Excerpt from Handbook on the Law of Partnership Including Limited Partnerships The original arrangement with the publishers contemplated not an entirely new treatise on the law of Partnership but merely a new edition of Mr William George s text on this subject After the work was begun however it seemed advisable to abandon Mr George s text for the most part and to prepare a substantially new treatise using such portions of his work as should be found suitable With the exception therefore of Chapters VIII and IX the present book both in arrangement and text is new A few passages and a number of citations and notes have been taken from Mr George Chapters VIII and IX are reproduced substantially as found in Mr George s book with the addition of later cases The law on the subject being reasonably well worked out in the authorities the aim of the present author has been to make a clear and definite statement of the leading principles in a form serviceable alike to students and practitioners Whatever merit the book has lies in this direction rather than in the discussion of controverted points or the advancement of new theories The citations while including all the leading cases are not exhaustive but are sufficiently full for practical purposes The author acknowledges his great indebtedness for valuable assistance in the task to Mr Henry A Hirshberg and to Mr Oliver S Rundell also to Mr Olcott O Partridge for his preparation of the chapter on Limited Partnerships About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books Find more at www.forgottenbooks.com This book is a reproduction of an important historical work Forgotten Books uses state of the art technology to digitally reconstruct the work preserving the original format whilst repairing imperfections present in the aged copy In rare cases an imperfection in the original such as a blemish or missing page may be replicated in our edition We do however repair the vast majority of imperfections successfully any imperfections that remain are intentionally left to preserve the state of such historical works *Handbook on the Law of Partnerships: Including Limited Partnerships* Eugene Allen Gilmore,2018-02-03 This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it This work was reproduced from the original artifact and remains as true to the original work as possible Therefore you will see the original copyright references library stamps as most of these works have been housed in our most important libraries around the world and other notations in the work This work is in the public domain in the United States of America and possibly other nations Within the United States you may freely copy and distribute this work as no entity individual or corporate has a copyright on the body of the work As a reproduction of a historical artifact this work may contain missing or blurred pages poor pictures errant marks etc Scholars believe and we concur that this work is important enough to be preserved reproduced and made generally available to the public We appreciate your support of the preservation process and thank you
