Andrews, 2014-12-02 The true diversity of the American experience comes to life in this superlative collection of autobiographies including those of Benjamin Franklin Frederick Douglas Mark Twain and more A True History of the Captivity and Restoration of Mrs Mary Rowlandson 1682 perhaps the first American bestseller recounts this thirty nine year old woman's harrowing months as the captive of Narragansett Indians The Autobiography of Benjamin Franklin 1771 1789 the most famous of all American autobiographies gives a lively portrait of a chandler's son who became a scientist inventor educator diplomat humorist and a Founding Father of this land Narrative of the Life of Frederick Douglass 1845 the gripping slave narrative that helped change the course of American history reveals the true nature of the black experience in slavery Old Times on the Mississippi 1875 Mark Twain's unforgettable account of a riverboat pilot's life established his signature style and shows us the metamorphosis of a man into a writer Four Autobiographical Narratives 1900 1902 published in the Atlantic Monthly by Zitkala Sa Red Bird also known as Gertrude Bonnin provide us with a voice too seldom heard a Native American woman fighting for her culture in the white man's world Edited and with an Introduction by William L Andrews and an Afterword by Paul John Eakin **The Arabian Nights, Volume I**, 2015-08-04 Enjoy the timeless tales of Aladdin Sinbad Ali Baba and the Forty Thieves and many more in this first volume of The Arabian Nights Upon learning of his queen's

infidelity proud King Shahryar has her killed As revenge on womankind he decides to wed a different virgin every night only to have her beheaded at dawn Such is Shahryar s practice for three terrible years until he weds Scheherazade the maiden who will change his life A breathtaking beauty Scheherazade is as learned as she is sensuous Her first night with the king she uses her imagination her eloquence and more than a little cunning to regale him with a tale of genies and wishes wisely cutting the story short at dawn The king is so beguiled he cannot have her murdered without hearing the story s end From then on Scheherazade spends nights conjuring stories of flying carpets and fantastical journeys always stopping with a cliff hanger and saving her own life This edition follows the unexpurgated translation of Richard F Burton the renowned Victorian explorer Intricate and inventive these stories within stories continue to captivate readers as they have for centuries Four Major Plays, Volume I Henrik Ibsen,2006-06-06 Four Major Plays Volume I A Doll House The Wild Duck Hedda Gabler The Master Builder Among the greatest and best known of Ibsen s works these four plays brilliantly exemplify his landmark contributions to the theater his realistic dialogue probing of social problems and depiction of characters inner lives as well as their actions Rich in symbolism and often autobiographical each of these dramas deals convincingly and provocatively with such universal themes as greed fear and sexual hostility and confronts the eternal conflict between reality and illusion These Rolf Fjelde translations have been widely acclaimed as the definitive versions of the major works of the father of modern theater Translated and with a Foreword by Rolf Fjelde And an Afterword by Joan Templeton Contemporary Slavery Annie Bunting,Joel Quirk,2018-05-15 This book looks at recent efforts to combat contemporary slavery worldwide and explores how the history and iconography of slavery has been invoked to support a series of government interventions activist projects legal instruments and rhetorical performances Catlin's Lament John Hausdoerffer,2009 The first book to probe the conflicted attitudes that shaped and constrained noted painter George Catlin famous for his 19th century paintings of vanishing Native American culture Forces readers to rethink their understanding of the artist despite his advocacy for Native peoples **Risk and the State** Phillip G. LeBel,2021-04-01 Economics demonstrates how markets can serve as remarkably efficient institutions in allocating scarce resources At the same time incomplete information generates prices that can lead to a mis allocation producing in some cases too little while in others too much of a good Matters become more complicated when striking a balance is influenced by our perceptions of risk Here neuroscience provides insights into which and what kind of public sector interventions one should consider While there are many types of risk political economic financial and environmental as individuals confront any crisis our perceptions of risk can alter significantly the extent to which we look to public sector intervention as a response In the short run crises many be managed through greater public intervention while in the long run economic fundamentals still drive key decisions and thus the extent to which a given mix meets a test of political legitimacy At a time of deepening partisan political divisions the respective roles of the private and public sectors are once again in flux These changing roles shape our notions of political legitimacy especially in the presence of risk

