researchers and students interested in the issue of early adolescent drug use and its causes and pervasiveness in a multiethnic population Today the field of adolescent drug use

research relies on integrative models that permit competing explanations of drug use This approach promotes flexibility in testing hypotheses pertinent to adolescents of very different social and cultural backgrounds or personal characteristics Longitudinal studies including the one presented in these pages have identified many risk and protective factors or processes that are linked to adolescent drug use We review these throughout this book and present new information from our own research Our point of departure is to extend and elaborate descriptive research and models of adolescent drug research to cover the unique and diverse experiences of adolescents who are Hispanic African American and White non Hispanic

**Immigrants Outside Megalopolis** Richard C. Jones, 2008-01-01 The booming 1990s saw a new demographic pattern emerging in the United States the shift of immigrants toward smaller towns and metropolitan areas in ethnically homogenous or traditionally bicultural areas These places offer growing specialized economies in need of unskilled or semi skilled and occasionally skilled labor they also offer for some immigrants a favorable physical and social climate Immigrants Outside Megalopolis documents this trend with case studies including Hmong in Wisconsin Iranians in Iowa Mexicans in Kansas and Colorado Vietnamese in coastal Louisiana Mexicans in North Carolina and south Texas Cubans in Arizona Bosnians in upstate New York Asian Indians in north Texas and Ukrainians and Russians in the Willamette Valley of Oregon Truly this process is resulting in a cultural transformation of the U S heartland The implantation of new features on the cultural landscape businesses homes churches schools possessions and the peoples themselves is giving many Americans a world geography lesson at a time when increased world understanding is something the country cannot do without This geography lesson comes at a cost however the difficult process of social adjustment playing out on a daily basis between immigrant and host populations which remains largely unresolved This process is an important focus of Jones s book [A Nation of Peoples](#) Elliott Robert Barkan, 1999-05-30 The debate over America s multiculturalism has been intense for nearly three decades dividing opponents into those insisting on such recognition and those fearing that such a formal acknowledgment will undermine the civic bonds created by a heterogeneous nation Facts have often been the victim in this dispute and few works have successfully attempted to present the broad spectrum of America s ethnic groups in a format that is readable current and authoritative The chapters in this reference book demonstrate that America has been far more than a nation of immigrants it has been a nation of peoples of virtually all races religions and nationalities inclusive of indigenous natives and peoples long present as well as myriad immigrant and refugee groups Not all groups have equally found America to be a land of opportunity and the successes of some groups have come at the expense of others To understand the American experience the reader must not just study the story of immigrants living on the East Coast but also the history of those living in the South Southwest West and even Alaska and Hawaii As a reference book this volume provides thorough coverage of more than two dozen racial ethnic and religious groups in the United States Each chapter is written by an expert contributor and overviews the experiences of one group or a cluster of related groups The chapters are arranged alphabetically and cover

groups such as African Americans American Indians Filipinos Hawaiians Mexicans Mormons and Puerto Ricans To the extent possible each chapter discusses the initial arrival of the group in America the adaptation of the first generation of immigrants the economic political and cultural integration of the group and the status of the group in contemporary American society Each chapter closes with a bibliographical essay and the volume concludes with a review of the most important general works on America s multicultural heritage

**Minority Voting in the United States** Kyle L. Kreider, Thomas J.

Baldino, 2015-12-07 What are the voting behaviors of the various minority groups in the United States and how will they shape the elections of tomorrow This book explores the history of minority voting blocs and their influence on future American elections According to current scholarship the Caucasian population of the United States is expected to be a minority by 2042 As the white majority disappears and politics shift with the changing tide it is important to understand the voting behaviors of the significant minority voting blocs in the United States In this book a variety of voting blocs are examined African Americans women Native Americans Latinos Mexicans Cubans Puerto Ricans South Asians Indians Pakistanis Bangladeshis East Asians Chinese Japanese Koreans Filipinos Pacific Islanders Arab Americans Muslim Americans Jewish Americans and the LGBT community In addition to factual and historical information about the minority voting blocs chapters also explore how Section 5 of the Voting Rights Act of 1965 felon disenfranchisement laws and voter ID laws impact a minority group s voting rights Finally the authors and contributors anticipate which issues are likely to influence each group s voters and affect future elections

