Party Ideologies In America 1828 1996:

Party Ideologies in America, 1828-1996 John Gerring, 2001-02-05 This book first published in 1998 presents historical analysis of the ideologies of major American parties from the early nineteenth century onwards *The Search for American Political Development* Karen Orren, Stephen Skowronek, 2004-05-24 Orren and Skowronek survey past and current APD scholarship and outline a course of study for the future **The American Political Party System** Michael C.

LeMay, 2017-06-22 What historical factors transformed American politics into the institution we know today This in depth look at America's party system traces its efficacy sustainability and popularity through six influential presidencies spanning 1790 to the present day Did President Obama's election serve as the impetus to the development of a seventh political party system This compelling text sheds light on the American political process as seen through the lens of six pivotal presidencies that shaped America's culture politics and society and considers how our current president may be the latest transformative leader in this lineage Covering two centuries of politics the work offers insight into the American political machine and reveals how and why the two party system became so dominant in American politics Topics include the media's focus on the horse race aspect of elections the declining importance of party identification and the impact of the geographical split that results in swing states and gerrymandered districts The work begins by dividing 200 years of politics into 6 periods influenced by a transformative president and discussing the profile of the party system in each era The next section presents essays contributed by activists across a myriad of political parties and profiles leading political actors and organizations The final section includes tables primary source documents reference lists a detailed glossary and a timeline of the development of American political parties that help elucidate the text and show the role political parties have played throughout history

Party Images in the American Electorate Mark D. Brewer, 2010-04-02 Party affiliation has long been the driving force behind electoral politics in the United States Despite this fact scant attention has been devoted to the American electorate's party images the mental pictures that individuals have about the parties which enable citizens to translate events in the larger political environment into terms meaningful to them as individuals Party images are central to understanding individuals' political perceptions and ultimately voting behavior *Party Images in the American Electorate* systematically examines the substance evolution and manipulation of party images within the American public over the last half century both within the public as a whole and within important subgroups based on class race and ethnicity sex and religiosity Ultimately this important book investigates how these party images are tied into the story of party polarization and how they affect electoral outcomes in the United States **Dynamics of American Political Parties** Mark D. Brewer, Jeffrey M. Stonecash, 2009-07-31 In *Dynamics of American Political Parties* Mark D. Brewer and Jeffrey M. Stonecash examine the process of gradual change that inexorably shapes and reshapes American politics Parties and the politicians that comprise them seek control of government in order to implement their visions of proper public policy To gain control parties need to

win elections and winning elections requires assembling an electoral coalition that is larger than that crafted by the opposition Parties are always looking for opportunities to build such winning coalitions and opportunities are always there but they are rarely if ever without risk Uncertainty rules and intra party conflict rages as different factions and groups within the parties debate the proper course s of action and battle it out for control of the party Parties can never be sure how their strategic maneuvers will play out and even when it appears that a certain strategy has been successful party leaders are unclear about how long apparent success will last Change unfolds slowly in fits and starts

Guide to U.S. Political Parties Marjorie R. Hershey, 2014-04-01 This one volume reference presents the major conceptual approaches to the study of U S political parties and the national party system describing the organization and behavior of U S political parties in thematic narrative chapters that help undergraduate students better understand party origins historical development and current operations Further it provides researchers with in depth analysis of important subtopics and connections to other aspects of politics Key Features Thematic narrative chapters organized into six major parts provide the context as well as in depth analysis of the unique system of party politics in the United States Top analysts of party politics provide insightful chapters that explore how and why the U S parties have changed over time including major organizational transformations by the parties behavioral changes among candidates and party activists and attitudinal changes among their partisans in the electorate The authors discuss the way the traditional concept of formal party organizations gave way over time to a candidate centered model fueled in part by changes in campaign finance the rise of new communication technologies and fragmentation of the electorate This book is an ideal reference for students and researchers who want to develop a deeper understanding of the current challenges faced by citizens of republican government in the United States

The Oxford Handbook of State and Local Government Donald P. Haider-Markel, 2014-04-03 The Oxford Handbook of State and Local Government is an historic undertaking It contains a wide range of essays that define the important questions in the field evaluate where we are in answering them and set the direction and terms of discourse for future work The Handbook will have a substantial influence in defining the field for years to come The chapters critically assess both the key works of state and local politics literature and the ways in which the sub field has developed It covers the main areas of study in subnational politics by exploring the central contributions to the comparative study of institutions behavior and policy in the American context Each chapter outlines an agenda for future research

