Paul Ortiz's lyrical and closely argued study introduces us to unknown generations of freedom fighters for whom organizing democratically became in every sense a way of life. Ortiz changes the very ways we think of Southern history as he shows in marvelous detail how Black Floridians came together to defend themselves in the face of terror to bury their dead to challenge Jim Crow to vote and to dream. David R. Roediger, author of *Colored White: Transcending the Racial Past*. *Emancipation Betrayed* is a remarkable piece of work, a tightly argued, meticulously researched examination of the first statewide movement by African Americans for civil rights, a movement which since has been effectively erased from our collective memory. The book poses a profound challenge to our understanding of the limits and possibilities of African American resistance in the early twentieth century. This analysis of how a politically and economically marginalized community nurtures the capacity for struggle speaks as much to our time as to 1919. Charles Payne, author of *I've Got the Light of Freedom*. *Popular Culture in the Age of White Flight*. Eric Avila, 2006-04. In *Popular Culture in the Age of White Flight*, Eric Avila offers a unique argument about the restructuring of urban space in the two decades following World War II and the role played by new suburban spaces in dramatically transforming the political culture of the United States. Avila's work helps us see how and why the postwar suburb produced the political culture of balanced budget conservatism that is now the dominant force in politics, how the eclipse of the New Deal since the 1970s represents not only a change of views but also an alteration of spaces. George Lipsitz, author of *The Possessive Investment in Whiteness*. *Pacific Confluence*. Christen T. Sasaki, 2022-11-29. Introduction: Emerging nations, emerging empires, inter-imperial intimacies, and competing settler colonialisms in Hawai'i. At the borders of nation and state: The 1894 Constitutional Convention. Not Yo' Butterfly. Nobuko Miyamoto, 2021-06-15. A mold-breaking memoir of Asian American identity, political activism, community, and purpose. *Not Yo' Butterfly* is the intimate and unflinching life story of Nobuko Miyamoto, artist, activist, and mother. Beginning with the harrowing early years of her life as a Japanese American child navigating a fearful west coast during World War II, Miyamoto leads readers into the landscapes that defined the experiences of twentieth-century America and also foregrounds the struggles of people of color who reclaimed their histories, identities, and power through activism and art. Miyamoto vividly describes her early life in the racialized atmosphere of Hollywood musicals and then her turn toward activism as an Asian American troubadour with the release of *A Grain of Sand*, considered to be the first Asian American folk album. Her narrative intersects with the stories of Yuri Kochiyama and Grace Lee Boggs, influential in both Asian and Black liberation movements. She tells how her experience of motherhood with an Afro-Asian son, as well as a marriage that intertwined Black and Japanese families and communities, placed her at the nexus of the 1992 Rodney King riots and how she used art to create interracial solidarity and conciliation. Through it all, Miyamoto has embraced her identity as an Asian

American woman to create an antiracist body of work and a blueprint for empathy and praxis through community art Her sometimes barbed often provocative and always steadfast story is now told **Health as Property** Nic John

Ramos,2025-12-16 Health as Property shows how responses to racism can be predatory harmful and dangerous to poor people of color Nic John Ramos examines a Black led academic medical center known as King Drew that was built in response to the 1965 Watts Uprising Forged by the political willingness of white voters to experiment with anti poverty programs in poor neighborhoods of color the health system s multiple missions represented the freedom dreams of civil rights Black Power welfare rights and consumer rights activists in the 1960s and 1970s However during Los Angeles s rise as a global city in the 1970s and 1980s white voters desire to realize these dreams was curtailed by renewed narratives of health rooted in racist sexist homophobic and transphobic ideas about poor people of color Instead of working to combat the forces of racial and sexual capitalism underlying health inequality a diverse group of liberal progressive leaders inverted the healthcare aims of King Drew Health as Property demonstrates how healthcare policy in America is both labor and real estate policy and as such preserves health as the property of a select few **Empire's Tracks** Manu Karuka,2019-01-29

Empire s Tracks boldly reframes the history of the transcontinental railroad from the perspectives of the Cheyenne Lakota and Pawnee Native American tribes and the Chinese migrants who toiled on its path In this meticulously researched book Manu Karuka situates the railroad within the violent global histories of colonialism and capitalism Through an examination of legislative military and business records Karuka deftly explains the imperial foundations of U S political economy Tracing the shared paths of Indigenous and Asian American histories this multisited interdisciplinary study connects military occupation to exclusionary border policies a linked chain spanning the heart of U S imperialism This highly original and beautifully wrought book unveils how the transcontinental railroad laid the tracks of the U S Empire **Assimilation** Catherine S.

