Recommender Systems Handbook Francesco Ricci,Lior Rokach,Bracha Shapira,2015-11-17 This second edition of a well received text with 20 new chapters presents a coherent and unified repository of recommender systems major concepts theories methodologies trends and challenges A variety of real world applications and detailed case studies are included In addition to wholesale revision of the existing chapters this edition includes new topics including decision making and recommender systems reciprocal recommender systems recommender systems in social networks mobile recommender systems explanations for recommender systems music recommender systems cross domain recommendations privacy in recommender systems and semantic based recommender systems This multi disciplinary handbook involves world wide experts from diverse fields such as artificial intelligence human computer interaction information retrieval data mining mathematics statistics adaptive user interfaces decision support systems psychology marketing and consumer behavior Theoreticians and practitioners from these fields will find this reference to be an invaluable source of ideas methods and techniques for developing more efficient cost effective and accurate recommender systems Usability Evaluation for In-Vehicle Systems Catherine Harvey,Neville A. Stanton,2016-04-19 Ergonomics often seems to be involved too late in commercial project development processes to have substantive impact on design and usability However in the automotive industry and specifically in relation to In Vehicle Information Systems IVIS a lack of attention to usability can not only lead to poor customer satisfaction it can also present problems This book presents a process which will support the evaluation and modeling of driver interface interactions in a dual task driving context This process consists of a framework of methods which can be used to evaluate and model the usability of In Vehicle information Systems IVIS The book s focus on design and evaluation of IVIS coupled with a systems approach to the concept of usability sets it apart This method presents both an autopsy and diagnostic approach to investigating usability in IVIS Statistical Disclosure Control for Microdata Matthias Templ,2017-05-05 This book on statistical disclosure control presents the theory applications and software implementation of the traditional approach to micro data anonymization including data perturbation methods disclosure risk data utility information loss and methods for simulating synthetic data Introducing readers to the R packages sdcMicro and simPop the book also features numerous examples and exercises with solutions as well as case studies with real world data accompanied by the underlying R code to allow readers to reproduce all results The demand for and volume of data from surveys registers or other sources containing sensible information on persons or enterprises have increased significantly over the last several years At the same time privacy protection principles and regulations have imposed restrictions on the access and use of individual data Proper and secure microdata dissemination calls for the application of statistical disclosure control methods

to the data before release This book is intended for practitioners at statistical agencies and other national and international organizations that deal with confidential data It will also be interesting for researchers working in statistical disclosure control and the health sciences *British Books in Print* ,1985 Emotion Measurement Herbert L. Meiselman,2021-04-09 Emotion Measurement Second Edition highlights key elements of emotions that should be considered in the measurement of emotions in both academic and commercial environments This edition begins with an updated review of basic studies of emotion including the theory physiology and psychology of emotions as these are the foundational studies which food scientists as well as product developers and marketing professionals need to be aware of The second section highlights methods for studying emotions and reviews the different approaches to emotion measurement questionnaire self report behavioral and physiological This section explores the merits of intrinsic versus extrinsic measures of emotion Some new measurement approaches have emerged since the first edition of this book The book then presents practical applications with chapters on emotion research in food and beverage as well as in a range of products and clinical settings The experience in testing product emotions has increased since the first edition when product emotion research was newer Finally Emotion Measurement Second Edition provides coverage of cross cultural research on emotions This is critical because much of the newer commercial research is aimed at markets around the world requiring methods that work in many cultures And the universality of emotions has been a topic of research for decades Taking both an academic and applied approach Emotion Measurement Second Edition will be an invaluable reference for those conducting basic academic research on emotions and for sensory and consumer scientists and the product developers and marketing professionals they work alongside Reviews both the academic and the applied strands of emotion measurement research Focuses on cross cultural studies of emotions which is currently lacking from most of the literature in the field Highlights methods for studying emotions in both basic and applied studies **User Car Buying Guide 1994** Consumer Reports,1994 With the average price of a new car now exceeding 16 000 this guide fully updated and revised annually provides consumers with the kinds of information needed to make the best choices evaluating a used car s fuel economy and performance level as well as its overall quality and repair record **Scientific and Technical Aerospace Reports** ,1975 *Poor's Manual of Railroads* ,1882 Whitaker's Cumulative Book List ,1986 *Mathematical Morphology and Its Applications to Signal and Image Processing* Jón Atli Benediktsson,Jocelyn Chanussot,Laurent Najman,Hugues Talbot,2015-05-15 This book contains the thoroughly refereed proceedings of the 12th International Symposium on Mathematical Morphology ISMM 2015 held in Reykjavik Iceland in May 2015 The 62 revised full papers were carefully reviewed and selected from 72 submissions The papers are organized in topical sections on evaluations and applications hierarchies color multivalued and orientation fields optimization differential calculus and probabilities topology and discrete geometry and algorithms and implementation *Rhetorical Occasions* Michael Bérubé,2007-09-06 A nationally known scholar essayist and public advocate for the humanities Michael Berube has a

rapier wit and a singular talent for parsing complex philosophical theoretical and political questions Rhetorical Occasions collects twenty four of his major essays and reviews plus a sampling of entries on literary theory and contemporary culture from his award winning weblog Selected to showcase the range of public writing available to scholars the essays are grouped into five topical sections the Sokal hoax and its effects on the humanities cosmopolitanism American studies and cultural studies daily academic life inside and outside the classroom the events of September 11 2001 and their political aftermath and the potential discursive and tonal range of academic blog writing In lively and entertaining prose Berube offers a wide array of interventions into matters academic and nonacademic By example and illustration he reminds readers that the humanities remain central to our understanding of what it means to be human