Neuroscience provides critical insights on how we perceive risk and in turn make decisions In this well researched book economist Phillip LeBel explores the various roles of states and markets with a focus on how we respond to key issues in managing public health and the environment In looking at the natural environment and public health while perceptions of risk may shape short term responses the challenge we face over the long term is to craft incentives that promote sustainability and improved health of a society Basic science always should guide public policy even in the presence of risk Reforming public sector institutions for greater transparency and accountability are important key steps in the respective roles of states and markets for which some suggested changes are put forth here In the end personal and social identity depend critically on how we manage information to craft a sustainable inclusive and economically viable future The January 6 2021 Capitol insurrection in Washington D C reminds us of the need to establish a common understanding of scientific evidence and how this shapes our views of democratic governance This book comes at a time when such an analysis is needed now more than ever Economics demonstrates how markets can serve as remarkably efficient institutions in allocating scarce resources At the same time incomplete information generates prices that can lead to a mis allocation producing in some cases too little while in others too much of a good Matters become more complicated when striking a balance is influenced by our perceptions of risk Here neuroscience provides insights into which and what kind of public sector interventions one should consider While there are many types of risk political economic financial and environmental as individuals confront any crisis our perceptions of risk can alter significantly the extent to which we look to public sector intervention as a response In the short run crises many be managed through greater public intervention while in the long run economic fundamentals still drive key decisions and thus the extent to which a given mix meets a test of political legitimacy At a time of deepening partisan political divisions the respective roles of the private and public sectors are once again in flux These changing roles shape our notions of political legitimacy especially in the presence of risk Neuroscience provides critical insights on how we perceive risk and in turn make decisions In this well researched book economist Phillip LeBel explores the various roles of states and markets with a focus on how we respond to key issues in managing public health and the environment In looking at the natural environment and public health while perceptions of risk may shape short term responses the challenge we face over the long term is to craft incentives that promote sustainability and improved health of a society Basic science always should guide public policy even in the presence of risk Reforming public sector institutions for greater transparency and accountability are important key steps in the respective roles of states and markets for which some suggested changes are put forth here In the end personal and social identity depend critically on how we manage information to craft a sustainable inclusive and economically viable future The January 6 2021 Capitol insurrection in Washington D C reminds us of the need to establish a common understanding of scientific evidence and how this shapes our views of democratic governance This book comes at a time when such an analysis is needed now more than ever **Unheard Voices**

Malorie Blackman,2011-03-31 In March 1807 the British Parliament passed an Act making the trading and transportation of slaves illegal It was many years before slavery as it was known then was abolished and slavery still continues today in different ways but it was a big step forward towards the emancipation of a people Malorie Blackman has drawn together some of the finest of today's writers and poets to contribute to this important anthology Their short stories and poems sit alongside first hand accounts of slavery from freed slaves making a fascinating and absorbing collection that remembers and commemorates one of the most brutal and long lasting inflictions of misery that human beings have inflicted upon other human beings

Toni Morrison: An Ethical Poetics Yvette Christianse,2013 Toni Morrison An Ethical Poetics situates Toni Morrison as a writer who writes about writing as much as about racialized engendered and sexualized African American and therefore American experience In foregrounding the ethics of fiction writing the book resists any triumphalist reading of Morrison's achievement in order to allow the meditative unsettled and unsettling questions that arise throughout her long labor at the nexus of language and politics where her fiction interrogates representation itself Moving between close reading and critical theory Toni Morrison An Ethical Poetics reveals the ways in which Morrison's primary engagement with language has been a search for how and what language is made to communicate and for how and what speaks in and from generation to generation There is no easy escape from such legacy no escape into a pure language free of the burdens of racialized agendas Rather there is the example of Morrison's commitment to writerly which is to say readerly wakefulness At a time when sustained study devoted to single authors has become rare this book will be an invaluable resource for readers scholars and teachers of Morrison's work

The Cultural Career of Coolness Ulla Haselstein,Irmela Hijiya-Kirschnereit,Catrin Gersdorf,Elena

