## **Paul An Outline Of His Theology:**

**Paul** Herman Ridderbos, 1997-09-11 This is the English translation of the monumental study of the theology of the Apostle Paul by the Dutch theologian and Biblical scholar Herman Ridderbos *Paul* Michael Wolter, Professor of New Testament at the Faculty of Protestant Theology and Honorary Professor at the Theological Faculty Michael Wolter, 2015-10-17 In this newly translated volume Michael Wolter University of Bonn Germany outlines the architecture of the Apostle's theology Wolter contends that it is indeed possible to discover Paul's core theological commitments despite the fact that the sources for Paul's theology his letters are diverse contextually dependent snapshots of the Apostle's thinking at a particular moment in time Wolter frames Paul's enterprise as a theology of mission and conversion a mission that accounts for the life and preaching of Paul and a conversion that highlights the experience of Christ shared by all believers Pauline theology finds expression in the phrase faith in Christ which refers to the complete reorientation and exclusive new identity of the Christian Wolter places Paul's theology into a narrative context often referred to by Paul himself that emphasizes the time before Paul's conversion Paul's encounter with the risen Christ and the complex events leading to the Antioch incident Wolter then explores the theology of Paul's Gospel and the response to this good news faith before detailing eleven interlocking and overlapping elements of Paul's thought Wolter's outline successfully delineates a theology common to all of Paul's letters and does so without collapsing the texts into a timeless whole By using the language of Paul himself Wolter reveals the unity of Paul's theology while simultaneously unpacking it via categories drawn from modern scholarship Wolter's Paul is as vibrant as it is careful as compelling as it is relevant **Paul, an Outline of His Theology** Herman N. **Paul's Language of Grace in its Graeco-Roman Context** James R. Harrison, 2017-01-03 Paul s Language of Grace in Its Graeco Roman Context was originally published by Mohr Siebeck in 2003 and is now reprinted by Wipf and Stock with a new introduction by its author James R Harrison The book was the first major investigation of charis grace favor in its social political and religious context since G P Wetter s pioneering 1913 monograph on the topic Focusing on the evidence of the inscriptions papyri philosophers and Greek Jewish literature Harrison examined the operations of the eastern Mediterranean benefaction system probing the dynamic of reciprocity between the beneficiary and benefactor whether human or divine Before Paul s converts were first exposed to the gospel they would have held a variety of beliefs regarding the beneficence of the gods The apostle therefore needed to tailor his language of grace as much to the theological and social concerns of the Mediterranean city states in his missionary outreach as to the variegated traditions of first century Judaism In terms of human grace although Paul endorses

the reciprocity system he redefines its rationale in light of the gospel of grace and transforms its social expression in his house churches The explosion of grace language that occurs in 2 Corinthians 8 9 regarding the Jerusalem collection is unusual in its frequency in comparison to the honorific inscriptions underscoring the apostle s distinctive approach to giving Regarding divine beneficence Paul accommodates his gospel to contemporary benefaction idiom But he retains a distinctiveness of viewpoint regarding divine charis it is non cultic it is mediated through a dishonored and impoverished Benefactor it overturns the do ut des expectation I give so that you may give regarding divine blessing in antiquity Harrison s book still remains the authoritative coverage of the Graeco Roman context of charis     The "Man Christ Jesus" Stephen Oliver Stout,2011-06-17 Does the Apostle Paul have any use for the person of Jesus presented in the Gospels Critical scholarship thinks not but this book argues that Paul not only mentions more than seventy specific details of the historical Jesus but he also commends the character of Jesus and echoes His teachings repeatedly in his letters and sermons in full agreement with the Gospel accounts Stout examines Paul s intriguing description of the Man Christ Jesus 1 Tim 2 5 and suggests that this title fulfills the OT expectation of God appearing in human history as a man In his incarnated humanity the Man Christ Jesus accomplished salvation in the historical events of his life and death and in his resurrected humanity he appeared to Paul on the Damascus Road rooting Paul s Christology deeply in human experience Furthermore Stout shows how Paul rests his concept of salvation on a neglected aspect of his doctrine that the entire church is associated with the historical events of the life death and resurrection of Jesus an association which also unites his church with one another in fellowship and service This book then demonstrates that Paul s gospel rests upon Jesus as a man of history who brings salvation into human history in his life death and exaltation as the Man Christ Jesus     *Paul* Herman N. Ridderbos,1977

