Empowered Educators in Australia Dion Burns, Ann McIntyre, 2017-02-22 BEST PRACTICES FROM AUSTRALIA'S HIGH PERFORMING SCHOOL SYSTEMS Empowered Educators in Australia is one volume in a series that explores how high performing educational systems from around the world achieve strong results The anchor book Empowered Educators How High Performing Systems Shape Teaching Quality Around the World is written by Linda Darling Hammond and colleagues with contributions from the authors of this volume The authors of Empowered Educators in Australia take an in depth look at the policies and practices surrounding teaching quality in two different states New South Wales NSW and Victoria NSW offers significant support for government schools in

areas such as staffing and teacher professional development Victoria operates a highly devolved school system Each provides a contrasting view of how federal and state policies combine to shape learning outcomes for students in Australia The interplay between state and federal policy characterizes an intriguing centralizing decentralization Initiatives to create national curricular teaching and teacher education standards all sit in balanced tension with a movement towards greater devolution of authority to schools Together the NSW and Victoria case studies provide insights into policies that can support high quality teaching in a federal education system Australia s current educational reforms place increasing emphasis on issues of teaching quality reshaping teaching as a standards based evidence informed profession and one that seeks to foster collegiality and professional exchange These reforms encompass many aspects of a system that supports teaching quality and highlight the way teachers are trained how they are inducted into the teaching profession and supported with mentors the professional learning they receive how they are appraised on their work and the career pathways for teachers

High-Stakes Testing in Education Theo Eggen,Gordon Stobart,2015-10-14 High stakes educational testing is a global phenomenon which is increasing in both scale and importance Assessments are high stakes when there are serious consequences for one or more stakeholders Historically tests have largely been used for selection or for providing a licence to practise making them high stakes for the test takers Testing is now also used for the purposes of improving standards of teaching and learning and of holding schools accountable for their students results These tests then become high stakes for teachers and schools especially when they have to meet externally imposed targets More recent has been the emergence of international comparative testing which has become high stakes for governments and policy makers as their education systems are judged in relation to the performances of other countries In this book we draw on research which examines each of these uses of high stakes testing The articles evaluate the impact of such assessments and explore the issues of value and fairness which they raise To underline the international appeal of high stakes testing the studies are drawn from Australia Africa the Caribbean Europe former Soviet republics and North America Collectively they illustrate the power of high stakes assessment in shaping for better or for worse policy making and schooling This book was originally published as a special issue of *Assessment in Education Principles Policy Practice*

Questioning the Language of Improvement and Reform in Education Nicole Mockler,Susan Groundwater-Smith,2018-05-11 Questioning the Language of Improvement and Reform in Education challenges the language used in education by linking the language of both the public and professional domains with the changing intentions of the governance of education Exploring various issues which embody the many manifestations of the manner in which strident conservative language has captured the public view of education the book covers topics such as the importance of language in the context of educational practice the media s portrayal of teachers globally the role of students in the face of curriculum reform and the language used in educational policy worldwide The book addresses the ways in which the words improvement and reform have been appropriated and hollowed out by policymakers in order to

justify globalised education policies Using international case studies and reports the authors argue that the employment of specific words masks the reality that new educational policies are regressive and require re examination while perpetuating the illusion that progressive educational practice is being brought to the fore Questioning the Language of Improvement and Reform in Education is a fascinating and original take on this topic which will be of great interest to educational practitioners policymakers and linguists

The Sociopolitics of English Language Testing Seyyed-Abdolhamid Mirhosseini, Peter De Costa, 2020-02-20 Highlighting marginalized but significant perspectives about the sociopolitical essence of English language tests and testing processes worldwide this book explores the social considerations of testing theories and practices from a critical perspective Investigating concerns surrounding power inequalities The Sociopolitics of English Language Testing takes a socially situated view of language assessment bringing sociopolitical understandings of language teaching learning and assessment to the forefront in the field Within the broader discussion of the politics of test use an international team of language and education experts address the issues of ideology diversity power and dominance in English language testing Through socially sensitive theoretical as well as empirical discussion and investigation of English language testing this book offers valuable insights not only to applied linguists and the language education community who have focused on positivistic and cognitively oriented conceptions of language testing but to anyone who wishes to venture beyond the traditional bounds of the field

Assessment in Practice Alicia Curtin, Kevin Cahill, Kathy Hall, Dan O'Sullivan, Kamil Özerk, 2019-10-01 *Assessment in Practice* explores timely and important questions in relation to assessment By examining the relationship between identity culture policy and inclusion the book investigates the conflicted and fractured battleground of assessment and challenges current and practiced understandings of assessment practice The authors encourage the reader to reconceptualise assessment as a sociocultural practice Each chapter studies a key theme in the understanding of assessment policy and practice from a sociocultural perspective and provides questions to prompt reflection on the key assessment concepts outlined in the book Using culture as both a lens and analytic tool the chapters examine topics such as The social order of assessment how assessment works in the world and how learning could be assessed Perspectives on social justice and assessment with a particular focus on social class and other potential inequalities on the experiences of assessment for young people Discussions of ability and the assessment of students with special education needs as well as the role of inclusivity in assessment practice Written by leading academics from University College Cork the third volume in the successful Routledge Current Debates in Educational Psychology series is an essential read for researchers and postgraduate students in educational research and education psychology

The Quest for Revolution in Australian Schooling Policy Glenn C. Savage, 2020-12-29 This book seeks to critically examine the impacts of grand designs in public policy through a detailed historical analysis of Australian schooling reforms since the education revolution agenda was introduced by the federal government in the late 2000s Combining policy analyses and interviews with senior policy makers and ministerial advisors centrally involved in the reforms it offers a detailed interpretive analysis of the complexities of policy evolution and assemblage The book argues that the education revolution sought to impose a new order on Australian schooling by aligning state and territory systems to common policies and processes in areas including curriculum assessment funding reporting and teaching Using a theory and critique of alignment thinking in public policy Savage shows how the education revolution and subsequent reforms have been underpinned by uncritical faith in the power of nationally aligned data evidence and standards to improve policies and unite systems around practices proven to work The result is a new national policy assemblage that has deeply reshaped the making and doing of schooling policy in the nation generating complex questions about who is steering the ship of education into the future The Quest for Revolution in Australian Schooling Policy is a must read for education policy researchers policy makers education ministers and school leaders and will appeal to anyone with an interest in the complex power dynamics that underpin schooling reforms
