Transmedia Creatures Francesca Saggini, Anna Enrichetta Soccio, 2018-10-19 On the 200th anniversary of the first edition of Mary Shelley s Frankenstein Transmedia Creatures presents studies of Frankenstein by international scholars from converging disciplines such as humanities musicology film studies television studies English and digital humanities These innovative contributions investigate the afterlives of a novel taught in a disparate array of courses Frankenstein disturbs and transcends boundaries be they political ethical theological aesthetic and not least of media ensuring its vibrant presence in contemporary popular culture Transmedia Creatures highlights how cultural content is redistributed through multiple media forms and modes of production including user generated ones from below that often

appear synchronously and dismantle and renew established readings of the text while at the same time incorporating and revitalizing aspects that have always been central to it The authors engage with concepts value systems and aesthetic moral categories among them the family horror monstrosity diversity education risk technology the body from a variety of contemporary approaches and highly original perspectives which yields new connections Ultimately Frankenstein as evidenced by this collection is paradoxically enriched by the heteroglossia of preconceptions misreadings and overreadings that attend it and that reveal the complex interweaving of perceptions and responses it generates Published by Bucknell University Press Distributed worldwide by Rutgers University Press *Church and Worship Music* James Michael

The American Organist ,2007 **American Music Librarianship** Carol June Bradley, 2013-09-13 The literature of American music librarianship has been around since the 19th century when public libraries began to keep records of player piano concerts significant donations of books and music and suggestions for housing music As the 20th century began American periodicals printed more and more articles on increasingly specialized topics within music studies Eventually books were developed to aid the music librarian their publication has continued over the course of nearly a century This book reflects the great diversity of the literature of music librarianship The main resources included are items of historical interest descriptions of individual collections catalogues of collections articles describing specific library functions record related subjects bibliographies designed for music library use literature from Canada and Britain when relevant to U S library practices key discographies and information on specialized music research The material is ordered by topic and indexed by author subject and library name Forthcoming Books Rose Arny, 1995-02 *Cello* Kate Kennedy, 2024-12-03 A cello has no language yet it possesses a vocabulary wide enough to tell bear witness and make connections across time and continents which is brought to life in this brilliant new book In this luminous narrative Kate Kennedy a writer and cellist herself weaves together the story of four cellists who suffered various forms of persecution injury and misfortune The stories are those of the forgotten Jewish cellist Pal Hermann who is likely to have been murdered by the Nazis in Lithuania during the Holocaust Lise Cristiani another forgotten performer who is considered to be the first female professional cello soloist and who embarked on an epic concert tour of Siberia in the 1850s taking with her a Stradivarius cello that can be seen to this day in a museum in Cremona in northern Italy Anita Lasker Wallfisch who played in

the orchestra at Auschwitz and survived spells in both that camp and in Bergen Belsen and Amedeo Baldovino of the Trieste piano trio whose Mara Stradivarius was lost in a shipwreck in the River Plate between Buenos Aires and Uruguay but later recovered from the water and repaired Interwoven with these remarkable and often moving stories are a series of detours that offer a foil to these remarkable lives Cello examine the themes explored in the narratives from different perspectives drawing together historical research personal experience and interviews and encounters with contemporary cellists in this unique book that will resonate long after the final page [Neoclassical Music in America](#) R. James Tobin,2014-07-02 From the 1920s to the 1950s neoclassicism was one of the dominant movements in American music Today this music is largely in eclipse mostly absent in performance and even from accounts of music history in spite of and initially because of its adherence to an expanded tonality No previous book has focused on the nature and scope of this musical tradition [Neoclassical Music in America](#) Voices of Clarity and Restraint makes clear what neoclassicism was how it emerged in America and what happened to it Music reviewer and scholar R James Tobin argues that efforts to define musical neoclassicism as a style largely fail because of the stylistic diversity of the music that fall within its scope However neoclassicists as different from one another as the influential Igor Stravinsky and Paul Hindemith did have a classical aesthetic in common the basic characteristics of which extend to other neoclassicists This study focuses in particular on a group of interrelated neoclassical American composers who came to full maturity in the 1940s These included Harvard professor Walter Piston who had studied in France in the 1920s Harold Shapero the most traditional of the group Irving Fine and Arthur Berger his colleagues at Brandeis Lukas Foss later an experimentalist composer whose origins lay in neoclassicism of the 1940s Alexei Haieff and Ingolf Dahl both close associates of Stravinsky and others Tobin surveys the careers of these figures drawing especially on early reviews of performances before offering his own critical assessment of individual works Adventurous collectors of recordings performing musicians concert and broadcasting programmers as well as music and cultural historians and those interested in musical aesthetics will find much of interest here Dates of composition approximate duration of individual works and discographies add to the work s reference value [Gaetano Donizetti](#) James P. Cassaro,2009-07-15 [Gaetano Donizetti](#) A Research and Information Guide offers an annotated reference guide to the life and works of this important Italian opera composer The book opens with a complete chronology of Donizetti s life 1797 1848 and career relating it to contemporary events The balance of the book details secondary resources and other works including general sources catalogs correspondence biographical sources critical works production review sources singers and theaters and the individual operas [Giuseppe Verdi](#) Gregory Harwood,2012-05-04 This comprehensive research guide surveys the most significant published materials relating to Giuseppe Verdi This new edition includes research since the publication of the first edition in 1998
