Dorman,2012-10-11 The American West has taken on a rich and evocative array of regional identities since the late nineteenth century Wilderness wonderland Hispanic borderland homesteader s frontier cattle kingdom urban dynamo Native American homeland *Hell of a Vision* explores the evolution of these diverse identities

during the twentieth century revealing how Western regionalism has been defined by generations of people seeking to understand the West's vast landscapes and varied cultures Focusing on the American West from the 1890s up to the present Dorman provides us with a wide ranging view of the impact of regionalist ideas in pop culture and diverse fields such as geography land use planning anthropology journalism and environmental policy making Going well beyond the realm of literature Dorman broadens the discussion by examining a unique mix of texts He looks at major novelists such as Cather Steinbeck and Stegner as well as leading Native American writers But he also analyzes a variety of nonliterary sources in his book such as government reports planning documents and environmental impact studies *Hell of a Vision* is a compelling journey through the modern history of the American West a key region in the nation of regions known as the United States
