Narrative And Morality A Theological Inquiry:

Narrative and Morality Paul Nelson, 2010-11-01 *Narrative Theology and Moral Theology* Alexander Lucie-Smith, 2016-04-15 Moral thinking today finds itself stranded between the particular and the universal Alasdair MacIntyre's work on narrative discussed here along with that of Stanley Hauerwas and H T Engelhardt aims to undo the perceived damage done by the Enlightenment by returning to narrative and abandoning the illusion of a disembodied reason that claims to be able to give a coherent explanation for everything It is precisely this a theory that holds good for all cases that John Rawls proposed drawing on the heritage of Emmanuel Kant Who is right Must universality be abandoned Must we only think about morality in terms that are relative bound by space and time Alexander Lucie Smith attempts to answer these questions by examining the nature of narrative itself as well as the particular narratives of Rawls and St Augustine Bound and rooted as they are in history and personal experience narratives nevertheless strain at the limits imposed on them It is Lucie Smith's contention that each narrative that points to a lived morality exists against the background of an infinite horizon and thus it is that the particular and the rooted can also make us aware of the universal and unchanging **The Promise of Lutheran Ethics** Karen L. Bloomquist, John R. Stumme, 1998-08-01 Here ten Lutheran theologians explore Lutheran emphases themes and approaches to offer their account of Christian ethics as a way of life in today's world Writing in dialogue they raise foundational concerns of biblical and theological sources and norms of Christian freedom and responsibility of call and social witness of justice and formation in prayer Then in a lively Table Talk the participants discuss and debate the tradition's insights and oversights and show how it might illumine today's burning ethical issues such as homosexuality *The Public Forum and Christian Ethics* Robert Gascoigne, 2001 This book addresses the question of the communication of Christian ethics in the public forum of liberal pluralist societies Drawing on debates in philosophy theology and sociological theory it relates the problem of communication to fundamental questions about the nature of liberal societies and the identity of Christian faith and the Christian community With particular emphasis on Kantian and neo Kantian ethics it explores the link between autonomy and community in liberal societies The theology of *communio* expressed in revealed Christian traditions can reconcile autonomy and community Any Christian attempt to communicate this vision must also reflect on Christianity's own identity especially the ways in which its own self consciousness grows in critical interaction with secularity In this light Christian ethical communication is both a witness to a distinctive identity founded in the revelation of the triune God and a vision of universal human solidarity which can reconcile autonomy and community [Theology and Literature: Rethinking Reader Responsibility](#) G. Ortiz, C. study of Augustine's Confessions a classic narrative of Christian experience written 1600 years ago With insights concerning character the development of integrity and the organic nature of moral experience Confessions provides an excellent example for those wishing to promote a narrative approach to Christian theology In this book Christopher Thompson investigates the impact of Augustine's work on leading figures in narrative ethics including MacIntyre Hauerwas Stroup and Crites He then considers Confessions on the subject of Creation and discusses the influence of this important theological theme on the nature of Christian identity By considering contemporary narrative ethics in light of Augustine's reflections Thompson eloquently reveals that a doctrine of creation is essential for truly understanding the meaning of life Theologians and other religious scholars will find much to their liking in this thought provoking study **Why Narrative?** Stanley Hauerwas, L. Gregory Jones, 1997-10-28 Narrative Theology is still with us to the delight of some and to the chagrin of others Why Narrative is in reprint because it represents what is still a very important question This diverse collection of essays on narrative theology has proven very useful in university and seminary theology classes It is also of great use as a primer for the educated layperson or church study group Jones and Hauerwas have done an excellent job of selecting representative essays that deal with appeals to narrative in areas such as personal identity and human action biblical hermeneutics epistemology and theological and ethical method **Saints and Postmodernism** Edith Wyschogrod, 1990-10-15 Saintliness in Wyschogrod's book is not a nostalgic return to premodern hagiography but a postmodern expression of excessive desire a desire on behalf of the Other that seeks the cessation of another's suffering and the birth of another's joy Publisher

