Corruption in Latin America David Arellano-Gault,2019-09-05 In Corruption in Latin America the reader is presented with an alternative starting point for understanding corruption in this key region The author asserts that corruption is a stable and rational social and organizational mechanism Seen through this lens we can begin to understand why it persists and how to implement strategies to control corruption effectively Beginning with an in depth nuanced examination of the concept of corruption the author establishes the theoretical basis for viewing corruption as a social construct An analysis of the experiences of four countries in the region Argentina Brazil Guatemala and Mexico provides the reader with concrete data from which they can understand how and why these behaviors are reproduced validated and tolerated in everyday settings between governments and citizens governments and firms and firms and clients Once we see corruption as the socially sanctioned norm for getting business done we can begin to produce and propose effective solutions to reduce corruption in Latin America by designing and implementing instruments that transform this dynamic This rigorous and original approach will challenge the reader s assumptions about corruption and will appeal to students of corporate governance international business public management and business ethics **Congressional Record** United States. Congress,2001 The Congressional Record is the official record of the proceedings and debates of the United States Congress It is published daily when Congress is in session The Congressional Record began publication in 1873 Debates for sessions prior to 1873 are recorded in The Debates and Proceedings in the Congress of the United States 1789 1824 the Register of Debates in Congress 1824 1837 and the Congressional Globe 1833 1873 **Expedition to Canaan** Marcus Pleta,2024-07-02 In the 23rd century the fierce dispute between the United States and China continues in another solar system On a planet to be colonized by the Americans six explorers set off on a mission to a continent full of dangers When they get there the explorers discover that China has secretly sent scientists who have created hybrids between humans and the beings that inhabit the place It soon becomes clear that the problems facing the explorers are not limited to the surprises left by the Chinese mission and that nature and the local fauna pose a perhaps greater threat The members of the mission also have to overcome relationship problems among themselves that can have a fundamental influence on the success or
