Tolkien for Beginners Louis Markos, 2022-09-23 Tolkien For Beginners will introduce the reader to the multilayered depth and breadth of Tolkien's tales of Middle earth what critics following Tolkien's lead refer to collectively as his legendarium J R R Tolkien sweeps us away to a distant time and place that is at the same time our own time and place He takes us to a world where difficult choices must be made and are made where character is defined by those choices and

where redemption is possible though not always embraced The Lord of the Rings taps a deep root in the human psyche There is much death destruction and defeat in Tolkien s world but there is even more friendship courage and hope What one remembers when one finishes reading The Lord of the Rings is not the vice of the villains as strong and as well drawn as it is but the virtue that empowers the heroes to resist it even at the cost of their own lives It will be the goal of Tolkien For Beginners to introduce the reader to the multilayered depth and breadth of Tolkien s tales of Middle earth To do justice to the full dimensions of that legendarium author Louis Markos will speak in two voices that of the storyteller who loves the stories he tells and that of the critic who seeks to identify and explicate key themes from those stories In his telling and analysis he will treat the legendarium both as a collection of secondary world myths with their own integrity and as a reflection of Tolkien s Catholic worldview

French Revolutions For Beginners Michael J. LaMonica, 2014-11-11 Allons enfants de la Patrie le jour de gloire est arriv Arise children of the Fatherland the day of glory has arrived These opening lines to La Marseillaise France s famously stirring and evocative national anthem capture perfectly the passion fear and frenetic energy of Republicanism s sanguinary birth on French soil Through the violence of the Revolutions the reign of the Bourbon monarchy came to an end and modern France was born French Revolutions For Beginners examines the several bloody revolutions and counter revolutions throughout the course of the 19th century and the constant upheavals and disruptions in France s ever changing political landscape from 1789 1900 While most people have some familiarity with names like Louis XVI and Napoleon the details of what exactly happened during the French Revolution apart from pithy royal pronouncements about cake eating and the ever falling blade of the guillotine are often difficult to understand and for good reason there were 15 changes of government in less than a century The legacy of the French Revolutions remains with us today we see it all over the world when an oppressed people rise up against an authoritarian regime demanding their rights as citizens be recognized French Revolutions For Beginners presents the major political figures events and hot button political issues of this extremely violent chaotic confusing but exciting period in a way that is accessible interesting and fun to both history buffs and the neophyte alike
