Vasu, Wen Ling Chan, Su Yin Yeap, 2025-10-01 This study traces the socio-political effects of immigration on Singapore and its population, a topic that has been the subject of intense debate in the nation as its population grows increasingly diverse. Beyond the logic of economic imperatives, the book aims to explore the larger consequences of taking in large numbers of immigrants and its analysis should appeal to scholars of migration, social change and public policy. **Importers Manual**

Darryl Whetter, 2021-08-26 This book examines the dynamic landscape of creative education in Asia, exploring the intersection of post-coloniality, translation and creative education in one of the world's most relevant testing grounds for STEM versus STEAM educational debates. Several essays attend to one of today's most pressing issues in Creative Writing education and education generally: the convergence of the former educational revolution of Creative Writing in the anglophone world with a defining aspect of the 21st century: the shift from monolingual to multilingual writers and learners. The essays look at examples from across Asia with specific experience from India, Singapore, China, Hong Kong, the Philippines and Taiwan. Each of the 14 writer-professor contributors has taught Creative Writing substantially in Asia, often creating and directing the first university Creative Writing programs there. This book will be of interest to anyone following global trends within creative writing and those with an interest in education and multilingualism in Asia. *Singapore Travel Guide*