Split Mark D. Brewer, Jeffrey M. Stonecash, 2007 Talk of politics in the United States today is abuzz with warring red and blue factions The message is that Americans are split due to deeply held beliefs over abortion gay marriage stem cell research prayer in public schools Is this cultural divide a myth the product of elite partisans Or is the split real Yes argue authors Mark Brewer and Jeffrey Stonecash the cultural divisions are real Yet they tell only half the story Differences in income and economic opportunity also fuel division a split along class lines Cultural issues have not displaced class issues as many believe Split shows that both divisions coexist meaning that levels of

taxation and the quality of healthcare matter just as much as the debate over the right to life versus the right to choose. The authors offer balanced objective analysis complete with a wealth of data rich figures and tables to explain the social trends underlying these class and cultural divides and then explore the response of the parties and voters. Offering solid empirical evidence the authors show that how politicians the media and interest groups perceive citizen preferences be they cultural or class based determines whether or not the public gets what it wants. Simply put each set of issues creates political conflict and debate that produce very different policies and laws. With a lively and highly readable narrative students at every level will appreciate the brevity and punch of *Split* and come away with a more nuanced understanding of the divisions that drive the current American polity.

Party Position Change in American Politics David Karol, 2009-11-23 America's two party system is highly stable but its parties issue positions are not. Democrats and Republicans have changed sides on many subjects including trade civil rights defense spending and fiscal policy and polarized on newer issues like abortion and gun control. Yet party position change remains poorly understood. In this book David Karol views parties as coalitions of groups with intense preferences on particular issues managed by politicians. He explains important variations in party position change the speed of shifts the stability of new positions and the extent to which change occurs via adaptation by incumbents. Karol shows that the key question is whether parties are reacting to changed preferences of coalition components incorporating new constituencies or experimenting on groupless issues. He reveals that adaptation by incumbents is a far greater source of change than previously recognized. This study enhances our understanding of parties interest groups and representation.

War, the American State, and Politics since 1898 Robert P. Saldin, 2010-11-01 This book examines major foreign conflicts from the Spanish American War through Vietnam arguing that international conflicts have strong effects on American political parties elections state development and policymaking. First major wars expose and highlight problems requiring governmental solutions or necessitating emergency action. Second despite well known curtailments of civil liberties wars often enhance democracy by drawing attention to the contributions of previously marginalized groups and facilitating the extension of fuller citizenship rights to them. Finally wars affect the party system. Foreign conflicts create crises many of which are unanticipated that require immediate attention supplant prior issues on the policy agenda and engender shifts in party ideology. These new issues and redefinitions of party ideology frequently influence elections by shaping both elite and mass behavior.

Party and Nation Scot J. Zentner, Michael C. LeMay, 2019-12-16 *Party and Nation* examines immigration as a means to understand party competition in American history. The rise of Donald Trump reflects an ongoing regime change in the U S in which multiculturalism and nationalism have emerged as central aspects of the major parties ideological and coalitional bases. This phenomenon of a multiculturalist Democratic Party and a nationalist Republican Party the authors suggest is a dramatic departure from the first American political regime. That older regime was grounded in the Founding generation's commitment to the principle of natural rights and the shaping of a national culture to support

that principle Partisan debates over immigration set into relief the tensions inherent in that commitment The authors present the permutations of that first regime amidst the territorial expansion of the country and the tragic conflicts over slavery and segregation With industrialization the great immigrant wave at the turn of the 20th century and the rise of the progressive administrative state the parties began their century long transformation into the plebiscitary institutions they are today This new political reality it is argued brought with it a situation in which the debate over immigration not only illuminates party differences but has begun to define them

Federalism and the Making of America David Brian Robertson,2013-03
Though Americans rarely appreciate it federalism has profoundly shaped their nation s past present and future Federalism the division of government authority between the national government and the states affects the prosperity security and daily life of every American In this nuanced and comprehensive overview David Brian Robertson shows that past choices shape present circumstances and that a deep understanding of American government public policy political processes and society requires an understanding of the key steps in federalism s evolution in American history The most spectacular political conflicts in American history have been fought on the battlefield of federalism including states rights to leave the union government power to regulate business and responses to the problems of race poverty pollution abortion and gay rights Federalism helped fragment American politics encourage innovation foster the American market economy and place hurdles in the way of efforts to mitigate the consequences of economic change Federalism helped construct the path of American political development Federalism and the Making of America is a sorely needed text that treats the politics of federalism systematically and accessibly making it indispensable to all students and scholars of American politics Chosen as one of Choice s Outstanding Academic Titles for 2012

Modern America and the Legacy of the Founding Ronald J. Pestritto,Thomas G. West,2007-01-01 This is the third and final volume in the series on American political thought edited by Ronald J Pestritto and Thomas G West The book addresses how the major themes in American political thought_identified in the first two books of the series_have played out in the world of modern American politics The first volume focused on the founding era and examined the prevalence of social compact theory among the founders and implications of that theory for the design of American institutions The second volume examined the major challenges that nineteenth century thought posed to the political ideas of the founding and suggested that these challenges created tensions that would significantly affect the development of American politics in the twentieth century and beyond In Modern America and the Legacy of the Founding the authors address these fundamental tensions how does modern America resolve the inherent conflict between the original constitutional order and the challenges posed by modern liberalism The authors look at the contemporary effects of this fundamental tension on questions of foreign policy and domestic policy and on questions of our national political institutions and the ideas that shape them today