News, Neoliberalism, and Miami's Fragmented Urban Space Moses

Shumow, Robert E. Gutsche Jr., 2016-11-23 News Neoliberalism and Miami s Fragmented Urban Space examines cultural and social forces responsible for inequalities that have emerged in the rampant development of Miami as a world city This book argues that neoliberal movements rely on the power of journalistic discourses to authorize and legitimize harmful social acts such as gentrification Moses Shumow and Robert E Gutsche Jr provide original analyses of intersections among memory race capitalism and journalistic power particularly at a time of immense political and environmental change The authors examine changes in neighborhoods and in public private developments that are bound to widen an already great divide between classes and races in South Florida

*Migration and Restructuring in the United States* Kavita Pandit, Suzanne Davies

Withers, 1999 This groundbreaking book examines the links between migration and the United States ongoing economic and demographic revolution Utilizing an explicitly geographic perspective the contributors highlight the crucial role played by scale and spatial context in both immigration and internal migration

**No Justice in the Shadows** Alina Das, 2020-04-14

This provocative account of our immigration system s long racist history reveals how it has become the brutal machine that upends the lives of millions of immigrants today Each year in the United States hundreds of thousands of people are arrested imprisoned and deported trapped in what leading immigrant rights activist and lawyer Alina Das calls the deportation machine The bulk of the arrests target people who have a criminal record so called criminal aliens the majority of whose

offenses are immigration drug or traffic related These individuals are uprooted and banished from their homes their families and their communities Through the stories of those caught in the system Das traces the ugly history of immigration policy to explain how the U S constructed the idea of the criminal alien effectively dividing immigrants into the categories good and bad deserving and undeserving As Das argues we need to confront the cruelty of the machine so that we can build an inclusive immigration policy premised on human dignity and break the cycle once and for all

**The American South in a Global World** James L. Peacock, Harry L. Watson, Carrie R. Matthews, 2006-03-13 Looking beyond broad theories of globalization this volume examines the specific effects of globalizing forces on the southern United States Eighteen essays approach globalization from a variety of perspectives addressing such topics as relations between global and local communities immigration particularly of Latinos and Asians local industry in a time of globalization power and confrontation between rural and urban worlds race ethnicity and organizing for social justice and the assimilation of foreign born professionals From portraits of the political and economic positions of Latinos in Miami and Houston to the effects of mountaintop removal on West Virginia communities these snapshots of globalization across a broad southern ground help redirect the study of the South in response to how the South itself is being reshaped by globalization in the twenty first century Contributors Catherine Brooks Morristown New Jersey David H Ciscel University of Memphis Thaddeus Countway Gulbrandsen University of New Hampshire Carla Jones University of Colorado Boulder Sawa Kurotani University of Redlands Redlands Cal Paul A Levengood Virginia Historical Society Carrie R Matthews University of North Carolina at Chapel Hill Bryan McNeil University of North Carolina at Chapel Hill Marcela Mendoza University of Memphis Donald M Nonini University of Toronto James L Peacock University of North Carolina at Chapel Hill Barbara Ellen Smith University of Memphis Jennie M Smith Berry College Mount Berry Ga Sandy Smith Nonini University of Toronto Ellen Griffith Spears Emory University Gregory Stephens University of West Indies Mona Steve Striffler University of Arkansas Ajantha Subramanian Harvard University Meenu Tewari University of North Carolina at Chapel Hill Lucila Vargas University of North Carolina at Chapel Hill Harry L Watson University of North Carolina at Chapel Hill Rachel A Willis University of North Carolina at Chapel Hill

Rytz, 2013-10-09 This book comprises the first systematic study on the impact of ethnic interest groups on US foreign policy using the case study of how the Cuban American National Foundation CANF influenced the outcome of three different legislative debates that directly affected US Cuba policy

