## **Michael Kenna Images Of The Seventh Day:**

**Michael Kenna** Sandro Parmiggiani, 2016 A beautifully designed monograph surveying the works of the highly acclaimed contemporary photographer Kenna's photographs captivate viewers through their silent drama and magnetism rather than being accurate descriptions of a place the photographer seems interested in capturing the invisible lines which enclose space and in so doing arousing a viewer's imagination and reverie Michael Kenna is an artist for whom the subject is above all the opportunity for a tremendous but constant variation in his view of the world Michael Kenna was born in England in 1953 but has been living in the United States for thirty years Of the many showings of his works that have been held in public venues and private galleries mention should be made particularly of those in museums in France Japan and the United States the latest being in the French National Library Paris in 2009 Languages English and French **Analog**

**Photography** Bo Belvedere Christensen, 2022 *American Photo*, 1995-09 *Digital Black & White Landscape Photography*, 2015-07-20 Landscape photography is a popular photographic genre and for good reason The great outdoors is an ever ready subject It is variable as well it is affected by changing light decomposition weather human interaction and myriad other factors Its features range from natural to manmade elements and many landscapes are comprised of both Photographers who point their camera's lens at a scene do so in an effort to communicate their feelings about the landscape Rather than simply document the scene they seek to capture the spirit of place perhaps to tell a story or depict a mood They aim to share with viewers the ways in which the scene speaks to them Accomplishing these goals may seem simple at the outset but the task is rife with challenges In this book Gary Wagner shows readers how to create powerful evocative black white landscape photographs filled with beautiful light a full range of tones and exquisite detail Beginning with a look at the gear you'll need to get the best possible images Wagner covers camera's lens types tripods and filters He then discusses the postproduction processes he uses to enhance his images producing breathtaking photographic records of natural and man altered locales Following a run through of the basic tenets of landscape photography Wagner presents 60 of his favorite images for review Readers will find images in six categories 1 Lakes and Streams 2 Trees and Rocks 3 Coastal Seascapes 4 Winter and 5 Man Altered Landscapes This presentation model allows readers to focus on the aspects of landscape photography that most appeal to them or challenge them most With each image presented readers will learn the strategies that went into conceptualizing and creating the shot from exposure to composition to postproduction and more With information on every aspect of creating striking moving landscape images from choosing gear to studying light to calculating ideal exposures to composing images to retouching manipulating the images for breathtaking results to setting up your workflow to ensure that the printed output image meets the strictest criteria this book will prove indispensable to photographers new to landscape photography or those seeking to take their image creation to a whole new level
