Wallace, 2016-05-06 As eighteenth century scholarship expands its range and disciplinary boundaries such as Enlightenment and Romanticism are challenged novels published during the rich period from 1750 to 1832 have become a contested site of critical overlap In this volume scholars who typically write under the rubric of either the long eighteenth century or Romanticism examine novels often claimed by both scholarly periods This shared enterprise opens new and rich discussions of novels and novelistic concerns by creating dialogue across scholarly boundaries

Dominant narratives critical approaches and methodological assumptions differ in important ways but these differences reveal a productive tension Among the issues engaged are the eighteenth century novel s development of emotional interiority including theories of melancholia the troubling heritage of the epistolary novel for the 1790s radical novel tensions between rationality and romantic affect issues of aesthetics and politics and constructions of gender genre and race Rather than positing a simple opposition between an eighteenth century Enlightenment of rationality propriety and progress and a Romantic Period of inspiration heroic individualism and sublime emotionality these essays trace the putatively Romantic in the early 1700s as well as the long legacy of Enlightenment values and ideas well into the nineteenth century The volume concludes with responses from Patricia Meyer Spacks and Stephen C Behrendt who situate the essays and elaborate on the stakes

**Sisters in Time** Susan Morgan,1989-08-24 Asking why the 19th century British novel features heroines and how and why it features feminine heroism Susan Morgan traces the relationship between fictional depictions of gender and Victorian ideas of history and progress Morgan approaches gender in selected 19th century British novels as an imaginative category accessible to authors and characters of either sex Arguing that conventional definitions of heroism offer a fixed and history denying perspective on life the book traces a literary tradition that represents social progress as a process of feminization The capacities for flexibility mercy and self doubt conventionally devalued as feminine can make it possible for characters to enter history She shows that Austen and Scott offer revolutionary definitions of feminine heroism and the tradition is elaborated and transformed by Gaskell Eliot Meredith and James partly through one of his last heroines the aging hero of *The Ambassadors* Throughout the study Morgan considers how gender functions both in individual novels and more extensively as a means of tracing larger patterns and interests especially those concerned with the redemptive possibilities of a temporal and historical perspective

Mudge,2000-06-08 This fresh and persuasively argued book examines the origins of pornography in Britain and presents a comprehensive overview of women s role in the evolution of obscene fiction Carefully monitoring the complex interconnections between three related debates that over the masquerade that over the novel and that over prostitution Mudge contextualizes the growing literary need to separate good fiction from bad and argues that that process was of crucial importance to the emergence of a new middle class state Looking closely at sermons medical manuals periodical essays and political tracts as well as poetry novels and literary criticism *The Whore s Story* tracks the shifting politics of pleasure in eighteenth century Britain and charts the rise of modern pornographic sensibilities

**The Current of Romantic Passion** Jeffrey Cane Robinson,1991 Deftly probing the ambivalence of Romantic writers on the subjects of passion and beauty Robinson shows how this ambivalence is also central to the experience of the modern critic in Western society Is the reader s experience of beauty in art an escape from troubling reality Or does desire for beauty spur social criticism and reform Does the representation of erotic passion as a sign of social critique exist to be transcended for disinterested spirituality Or is such passion the very site of the struggle for individual and

class rights Robinson explores the problematic place of passion and beauty in Romanticism's radical sentiments and reformist politics Tracing the intertwining of desire and disturbance of eros and subversion his meditations encompass poems novels diaries key terms such as Rousseau's sentiment of existence writers characteristic forms of expression or habits of mind Wordsworth's or grammar figures in literary works Goethe's Werther Byron's Lambro problems of genre the relationship of the Romantic poem and the Romantic essay the problem of closure the nature of a scene and larger political questions feminism in Romantic literature erotic passion and representations of radicalism Evoking the original meaning of essay as experiment Robinson has essayed a topography of the Romantic landscape This book is daring and it is brilliant I also think it is right James R Kincaid University of Southern California *Indiscretion* Jude Morgan,2006-11-28 When Caroline Fortune's father loses all they possess she goes along with his scheme to set her up as the companion to a society woman As she begins to attract the attentions of many so called gentlemen will Miss Fortune be able to keep from losing her head or her reputation English Romantic Poets and the Enlightenment Harold Orel,1973 Encyclopedia of the Romantic Era, 1760-1850 Christopher John Murray,2013-05-13 In 850 analytical articles this two volume set explores the developments that influenced the profound changes in thought and sensibility during the second half of the eighteenth century and the first half of the nineteenth century The Encyclopedia provides readers with a clear detailed and accurate reference source on the literature thought music and art of the period demonstrating the rich interplay of international influences and cross currents at work and to explore the many issues raised by the very concepts of Romantic and Romanticism Encyclopedia of Post-Colonial Literatures in English Eugene Benson,2004-11-30 Documents the history and development of Post colonial literatures in English together with English and American literature and includes original research relating to the literatures of some 50 countries and territories In more than 1 600 entries written by more than 600 internationally recognized scholars it explores the effect of the colonial and post colonial experience on literatures in English worldwide **Romanticism and Women Poets** Harriet Kramer Linkin,Stephen C. ways in which many of the poets sought to establish stable positions and identities for themselves while others address the changing nature over time of the reputations of these women poets *Read On...Historical Fiction* Brad Hooper,2006-03-30 Hundreds of popular historical fiction titles are described and categorized according to their underlying features and under topics not found in the library catalog such as women with true grit greatest war stories royalty rules and quick reads

