

The areas inside the red lines are covered by the front airbags when the front airbags are triggered (deployment zone). You must never leave your (deployment zone). You must never leave or attach any objects in these areas → **Δ**. Any battery-linked accessories will not be struck if the driver and front passenger front airbags are deployed.

⚠ DANGER

Once triggered, the airbag inflates at high speed.

- Always leave the deployment zones of the front airbags clear.
- Never attach any objects, such as drink or telephone holders, to the covers of the airbags or anywhere in the airbag deployment zone.
- No other people, animals or objects may be carried between the occupants of the front seats and the airbag deployment zone. Ensure that children and passengers keep to this rule.

- When driving, always hold the steering wheel with both hands on the outside of the ring at the 9 o'clock and 3 o'clock positions.
- Adjust the driver seat so that there is at least 25 cm between your breathers and the hub of the steering wheel. Contact a qualified workshop if your physical build makes this imperative.
- Adjust the front passenger seat so that the distance between the passenger and the dash panel is as large as possible.