*The Doctrine on Which the Church Stands or Falls (Foreword by D. A. Carson)* Matthew Barrett,2019-03-14 Many factors contributed to the Protestant Reformation but one of the most significant was the debate over the doctrine of justification by faith alone In fact Martin Luther argued that justification is the doctrine on which the church stands or falls This comprehensive volume of 26 essays from a host of scholars explores the doctrine of justification from the lenses of history the

Bible theology and pastoral practice revealing the enduring significance of this pillar of Protestant theology *Paul and His Letters* F. B. A. Asiedu, 2019-11-20 Paul the apostle and historian Flavius Josephus spent considerable parts of their careers away from Jerusalem They cultivated Roman audiences under very different circumstances Paul with his Letter to the Romans and Josephus with the writings he produced in Rome after the Jewish War Curiously Paul's last visit to Jerusalem coincided with Josephus's entry into public life a period about which Josephus is deliberately silent In *Paul and His Letters* Thinking with Josephus F B A Asiedu selects themes from Josephus's life to explore Paul's letters and biography that contribute to his uniqueness in Jewish history He highlights for example the need to read Romans 9 11 as aporetic discourse to appreciate Paul as an existential thinker Asiedu considers among other things the authenticity of Paul's letters and offers an alternative to the prevailing scholarly consensus He also maintains that the Pauline collection in the New Testament first took shape in the house of Gaius in Corinth where Paul composed his Letter to the Romans Asiedu also suggests that the traditional view that Luke the physician wrote the Acts of the Apostles is probably a mistake He argues that Titus the Greek the coworker and friend of Barnabas and Paul most likely authored it *Paul and His Letters* John B. Polhill, 1999 Except for Christ himself no figure has been more influential in the history of Christianity than the apostle Paul And yet his remarkable life remains shrouded in mystery In this probing new book John B Polhill scrapes away the myths about this great man and uncovers the truth of his life and thought Using Acts the Pauline epistles and reliable traditions from non canonical sources Polhill weaves together the remarkable story of Paul's transformation from persecutor to persecuted producing a dynamic account of his entire ministry By placing each of Paul's letters in its proper historical context Polhill brings new light to these foundation stones of the Christian faith He follows Paul from his early years in Tarsus and Jerusalem to his imprisonment and eventual martyrdom painting a detailed comprehensive portrait of Paul that will serve as an indispensable resource for students teachers and pastors alike *A Guide to Biblical Commentaries and Reference Works, 11th Edition* John F. Evans, 2025-01-21 A Guide to Biblical Commentaries and Reference Works 11th Edition by John F Evans summarizes and briefly analyzes all recent and many older commentaries on each book of the Bible giving insightful comments on the approach of each commentary and its usefulness for biblical interpretation The easy to use book provides analysis in canonical order and includes helpful appendices for compiling a personal research library A Guide to Biblical Commentaries and Reference Works 11th Edition is a key reference tool for any student of the Bible pastors laity and scholars alike

**Imitating Jesus** Richard A. Burridge, 2007-10-22 In contrast to many studies of New Testament ethics which treat the New Testament in general and Paul in particular this book focuses on the person of Jesus himself Richard Burridge maintains that imitating Jesus means following both his words which are very demanding ethical teachings and his deeds and example of being inclusive and accepting of everyone Burridge carefully and systematically traces that combination of rigorous ethical instruction and inclusive community through the letters of Paul and the four Gospels treating specific ethical issues

pertaining to each part of Scripture The book culminates with a chapter on apartheid as an ethical challenge to reading the New Testament using South Africa as a contemporary case study enables Burridge to highlight and further apply his previous discussion and conclusions