Lyric Generations G. Gabrielle Starr,2004-02-18 Eighteenth century British literary history was long characterized by two central and seemingly discrete movements the emergence of the novel and the development of Romantic lyric poetry In fact recent scholarship reveals that these genres are inextricably bound constructions of interiority developed in novels changed ideas about what literature could mean and do encouraging the new focus on private experience and self perception developed in lyric poetry In *Lyric Generations* Gabrielle Starr rejects the genealogy of lyric poetry in which Romantic poets are thought to have built solely and directly upon the works of Chaucer Spenser Shakespeare and Milton She argues instead that novelists such as Richardson Haywood Behn and others while drawing upon earlier lyric conventions ushered in a new language of self expression and community which profoundly affected the aesthetic goals of lyric poets Examining the works of Cowper Smith Wordsworth Coleridge and Keats in light of their competitive dialogue with the novel Starr advances a literary history that considers formal characteristics as products of historical change In a world increasingly defined by prose poets adapted the new forms characters and moral themes of the novel in order to reinvigorate poetic practice Refreshingly this impressive study of poetic form does not read the eighteenth century as a slow road to Romanticism but fleshes out the period with surprising and important new detail *Times Literary Supplement* G Gabrielle Starr is the Seryl Kushner Dean of the College of Arts and Science and a professor of English at New York University She is the author of *Feeling Beauty The Neuroscience of Aesthetic Experience* *Protestant Aesthetics and the Arts* Sarah Covington,Kathryn Reklis,2020-01-27 The Reformation was one of the defining cultural turning points in Western history even if there is a longstanding stereotype that Protestants did away with art and material culture Rather than reject art and aestheticism Protestants developed their own aesthetic values which *Protestant Aesthetics and the Arts* addresses as it identifies and explains the link between theological aesthetics and the arts within a Protestant framework across five hundred years of history Featuring essays from an international gathering of leading experts working across a diverse set of disciplines *Protestant Aesthetics and the Arts* is the first study of its kind containing essays that address Protestantism and the fine arts visual art music literature and architecture and historical and contemporary Protestant theological perspectives on the subject of beauty and imagination Contributors challenge accepted preconceptions relating to the boundaries of theological aesthetics and religiously determined art disrupt traditional understandings of periodization and disciplinarity and seek to open rich avenues for new fields of research Building on renewed interest in Protestantism in the study of religion and modernity and the return to aesthetics in Christian theological inquiry this volume will be of significant interest to scholars of Theology Aesthetics Art and

Architectural History Literary Criticism and Religious History      *Intertwined Lives* Lois W. Banner, 2010-12-15 A uniquely revealing biography of two eminent twentieth century American women Close friends for much of their lives Ruth Benedict and Margaret Mead met at Barnard College in 1922 when Mead was a student Benedict a teacher They became sexual partners though both married and pioneered in the then male dominated discipline of anthropology They championed racial and sexual equality and cultural relativity despite the generally racist xenophobic and homophobic tenor of their era Mead's best selling *Coming of Age in Samoa* 1928 and *Sex and Temperament in Three Primitive Societies* 1935 and Benedict's *Patterns of Culture* 1934 *Race* 1940 and *The Chrysanthemum and the Sword* 1946 were landmark studies that ensured the lasting prominence and influence of their authors in the field of anthropology and beyond With unprecedented access to the complete archives of the two women including hundreds of letters opened to scholars in 2001 Lois Banner examines the impact of their difficult childhoods and the relationship between them in the context of their circle of family friends husbands lovers and colleagues as well as the calamitous events of their time She shows how Benedict inadvertently exposed Mead to charges of professional incompetence discloses the serious errors New Zealand anthropologist Derek Freeman made in his famed attack on Mead's research on Samoa and reveals what happened in New Guinea when Mead and colleagues engaged in a ritual aimed at overturning all gender and sexual boundaries In this illuminating and innovative work Banner has given us the most detailed balanced and informative portrait of Mead and Benedict individually and together that we have had From the Hardcover edition      *Shelley's Textual Seductions* Samuel Lyndon Gladden, 2016-01-08 First published in 2002 This book surveys how and to what effect Shelley uses erotic narratives to mask political rhetoric within his attempts to describe and bring forth utopia Posing erotic relationships as both an exemplar of the inequities of power and a paradigm for alternative social orders that dismantle oppressive structures it argues Shelley's work imagines a space where the rigidity of tyranny succumbs to the liberation of ecstatic union From the Romantics to the Aesthetes it argues that this model contributed to a counter tradition in British literature which situates the erotic as a trope for political discourse This work will be of interest to students of literature      *Writers of Three Centuries, 1789-1914* Claude Charles H.
