Passage And Other Stories:

Passage and Other Stories E. J. Kaye, 2014-12-15 A novella and a collection of short stories Ensign Knightley, And Other Stories A. E. W. Mason, 2022-04-06 Excerpt It was eleven o'clock at night when Surgeon Wyley of His Majesty's ship Bonetta washed his hands, drew on his coat and walked from the hospital up the narrow cobbled street of Tangier to the Main Guard by the Catherine Port. In the upper room of the Main Guard he found Major Shackleton of the Tangier Foot taking a hand at basset with Lieutenant Scrope of Trelawney's Regiment and young Captain Tessin of the King's Battalion. There were three other officers in the room and to them Surgeon Wyley began to talk in a prosy medical strain. Two of his audience listened in an uninterested stolidity for just so long as the remnant of manners which still survived in Tangier commanded and then strolling through the open window on to the balcony lit their pipes.

The Real Story of Dinosaurs and Dragons Philip J. Senter, 2025-02-11 Are there dinosaurs in the Bible? Are dragon legends based on human encounters with fire-breathing dinosaurs? A vast and ever-growing body of literature proclaims that the answer to both these questions is yes. The Real Story of Dinosaurs takes readers on a madcap journey through science, folklore, and anti-evolution propaganda to explore the origin and evolution of these ideas and how we know they're wrong. The journey begins with the origin of the dragon in ancient myth and continues through the astounding fossil discoveries of more recent times. Dr. Senter examines a plethora of bizarre claims about dinosaurs and uses knowledge from modern scholarship to set the record straight. He also explores proposed mechanisms for fire-breathing in dinosaurs and tries them in a court of science. Along the way, readers are treated to explanations of rocket fuel, nuclear power plants, carnival fire-eating, the electric eel's shocking capabilities, and what's up with a crocodile's nose. Written in a playful spirit of discovery, The Real Story of Dinosaurs entertains as it promotes evidence-based reasoning and illustrates the differences between science and anti-evolution hype.

Lovel the widower and other stories** William Makepeace Thackeray,1869 [Making Sense of Narrative Text](#) Michael Toolan,2016-06-03 This book takes the following question as its starting point What are some of the crucial things the reader must do in order to make sense of a literary narrative The book is a study of the texture of narrative fiction using stylistics corpus linguistic principles especially Hoey s work on lexical patterning narratological ideas and cognitive stylistic work by Werth Emmott and others Michael Toolan explores the textual grammatical nature of fictional narratives critically re examining foundational ideas about the role of lexical patterning in narrative texts and also engages the cognitive or psychological processes at play in literary reading The study grows out of the theoretical questions that stylistic analyses of extended fictional texts raise concerning the nature of

narrative comprehension and the reader's experience in the course of reading narratives and particularly concerning the role of language in that comprehension and experience. The ideas of situation, repetition, and picturing are all central to the book's argument about how readers process story. Toolan also considers the ethical and emotional involvement of the reader, developing hypotheses about the text's linguistic characteristics of the most ethically and emotionally involving portions of the stories examined. This book makes an important contribution to the study of narrative text and is in dialogue with recent work in corpus stylistics, cognitive stylistics, and literary text and texture. *Eugénie Grandet and other stories* Honoré de

This book walks with you through message preparation that transforms both your heart and the hearts of your congregation or class. Aimed at those who proclaim the Word of God in a variety of church and parachurch settings, the Thoughtful Proclaimer method uses a contemplative question-based technique to determine the Commander's intent. God's purpose for every passage of scripture. God's intent for a passage becomes the point for proclamation of a redemptive and relevant message. Anderson uses humor and story to teach good communication techniques so that every message brings lasting transformation to your listeners.