Christian Moral Realism Rufus Black, 2000 Christian Moral Realism describes the shape of a Christian ethic that arises from a conversation between contemporary accounts of natural law theory narrative and virtue ethics and an insistence that any Christian ethic begin with a distinctively Christian description of reality The key partners in this conversation are the leading Christian ethicists Germain Grisez Stanley Hauerwas and Oliver O'Donovan The ethic that emerges from this conversation seeks to resolve the tensions in Christian ethics between creation and eschatology narrative and natural law objectivity and relativity the cultivation of virtue and a focus on the resolution of moral dilemmas In defence of its philosophical foundations this book argues that a thoroughly realist ethic can respect the logical claim that no ought can be derived from is Dr Black moves from this analytic foundation to conclude that worship lies at the heart of a theologically grounded ethic whose central concern is the flourishing of the whole human person in community with both one another and God **What are They Saying about Scripture and Ethics?** William C. Cherry, 2006-04-11 Accounts of natural law moral philosophy and theology sought principles and precepts for morality law and other forms of social authority whose prescriptive force was not dependent for validity on human decision social influence past tradition or cultural convention but through natural reason itself This volume critically explores and assesses our contemporary culture wars in terms of the possibility of natural law moral philosophy and theology to provide a unique content full canonical morality the character and nature of moral pluralism the limits of justifiable national and international policy seeking to produce and preserve human happiness social justice and the common good the ways in which morality moral epistemology and social political reform must be set within the broader context of an appropriately philosophically and theologically anchored anthropology This work will be of interest to philosophers theologians bioethicists ethicists and political scientists

The Hastening that Waits Nigel Biggar, 1993 This book offers a fresh and up to date account of the ethical thought of one of the twentieth century s greatest theologians Karl Barth The author seeks to recover Barth s ethics from some widespread misunderstandings and also presents a picture of them as a whole Drawing on recently published sources Dr Biggar construes the ethics of the Church Dogmatics as it might have been had Barth lived to complete it not only separately in each of its three constituent dimensions but also in its dynamic coinherent integrity However The Hastening that Waits is more than apology and description For it recommends to contemporary Christian ethics the theological rigour with which Barth expounds the good life in terms of the living presence of God in Christ to his creatures his conception of right human action as that which is able to hasten in the service of humanity precisely by waiting prayerfully upon God and his discriminate openness to moral wisdom outside of the Christian church Among the particular topics treated are the concepts of human freedom and of created moral order moral norms and their relation to individual vocation the relative ethical roles of the Bible the Church philosophy and empirical science moral character and its formation and the problem of war

The Ecclesiology of Stanley Hauerwas John B. Thomson, 2017-05-15 This book presents the theological work of Stanley Hauerwas as a distinctive kind of liberation theology John Thomson offers an original construal of this diffuse controversial yet highly significant modern theologian and ethicist Organising Hauerwas corpus in terms of the focal concept of liberation Thomson shows that it possesses a greater degree of coherence than its usual expression in ad hoc essays or sermons John Thomson locates Hauerwas in relation to a wide range of figures including the obvious choices Rauschenbusch Niebuhr Barth Yoder Lindbeck MacIntyre Milbank and O Donovan as well as less expected figures such as Gadamer Habermas Ricoeur Pannenberg Moltmann and Hardy Providing a structured and rigorous outline of Hauerwas intellectual roots this book presents an account of his theological project that demonstrates an underlying consistency in his attempt to create a political understanding of Christian freedom reaching beyond the limitations of the liberal post enlightenment tradition Hauerwas is passionate about the importance of moral discourse within the Christian community and its implications for the Church s politics When the Church is often perceived to be in decline

and an irrelevance Hauerwas proffers a way of recovering identity confidence and mission particularly for ordinary Christians and ordinary churches Thomson evaluates the comparative strengths and weaknesses of Hauerwas argument and indicates a number of vulnerabilities in his project Pope Francis Wall, Barbara E., Faggioli, Massimo, 2019-12-19 The Moral Quest Stanley J. The Christian Case for Virtue Ethics Joseph J. Kotva Jr., 1996-09-01 Despite the growing interest among philosophers and theologians in virtue ethics its proponents have done little to suggest why Christians in particular find virtue ethics attractive Joseph J Kotva Jr addresses this question in The Christian Case for Virtue Ethics showing that virtue theory offers an ethical framework that is highly compatible with Christian morality Kotva defines virtue ethics and demonstrates its ability to voice Christian convictions about how to live the moral life He evaluates virtue theory in light of systematic theology and Scripture arguing that Christian ethics could be profitably linked with neo Aristotelian virtue ethics Ecumenical in tone this book provides a thorough but accessible introduction to recent philosophical accounts of virtue and offers an original explicitly Christian adaptation of these ideas It will be of value to students and scholars of philosophy theology and religion as well as to those interested in the debates surrounding virtue ethics