The Politics of Prohibition Lisa M. F. Andersen,2013-09-09 Draws on the history of America s longest living minor political party the Prohibition Party to illuminate how American politics came to exclude minor

parties from governance Disenfranchising Democracy David A. Bateman, 2018-10-25 *Disenfranchising Democracy* examines the exclusions that accompany democratization and provides a theory of the expansion and restriction of voting rights *The Dynamics of Two-Party Politics* Alan Ware, 2009-06-11 This book examines the role played by the parties themselves in two party systems It rejects the argument that the behaviour of the parties is determined largely by social forces or by the supposed logic of the electoral market Instead it shows that both structure and agency can matter It focuses on three major aspects of change in two party systems i why occasionally major parties such as the British Liberals collapse ii why collapsed parties sometimes survive as minor parties and sometimes do not and iii what determines why and how major parties will ally themselves with minor parties in order to maximize their chances of winning With respect to the first aspect it is argued that major parties are advantaged by two factors the resources they have accumulated already and their occupying role similar to that called by Thomas Schelling a focal arbiter Consequently party collapse is rare When it has occurred in nation states it is the result of a major party having to fight opposition on two separate fronts The survival of a collapsed party depends largely on its internal structure when a party has linked closely the ambitions of politicians at different levels of office party elimination is more likely The main arena in which agency is significant that is when leadership is possible including the politician acting as heresthetician is in the re building of coalitions This is necessary for maximizing the chances of a party winning but for various reasons coalitions between major and minor parties are usually difficult to construct Comparative Politics is a series for scholars and students of political science that deals with contemporary issues in comparative government and politics The General Editor is David M Farrell Jean Monnet Chair in European Politics and Head of School of Social Sciences University of Manchester The series is published in association with the European Consortium for Political Research The Revival of Labor Liberalism Andrew Battista, 2023-12-11 *The Revival of Labor Liberalism* is a careful analysis of the twentieth century decline of the labor liberal coalition and the important efforts to revive their political fortunes Andrew Battista chronicles the efforts of several new political organizations that arose in the 1970s and 1980s with the goal of reuniting unions and liberals Drawing from extensive documentary research and in depth interviews with union leaders and political activists Battista shows that the new organizations such as the Progressive Alliance Citizen Labor Energy Coalition and National Labor Committee made limited but real progress in reconstructing and strengthening the labor liberal coalition Although the labor liberal alliance remained far weaker than the rival business conservative alliance Battista illuminates that it held a crucial role in labor and political history after 1968 Focuses on a fraught but evolving partnership Battista provides a broad analysis of factional divisions among both unions and liberals and considers the future of unionism and the labor liberal coalition in America **Hard Line** Colin Dueck, 2010-08-16 *Republican foreign policy and the conservative leaders who shaped it* *Hard Line* traces the history of Republican Party foreign policy since World War II by focusing on the conservative leaders who shaped it Colin Dueck closely examines the political careers and foreign policy

legacies of Robert Taft Dwight Eisenhower Barry Goldwater Richard Nixon Henry Kissinger Ronald Reagan George H W Bush and George W Bush He shows how Republicans shifted away from isolationism in the years leading up to World War II and oscillated between realism and idealism during and after the cold war Yet despite these changes Dueck argues conservative foreign policy has been characterized by a hawkish and intense American nationalism and presidential leadership has been the driving force behind it What does the future hold for Republican foreign policy Hard Line demonstrates that the answer depends on who becomes the next Republican president Dueck challenges the popular notion that Republican foreign policy today is beholden to economic interests or neoconservative intellectuals He shows how Republican presidents have been granted remarkably wide leeway to define their party's foreign policy in the past and how the future of conservative foreign policy will depend on whether the next Republican president exercises the prudence pragmatism and care needed to implement hawkish foreign policies skillfully and successfully Hard Line reveals how most Republican presidents since World War II have done just that and how their accomplishments can help guide future conservative presidents

