## **Patriotic Speech On Independence Fil:**

Film in Contemporary Southeast Asia David C. L. Lim, Hiroyuki Yamamoto, 2012-03-12 This book discusses contemporary film in all the main countries of Southeast Asia and the social practices and ideologies which films either represent or oppose. It shows how film acquires signification through cultural interpretation and how film also serves as a site of contestations between social and political agents seeking to promote challenge or erase certain meanings, messages or ideas from public circulation. A unique feature of the book is that it focuses as much on films as it does on the societies from which these films emerge; it considers the reasons for film makers taking the positions they take, the positions and counter positions taken, the response of different communities and the extent to which these interventions are connected to global flows of culture and capital. The wide range of subjects covered include documentaries as political interventions in Singapore, political film makers' collectives in the Philippines and films about prostitution in Cambodia and patriotism in Malaysia and the Chinese in Indonesia. The book analyses films from Burma, Laos, Cambodia, Vietnam, Thailand, Malaysia, Singapore, Indonesia and the Philippines across a broad range of productions such as mainstream and independent features across genres, for example comedy, patriotic, political, historical genres alongside documentary, classic and diasporic films. *In the Name of God and Country* Michael Fellman, 2010-01-01 With insight and originality Michael Fellman argues that terrorism in various forms has been a constant and driving force in American history In part this is due to the nature of American republicanism and

Protestant Christianity which he believes contain a core of moral absolutism and self righteousness that perpetrators of terrorism use to justify their actions Fellman also argues that there is an intrinsic relationship between terrorist acts by non state groups and responses on the part of the state unlike many observers he believes that both the action and the reaction constitute terrorism Fellman s compelling narrative focuses on five key episodes John Brown s raid on Harpers Ferry terrorism during the American Civil War especially race warfare and guerrilla warfare the organized White Line paramilitary destruction of Reconstruction in Mississippi the Haymarket Affair and its aftermath and the Philippine American war of 1899 1902 In an epilogue he applies this history to illuminate the Bush Cheney administration s use of terrorism in the so called war on terror In the Name of God and Country demonstrates the centrality of terrorism in shaping America even to this day