Giannoulis,2013-10-10 Cool is a word of American English that has been integrated into the vocabulary of numerous languages around the globe Today it is a term most often used in advertising trendy commodities or more generally in promoting urban lifestyles in our postmodern age But what is the history of the term cool When has coolness come to be associated with certain modes of contemporary self fashioning On what grounds do certain nations claim a privilege to be recognized as cool These are some of the questions that served as a starting point for a comparative cultural inquiry which brought together specialists from American Studies and Japanese Studies but also from Classics Philosophy and Sociology The conceptual grid of the volume can be described as follows 1 Coolness is a metaphorical term for affect control It is tied in with cultural discourses on the emotions and the norms of their public display and with gendered cultural practices of subjectivity 2 In the course of the cultural transformations of modernity the term acquired new importance as a concept referring to practices of individual ethnic and national difference 3 Depending on cultural context coolness is defined in terms of aesthetic detachment and self irony of withdrawal dissidence and even latent rebellion 4 Coolness often carries undertones of ambivalence The situational adequacy of cool behavior becomes an issue for contending ethical and aesthetic discourses since an ethical ideal of self control and a strategy of performing self control are inextricably intertwined 5 In literature and film coolness as a character trait is portrayed as a personal strength as a lack of emotion as an effect of trauma as a mask for suffering or rage as precious behavior or as savvy This wide spectrum is significant artistic productions offer valid insights into contradictions of cultural discourses on affect control 6 American and Japanese cultural productions show that twentieth century notions of coolness hybridize different cultural traditions of affect control **The Complete**

Poetry of Edgar Allan Poe Edgar Allan Poe,2008-10-07 Explore the transcendent world of unity and ultimate beauty in Edgar Allan Poe s verse in this complete poetry collection Although best known for his short stories Edgar Allan Poe was by nature and choice a poet From his exquisite lyric To Helen to his immortal masterpieces Annabel Lee The Bells and The Raven Poe stands beside the celebrated English romantic poets Shelley Byron and Keats and his haunting sensuous poetic vision profoundly influenced the Victorian giants Swinburne Tennyson and Rossetti Today his dark side speaks eloquently to contemporary readers in poems such as The Haunted Palace and The Conqueror Worm with their powerful images of madness and the macabre But even at the end of his life Poe reached out to his art for comfort and courage giving us in Eldorado a talisman to hold during our darkest moments a timeless gift from a great American writer Includes an

Introduction by Jay Parini and an Afterword by April Bernard **Narrative of the Life of Frederick Douglass, an American Slave** Frederick Douglass,2004 AOne of the most important documents in American history In this wrenching classic autobiography Douglass describes himself as a man who became a slave and later a slave who became a man With an Introduction by Minister Peter J Gomes of Harvard University The Afterlife of Reproductive Slavery Alys Eve

Weinbaum,2019-02-14 In The Afterlife of Reproductive Slavery Alys Eve Weinbaum investigates the continuing resonances of

Atlantic slavery in the cultures and politics of human reproduction that characterize contemporary biocapitalism As a form of racial capitalism that relies on the commodification of the human reproductive body biocapitalism is dependent upon what Weinbaum calls the slave episteme the racial logic that drove four centuries of slave breeding in the Americas and Caribbean Weinbaum outlines how the slave episteme shapes the practice of reproduction today especially through use of biotechnology and surrogacy Engaging with a broad set of texts from Toni Morrison s *Beloved* and Octavia Butler s dystopian speculative fiction to black Marxism histories of slavery and legal cases involving surrogacy Weinbaum shows how black feminist contributions from the 1970s 1980s and 1990s constitute a powerful philosophy of history one that provides the means through which to understand how reproductive slavery haunts the present *Our True Beloved* Michael S. Whiting, 2024-10-17 C S Lewis s masterpiece *The Four Loves* published in 1960 provided the world with a Christian exploration of four dimensions of human love extolling the divine blessings and warning of the idolatrous distortions in familial belonging storge friendship as a common quest philia romantic desire for personal union eros and concluding with the perfection of divine unconditional love agape Whiting uses the four loves as a framework to interpret the Christian love of God in historical movements across Catholic Orthodox Protestant and Pentecostal Charismatic churches He illuminates the often reactionary and competing tensions swinging between emphases on loving God in liturgical ritual and worship storge the active moral life philia personal spiritual experience eros and approaches of faith to suffering agape Synthesizing a panoramic view of Christian history with philosophy literature and biblical reflection Whiting shows how the love of God is diminished when the loves become fractured He advocates for an integrated holistic love of God that both avoids excesses and challenges the modern narrative of secular progress
