Patanjali Yoga Sutras Translation And Commentary In The Light Of Vedanta Scripture:

Patanjali Yoga Sutras A. K. Aruna, 2012-04-02 Composed over two millennia ago the Yoga Sutras of Patanjali remains the philosophical thread that unites the ancient and current world of yoga Yet its many translations are underwhelming lacking connection to reality and practicality Innumerable forms and sects of yoga have come and gone in between Obsessed with gaining special powers over mind and body yoga s re tellers have clouded its history in a mystical mist of fantastic claims It is human nature to crave powers to radically change our lot in life These layers of dazzle and glitter have over the centuries led us further away from yoga s spiritual core The sutras clear logical and practical path has been blurred and lost Radically breaking with this mystical tradition A K Aruna seeks to reclaim for us this fountainhead of yoga by retying the understanding of these sutras to the even more ancient source of spiritual knowledge and yoga the Upanishads The Upanishads eschewed limited pursuits in order to seek an ultimate goal that was not time bound In this still pure form of the yoga of seeking ultimate timeless truth the words of Patanjali become crystal clear and practical Yoga shines in timeless relevance A K Aruna s Patanjali Yoga Sutras A Translation in the Light of Vedanta Scripture has brilliantly refocused the light on the Yoga Sutras This is a companion translation only booklet to the Translation and Commentary version of the text by A K Aruna

Consciousness in Jung and Patañjali Leanne Whitney, 2017-08-03 The East West dialogue increasingly seeks to compare and clarify contrasting views on the nature of consciousness For the Eastern liberatory models where a nondual view of consciousness is primary the challenge lies in articulating how consciousness and the manifold contents of consciousness are singular Western empirical science on the other hand must provide a convincing account of how consciousness arises from matter By placing the theories of Jung and Patajali in dialogue with one another Consciousness in Jung and Patajali illuminates significant differences between dual and nondual psychological theory and teases apart the essential discernments that theoreticians must make between epistemic states and ontic beliefs Patajali s Classical Yoga one of the six orthodox Hindu philosophies is a classic of Eastern and world thought Patajali teaches that notions of a separate egoic I are little more than forms of mistaken identity that we experience in our attempts to take ownership of consciousness Carl Jung s depth psychology which remains deeply influential to psychologists religious scholars and artists alike argues that ego consciousness developed out of the unconscious over the course of evolution By exploring the work of key theoreticians from both schools of thought particularly those whose ideas are derived from an integration of theory and practice Whitney explores the extent to which the seemingly irremediable split between Jung and Patajali s ontological beliefs can in fact be reconciled This thorough and insightful work will be essential reading for academics theoreticians and postgraduate students in the fields of psychology philosophy of science and consciousness studies It will also appeal to those interested in the East West psychological and philosophical dialogue

The Science of Consciousness (A Monograph) K. V. Raghupathi, 2025-06-30 This monograph presents the author s in depth research on consciousness in both human and cosmic

contexts an area that continues to challenge scientists in the West and sages in the East It explores profound questions such as Why did evolution introduce consciousness How was it incorporated into the evolutionary process Why do we need a first person subjective experience of the world when objective mechanisms could suffice Drawing on discoveries and theories from material science neuroscience biology anthropology psychology and philosophy the author contrasts these with the rich subjective insights of the Upanishadic sages and contemporary Indian philosophers and mystics With extensive citations and thoughtful analysis this monograph offers a compelling scholarly and thought provoking read for anyone interested in the mysteries of consciousness

Yoga-sutra des Patanjali Kabita Rump,2023 Die erhabene individuelle Seele des Menschen kann nicht in ihrer vollen Glorie existieren weil sie in einem menschlichen Körper gefesselt ist Der Yoga kann sie von dieser Lage befreien Patanjali stellt den Yoga in seinem Yoga sutra vor Der Yoga verlangt extreme körperliche und geistige Disziplin Die Anstrengung wird mit der Befreiung der individuellen Seele belohnt Die befreite individuelle Seele transzendiert das Materielle und existiert ewig im absoluten Alleinsein in voller Glorie
