poetry of antiquity and its demise in twentieth century scepticism but Duffin argues that it may not be as pass as is generally thought The second example is the new disease Hepatitis C Duffin demonstrates that it too stems from ancient tradition and that it has been shaped by discoveries in virology and recent tragedies in transfusion medicine as well as by legislators journalists and patients In any given time and place coherent concepts of disease emerge from combining social cultural legal and scientific preoccupations with current epistemological priorities about what constitutes clear thinking Lovers and Livers will be of special interest to scholars of history philosophy and medicine as well as many others *Ettie Rout: New Zealand's safer sex pioneer* Jane Tolerton, 2015-08-26 Ettie Rout fought a battle for safer sex in the First World War and won She gave New Zealand the best sexual health system when its army adopted her prophylactic kit and made every soldier going on leave take one while she was banned from the pages of the newspapers so New Zealanders wouldn't find out In Paris having transformed Madame Yvonne's into a safer sex brothel she met soldiers at the railway station and convinced them to go there if they chose to have sex Armed with a wicked sense of humour an intolerance of hypocrisy and boundless energy Ettie Rout proved the case for safer sex decades before the term was coined and the soldiers loved her for it This book celebrates an unlikely heroine of the First World War who is now internationally recognised for waging a successful public health crusade A woman way ahead of her time Also available as an eBook [The Family Romance of the Impostor-poet Thomas Chatterton](#) Louise J.