Ramírez,2020-12-08 For over a hundred years the story of assimilation has animated the nation building project of the United States And still today the dream or demand of a cultural melting pot circulates through academia policy institutions and mainstream media outlets Noting society s many exclusions and erasures scholars in the second half of the twentieth century persuasively argued that only some social groups assimilate Others they pointed out are subject to racialization In this bold discipline traversing cultural history Catherine Ram rez develops an entirely different account of assimilation Weaving together the legacies of US settler colonialism slavery and border control Ram rez challenges the assumption that racialization and assimilation are separate and incompatible processes In fascinating chapters with subjects that range from nineteenth century boarding schools to the contemporary artwork of undocumented immigrants this book decouples immigration and assimilation and probes the gap between assimilation and citizenship It shows that assimilation is not just a process of absorption and becoming more alike Rather assimilation is a process of racialization and subordination and of power and inequality **Possible Histories** Charlotte Karem Albrecht,2023-02-07 A free ebook version of this title is

Colonial Migrants at the Heart of Empire Ismael García-Colón, 2020-02-18 *Colonial Migrants at the Heart of Empire* is the first in depth look at the experiences of Puerto Rican migrant workers in continental U S agriculture in the twentieth century The Farm Labor Program established by the government of Puerto Rico in 1947 placed hundreds of thousands of migrant workers on U S farms and fostered the emergence of many stateside Puerto Rican communities Ismael García-Colón investigates the origins and development of this program and uncovers the unique challenges faced by its participants A labor history and an ethnography *Colonial Migrants* evokes the violence fieldwork food lodging surveillance and coercion that these workers experienced on farms and conveys their hopes and struggles to overcome poverty Island farmworkers encountered a unique form of prejudice and racism arising from their dual status as both U S citizens and as foreign others and their experiences were further shaped by evolving immigration policies Despite these challenges many Puerto Rican farmworkers ultimately chose to settle in rural U S communities contributing to the production of food and the Latinization of the U S farm labor force

Suburban Empire Lauren Hirshberg, 2022-02-15 *Suburban Empire* takes readers to the US missile base at Kwajalein Atoll in the Marshall Islands at the matrix of postwar US imperial expansion the Cold War nuclear arms race and the tide of anti colonial struggles rippling across the world Hirshberg shows that the displacement of indigenous Marshallese within Kwajalein Atoll mirrors the segregation and spatial politics of the mainland US as local and global iterations of US empire took hold Tracing how Marshall Islanders navigated US military control over their lands *Suburban Empire* reveals that Cold War era suburbanization was perfectly congruent with US colonization military testing and nuclear fallout The structures of suburban segregation cloaked the destructive history of control and militarism under a veil of small town innocence

Why Busing Failed Matthew F. Delmont, 2016-03-01 In the decades after the landmark *Brown v Board of Education* Supreme Court decision busing to achieve school desegregation became one of the nation's most controversial

civil rights issues Why Busing Failed is the first book to examine the pitched battles over busing on a national scale focusing on cities such as Boston Chicago New York and Pontiac Michigan This groundbreaking book shows how school officials politicians the courts and the media gave precedence to the desires of white parents who opposed school desegregation over the civil rights of black students This broad and incisive history of busing features a cast of characters that includes national political figures such as then president Richard Nixon Chicago mayor Richard J Daley and antibusing advocate Louise Day Hicks as well as some lesser known activists on both sides of the issue Boston civil rights leaders Ruth Batson and Ellen Jackson who opposed segregated schools and Pontiac housewife and antibusing activist Irene McCabe black conservative Clay Smothers and Florida governor Claude Kirk all supporters of school segregation Why Busing Failed shows how antibusing parents and politicians ultimately succeeded in preventing full public school desegregation