**The Last Mile in Ending Extreme Poverty** Laurence Chandy, Hiroshi Kato, Homi Kharas, 2015-07-20 Viewed from a global scale steady progress has been made in reducing extreme poverty defined by the 1 25 a day poverty line over the past three decades This success has sparked renewed enthusiasm about the possibility of eradicating extreme poverty within a generation However progress is expected to become more difficult and slower over time This book will examine three central changes that need to be overcome in traveling the last mile breaking cycles of conflict supporting

inclusive growth and managing shocks and risks By uncovering new evidence and identifying new ideas and solutions for spurring peace jobs and resilience in poor countries The Last Mile in Ending Extreme Poverty will outline an agenda to inform poverty reduction strategies for governments donors charities and foundations around the world Contents Part I Peace Breaking the Cycle of Conflict External finance for state and peace building Marcus Manuel and Alistair McKechnie Overseas Development Institute Reforming international cooperation to improve the sustainability of peace Bruce Jones Brookings and New York University Bridging state and local communities through livelihood improvements Ryutaro Murotani JICA and Yoichi Mine JICA RI and Doshisha University Postconflict trajectories and the potential for poverty reduction Gary Milante SIPRI Part II Jobs Supporting Inclusive Growth Structural change and Africa s poverty puzzle John Page Brookings Public goods for private jobs lessons from the Pacific Shane Evans Michael Carnahan and Alice Steele Department of Foreign Affairs and Trade Government of Australia Strategies for inclusive development in agrarian Sub Saharan countries Akio Hosono JICA RI The role of agriculture in poverty reduction John McArthur Brookings UN Foundation and Fung Global Institute

*American Studies in a Moment of Danger* George Lipsitz, 2001 The America that seems to be disappearing before our very eyes is George Lipsitz argues actually the cumulative creation of yesterday s struggles over identity culture and power At a critical moment this book offers a richly textured historical perspective on where our notions of national knowledge have come from and where they may lead Showing how American studies has been shaped by the social movements of the 1930s 1960s and 1980s Lipsitz identifies the ways in which the globalization of commerce and culture are producing radically new understandings of politics performance consumption knowledge and nostalgia Book jacket

**The American South in the Twentieth Century** Craig S. Pascoe, Karen Trahan Leathem, Andy Ambrose, 2005 In the South today the sight of a Latina in a NASCAR T shirt behind the register at an Asian grocery would hardly draw a second glance That scenario and our likely reaction to it surely signals something important but what Here some of the region s most respected and readable observers look across the past century to help us take stock of where the South is now and where it may be headed Reflecting the writers deep interests in southern history politics literature religion and other matters the essays engage in new ways some timeless concerns about the region How has the South changed or not changed Has the South as a distinct region disappeared or has it absorbed the many forces of change and still retained its cultural and social distinctiveness Although the essays touch on an engaging diversity of topics including the USDA s crop spraying policies Tom Wolfe s novel *A Man in Full* and collegiate women s soccer they ultimately cluster around a common set of themes These include race segregation and the fall of Jim Crow gender cultural distinctiveness and identity modernization education and urbanization Mindful of the South s reputation for insularity the essays also gauge the impact of federal assistance relocated industries immigration and other outside influences As one contributor writes and as all would acknowledge those who undertake a project like this should bear in mind that they are tracking a target moving constantly but often erratically The

rewards of pondering a place as elusive complex and contradictory as the American South are on full display here     *The Caribbeanization of Black Politics* Sharon D. Wright Austin, 2018-03-01 Examines the continuing ethnic diversification of black America and its impact on black political empowerment In *The Caribbeanization of Black Politics* Sharon D Wright Austin explores the impact of ethnic diversification of African American communities on the prospects for black political empowerment Focusing on Boston Chicago Miami and New York City cities that for the last several years have experienced an influx of black immigrants she surveyed more than two thousand African Americans Cape Verdeans Haitians and West Indians Although many studies conclude that African American group consciousness causes them to participate in politics at higher rates when socioeconomic status is controlled for Wright Austin analyzes whether this is true for other black groups She assesses the current political incorporation of these groups by looking at data on public officeholders and by examining political coalitions and conflicts among the groups and she also discusses the possible future of black political development in these cities The greatest contribution of this book is its analysis of black ethnics in a diverse geographic space Moving beyond the New York City lens to Boston Chicago and Miami is something that has never been done in political science This book is incredibly important Christina M Greer author of *Black Ethnics Race Immigration and the Pursuit of the American Dream*