Partisanship and Polarization Adam M. Silver, 2022-06-06 This volume explores the development of political parties in nineteenth century United States of America through an extensive analysis of the official statements by a party in an election the party platforms and their connection with political elites and voters Platforms indicate how party leaders reconciled local state and national conflicts and articulated their electoral appeals to various constituencies by showing discussions of their respective policies Thus party platforms are a valuable vehicle to assess electoral strategy and party development By focusing on the platforms of the major political parties Democrats Whigs and Republicans at the state and national levels in presidential elections from 1840 to 1896 the author identifies three salient patterns First platforms reference economic policy more frequently and to a greater degree than other policy areas Second national policies are discussed more than state policies And third over time the content of the platforms becomes more similar reflecting the nationalization of the party system This examination of nineteenth century American party platforms traces political party development as a dynamic process involving partisanship the presentation of internally coherent and consistent messages to voters and polarization the existence of conflicting policy positions across parties

The Polarizers Sam Rosenfeld, 2017-12-28 Rosenfeld's insightful study of the development of political parties since World War II is highly instructive for our current moment Kirkus Reviews Even in this most partisan and dysfunctional of eras we can all agree on one thing Washington is broken Politicians take increasingly inflexible and extreme positions leading to gridlock partisan warfare and the sense that our seats of government are nothing but cesspools of hypocrisy childishness and waste The shocking reality though is that modern polarization was a deliberate project carried out by Democratic and Republican activists In *The Polarizers* Sam Rosenfeld details why bipartisanship was seen as a problem in the postwar period and how polarization was then cast as the solution Republicans and Democrats feared that they were becoming too similar and that a

mushy consensus imperiled their agendas and even American democracy itself Thus began a deliberate move to match ideology with party label with the toxic results we now endure Rosenfeld reveals the specific politicians intellectuals and operatives who worked together to heighten partisan discord showing that our system today is not solely a product of gradual structural shifts but of deliberate actions motivated by specific agendas Rosenfeld reveals that the story of Washington's transformation is both significantly institutional and driven by grassroots influences on both the left and the right The Polarizers brilliantly challenges and overturns our conventional narrative about partisanship but perhaps most importantly it points us toward a new consensus if we deliberately created today's dysfunctional environment we can deliberately change it A timely and significant contribution to the literature on political sorting and polarization Highly recommended Choice

Party Ideologies In America 1828 1996 Introduction

In the digital age, access to information has become easier than ever before. The ability to download Party Ideologies In America 1828 1996 has revolutionized the way we consume written content. Whether you are a student looking for course material, an avid reader searching for your next favorite book, or a professional seeking research papers, the option to download Party Ideologies In America 1828 1996 has opened up a world of possibilities. Downloading Party Ideologies In America 1828 1996 provides numerous advantages over physical copies of books and documents. Firstly, it is incredibly convenient. Gone are the days of carrying around heavy textbooks or bulky folders filled with papers. With the click of a button, you can gain immediate access to valuable resources on any device. This convenience allows for efficient studying, researching, and reading on the go. Moreover, the cost-effective nature of downloading Party Ideologies In America 1828 1996 has democratized knowledge. Traditional books and academic journals can be expensive, making it difficult for individuals with limited financial resources to access information. By offering free PDF downloads, publishers and authors are enabling a wider audience to benefit from their work. This inclusivity promotes equal opportunities for learning and personal growth. There are numerous websites and platforms where individuals can download Party Ideologies In America 1828 1996. These websites range from academic databases offering research papers and journals to online libraries with an expansive collection of books from various genres. Many authors and publishers also upload their work to specific websites, granting readers access to their content without any charge. These platforms not only provide access to existing literature but also serve as an excellent platform for undiscovered authors to share their work with the world. However, it is essential to be cautious while downloading Party Ideologies In America 1828 1996. Some websites may offer pirated or illegally obtained copies of copyrighted material. Engaging in such activities not only violates copyright laws but also undermines the efforts of authors, publishers, and researchers. To ensure ethical downloading, it is advisable to utilize reputable websites that prioritize the legal distribution of content. When downloading Party Ideologies In America 1828 1996, users should also consider the potential security risks associated with online platforms. Malicious actors may exploit vulnerabilities in unprotected websites to distribute malware or steal personal information. To protect themselves, individuals should ensure their devices have reliable antivirus software installed and validate the legitimacy of the websites they are downloading from. In conclusion, the ability to download Party Ideologies In America 1828 1996 has transformed the way we access information. With the convenience, cost-effectiveness, and accessibility it offers, free PDF downloads have become a popular choice for students, researchers, and book lovers worldwide. However, it is crucial to engage in ethical downloading practices and prioritize personal security when utilizing online platforms. By doing so, individuals can make the most of the vast array of

free PDF resources available and embark on a journey of continuous learning and intellectual growth.

FAQs About Party Ideologies In America 1828 1996 Books

1. Where can I buy Party Ideologies In America 1828 1996 books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
2. What are the different book formats available? Hardcover: Sturdy and durable, usually more expensive. Paperback: Cheaper, lighter, and more portable than hardcovers. E-books: Digital books available for e-readers like Kindle or software like Apple Books, Kindle, and Google Play Books.
